

Exceptional Family Member Program (EFMP) Enrollment Information

Soldiers should ensure information for Family Members enrolled in the Army's Exceptional Family Member Program (EFMP) remains current by updating their records at least every three years or when health conditions change. When Soldiers who have Family Members enrolled in EFMP and are nominated for assignments, HRC career managers coordinate with gaining commands and use the information to determine whether medical services are available for the EFMP member.

Soldiers can update their EFMP enrollment by contacting Winn Army Community Hospital EFMP office located between the Pediatric and ENT Clinic at Winn Army Community Hospital (WACH). The address is:
