The proposed agenda for the tenth, eleventh, and twelfth meetings of the Committee may contain the following items: Approval of Meeting Summary from Last Meeting, Subcommittee and Members' Updates since Last Meeting, Alternatives Discussions, NEPA Update, and Public Comment. However, the Committee may modify its agenda during the course of its work. The meetings are open to the public. SUPPLEMENTARY INFORMATION: The Committee's function is to assist directly in the development of special regulations for management ORVs at the Seashore. Executive Order 11644, as amended by Executive Order 11989, requires certain Federal agencies to publish regulations that provide for administrative designation of the specific areas and trails on which ORV use may be permitted. In response, the NPS published a general regulation at 36 CFR 4.10, which provides that each park that designates routes and areas for ORV use must do so by promulgating a special regulation specific to that park. It also provides that the designation of routes and areas shall comply with Executive Order 11644, and 36 CFR 1.5 regarding closures. Members of the Committee will negotiate to reach consensus on concepts and language to be used as the basis for a proposed special regulation, to be published by the NPS in the **Federal Register**, governing ORV use at the Seashore. The duties of the Committee are solely advisory.

Dated: October 30, 2008.

Superintendent, Cape Hatteras National Seashore.

SUPPLEMENTARY INFORMATION: In 1991, the Architectural and Transportation Barriers Compliance Board (Access Board) issued the Americans with Disabilities Act (ADA) Accessibility Guidelines for Transportation Vehicles (36 CFR part 1192). The guidelines have not been updated since they were issued, except for modifications for over-the-road buses in 1994. The Access Board began the process of updating the guidelines by publishing a first draft of revisions to subparts A and B of 36 CFR part 1192 on April 11, 2007 (72 FR 18179, April 11, 2007). The first draft contained revisions to general provisions, buses, and vans. Changes were proposed to accommodate new technology and vehicles, and new system designs, particularly bus rapid transit. Over 80 comments were received on the first draft. Those comments were considered in developing the second draft.

After issuing the guidelines in 1991, the National Highway Traffic Safety Administration (NHTSA) issued regulations for lifts on non-rail vehicles. The Access Board will coordinate its rulemaking with NHTSA to ensure consistency with those regulations.

The Access Board is making the second draft of the revisions to the guidelines and supplemental information available for public review and comment prior to issuing a notice of proposed rulemaking to update the guidelines. Comments on the draft revisions will be considered by the Access Board in developing a notice of proposed rulemaking to update the guidelines, which will also be open for public comment. The draft revisions to the guidelines and supplementary information are available on the Access Board's Web site (<http://www.access->

board.gov/vguidedraft2.htm). Copies may also be obtained by contacting the Access Board at (202) 272-0080. Persons using a TTY should call (202) 272-0082. The documents are available in alternate formats upon request. Persons who want a copy in an alternate format should specify the type of format (cassette tape, Braille, large print, or ASCII disk).
