

suspend liquidation of all entries of welded large diameter line pipe from Japan that are entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice in the **Federal Register**. We will instruct Customs to require a cash deposit or the posting of a bond equal to the amount by which the NV exceeds the EP, as indicated in the chart below. These suspension-of-liquidation instructions will remain in effect until further notice. The dumping margins are as follows:

Manufacturer/exporter	Margin (percent)
Nippon Steel Corporation (Nippon) .....	30.80
Kawasaki Steel Corporation (Kawasaki) .....	30.80
All Others .....	30.80

**ITC Notification**

In accordance with section 733(f) of the Act, we have notified the ITC of our determination. If our final antidumping determination is affirmative, the ITC will determine whether these imports are materially injuring, or threaten material injury to, the U.S. industry. The deadline for that ITC determination would be the later of 120 days after the date of this preliminary determination or 45 days after the date of our final determination.

**Public Comment**

Case briefs must be submitted no later than 50 days after the publication of this notice in the **Federal Register**. Rebuttal briefs must be filed within five days after the deadline for submission of case briefs. A list of authorities used, a table of contents, and an executive summary of issues should accompany any briefs submitted to the Department. Executive summaries should be limited to five pages total, including footnotes. Public versions of all comments and rebuttals should be provided to the Department and made available on diskette.

Section 774 of the Act provides that the Department will hold a hearing to afford interested parties an opportunity to comment on arguments raised in case or rebuttal briefs, provided that such a hearing is requested by any interested party. If a request for a hearing is made in an investigation, the hearing will tentatively be scheduled for two days after the deadline for submission of the rebuttal briefs, at the U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230. In the event that the Department receives requests for hearings from parties to more than one large diameter line pipe

case, the Department may schedule a single hearing to encompass all cases. Parties should confirm by telephone the time, date, and place of the hearing 48 hours before the scheduled time.

Interested parties who wish to request a hearing, or to participate if one is requested, must submit a written request within 30 days of the publication of this notice. Requests should specify the number of participants and provide a list of the issues to be discussed. Oral presentations will be limited to issues raised in the briefs.

If this investigation proceeds normally, we will make our final determination in this investigation no later than 75 days after the date of this preliminary determination.

This determination is published pursuant to sections 733(f) and 777(i)(1) of the Act.

Dated: June 19, 2001.

**Application for Duty-Free Entry of Scientific Instrument**

Pursuant to section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether an instrument of equivalent scientific value, for the purposes for which the instrument shown below is intended to be used, is being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be filed within 20 days with the Statutory Import Programs Staff, U.S. Department of Commerce, Washington, DC 20230. Applications may be examined between 8:30 a.m. and 5:00 p.m. in Room 4211, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC.

*Docket Number:* 01-001R. *Applicant:* St. Louis Science Center, 5050 Oakland Avenue, St. Louis, MO 63110. *Instrument:* Universal Planetarium, Universarium Model IX. *Manufacturer:* Carl Zeiss, Germany. *Intended Use:* Original notice of this resubmitted

application was published in the **Federal Register** of February 8, 2001.

[Docket No. 980911236-0314-03]

**RIN 0693-ZA22**

**Announcing Approval of Federal Information Processing Standard (FIPS) 140-2, Security Requirements for Cryptographic Modules**

**AGENCY:** National Institute of Standards and Technology (NIST), Commerce.

**ACTION:** Notice.

**SUMMARY:** The Secretary of Commerce approves FIPS 140-2, Security Requirements for Cryptographic Modules, which supersedes FIPS Standard 140-1, and makes it compulsory and binding on Federal agencies for the protection of sensitive, unclassified information, FIPS 140-1, which was first published in 1994, specified that it would be reviewed within five years. FIPS 140-2 is the result of the review and replaces FIPS 140-1.

**DATE:** This standard is effective November 25, 2001.

**FOR FURTHER INFORMATION CONTACT:** Mr. Ray Snouffer, (301) 975-4436, National Institute of Standards and Technology, 100 Bureau Drive, STOP 8930, Gaithersburg, MD 20899-8930.

A copy of FIPS 140-2 is available electronically from the NIST website at: <<http://csrc.nist.gov/cryptval/>>

**SUPPLEMENTARY INFORMATION:** FIPS 140-1, Security Requirements for Cryptographic Modules, first issued in 1994, identified requirements for four security levels for cryptographic modules to provide for a wide spectrum of data sensitivity (e.g., low value administrative data, million dollar funds transfers, and life protecting data), and a diversity of application environments. Over 140 modules have been tested by accredited private-sector laboratories and validated to-date as conforming to this standard. The standard provided that it be reviewed within five years to consider its continued usefulness and to determine whether new or revised requirements should be added.

A notice was published in the **Federal Register** (63 FR 56910) on October 23, 1998, soliciting public comments on reaffirming FIPS 140-1. The comments supported reaffirming FIPS 140-1 with technical modifications to address advances in technology since FIPS 140-1 was issued. A notice was published in the **Federal Register** (64 FR 62654) on November 17, 1999, soliciting public comments on proposed FIPS 140-2, a revision of FIPS 140-1 making such technical modifications. The comments received (available at <http://csrc.nist.gov/cryptval/>) supported the issuance of proposed FIPS 140-2 with technical and editorial changes. None of them opposed the proposed revision of FIPS 140-1.

The Secretary of Commerce, after making appropriate revisions to proposed FIPS 140-2, approves it, and makes it compulsory and binding on Federal agencies for the protection of sensitive, unclassified information.

**Authority:** Under Section 5131 of the Information Technology Management Reform Act of 1996 and the Computer Security Act of 1987, the Secretary of Commerce is authorized to approve standards and guidelines for the cost effective security and privacy of sensitive information processed by federal computer systems.

E.O. 12866: This notice has been determined to be significant for the purposes of E.O. 12866.

Dated: June 21, 2001.

**Karen H. Brown,**

*Acting Director, NIST.*

### National Institute of Standards and Technology

#### Cryptographic Key Management Workshop

**AGENCY:** National Institute of Standards and Technology (NIST), Commerce.

**ACTION:** Notice of public workshop.

**SUMMARY:** The National Institute of Standards and Technology (NIST) announces a workshop to discuss the development of Cryptographic Key Management guidance for Federal Government applications. The workshop will be held to review and discuss draft documentation that will be available prior to the workshop.

**DATES:** The Key Management Workshop will be held on November 1-2, 2001, from 9 a.m. to 5 p.m.

**ADDRESSES:** The Key Management workshop will be held in the

Administration Building (Bldg. 101), Lecture Room A, National Institute of Standards and Technology, Gaithersburg, MD.

**FOR FURTHER INFORMATION CONTACT:**

Further information may be obtained from the Key Management web site at <http://www.nist.gov/kms> or by contacting Elaine Barker, National Institute of Standards and Technology, Building 100 Bureau Drive, Stop 8930, Gaithersburg, MD 20899-8930; telephone 301-975-2911; Fax 301-948-1233, or email [ebarker@nist.gov](mailto:ebarker@nist.gov).

**SUPPLEMENTARY INFORMATION:** Electronic Commerce needs well-established cryptographic schemes that can provide such services as data integrity and confidentiality. Symmetric encryption schemes such as Triple DES, as defined in FIPS 46-3, and the Advanced Encryption Standard (AES) make attractive choices for the provision of these services. Systems using symmetric techniques are efficient, and their security requirements are well understood. Furthermore, these schemes have been or will be standardized to facilitate interoperability between systems. However, the implementation of such schemes requires the establishment of a shared secret key in advance. As the size of a key management system or the number of entities using a system grows, the need for key establishment can lead to a key management problem.

In 1997, NIST announced plans to develop a public key-based key management standard and solicited comments from the public. In February of 2000, a public workshop was held to examine key establishment techniques that are currently available and to discuss the approach to the development of a Key Management Standard for Federal Government use. The workshop attendees suggested (1) the development of a "framework" document that discusses the documents to be developed and their proposed content, (2) the identification of key establishment schemes, and (3) the development of key management guidance.

Following the workshop, the framework document was prepared and made available for review on the Key Management web page (<http://www.nist.gov/kms>). A key establishment scheme definition document and a key management guidance document are currently under development. Initial drafts of these documents will be made available on the Key Management web page at least one month prior to the workshop and

will be the subjects under discussion during that workshop.

For planning purposes, advance registration is encouraged. To register, please fax your name, address, telephone, fax and e-mail address to 301-926-2733 (Attn: Key Management Workshop) by October 19, 2000. Registration questions should be addressed to Vickie Harris on 301-975-2034. Registration will also be available at the door, space permitting. The workshop will be open to the public and is free of charge.

**Authority:** This work is being initiated pursuant to NIST's responsibilities under the Computer Security Act of 1987, the Information Technology Management Reform Act of 1996, Executive Order 13011, and OMB Circular A-130.

Dated: June 21, 2001.
