

Building 677 open for business!

[Click here for larger photos](#)

On December 18, 2012 Camp Parks Garrison Commander LTC (P) David James with the Garrison Command Sgt. Maj. Patrick McKie, DPTMS Director Richard Fielder and Training Management Coordinator Jose Rodriguez ceremoniously cut the ribbon to open building 677 for official use.

The building is primarily used for After Action Reviews and classroom purposes and can accommodate one hundred and forty four personnel with tables and chairs. There are four plug and play laptop compatible projectors with four large screens and the building is equipped with room dividers to allow two separate classrooms.
