Rates are per 100,000 and age-adjusted to the 2000 U.S. standard by 5-year age groups.

~ Statistic could not be calculated. APC based on less than 10 cases for at least one year in within the time interval.

^ Rate not displayed due to less than 25 cases.

\* The APC is significantly different from zero (p<0.05).

# Hispanics are not mutually exclusive from Whites, Blacks, Asian or Pacific Islanders, and American Indians or Alaskan Natives.

\*\* Rates for these cancer sites are sex-specific.

Mortality data for Hispanics does not include cases from Connecticut, New Hampshire, New York or Oklahoma.
