Table of Contents	i
Table of Figures	ii
Table of Tables	iv
Section 1 · Overview	
1.1 Purpose of report	1-1
1.2 General methodology	1-1
1.3 Overview of industry segments	1-2
Section 2 · Space Transportation	
2.1 Overview of trends, drivers, and events	2-1
2.2 U.S. and world launches, 1996-2002	2-2
2.3 U.S. & world commercial launch trends	2-6
2.4 Launch sites	2-14
2.5 Selected references	2-18
Section 3 · Satellite Communications	
3.1 Overview of trends, drivers, and events	3-1
3.2 Transponder leasing	3-3
3.3 Retail/subscription satellite services	3-6
3.4 Ground equipment	3-8
3.5 World commercial communications satellites on orbit	3-11
3.6 Satellite manufacturing	3-12
3.7 Proposed satellite systems	3-15
3.8 Selected references	3-17
Section 4 · Remote Sensing	
4.1 Overview of trends, drivers, and events	4-1
4.2 U.S. and world commercial imagery sales	4-4
4.3 Current and future U.S. and world remote sensing satellite systems	4-7
4.4 Selected references	4-13
Section 5 · G.P.S.	
5.1 Overview of trends, drivers, and events	5-1
5.2 U.S. and world commercial GPS user equipment sales	5-2
5.3 U.S. and world commercial GPS units sold	5-6
5.4 Sample U.S. and world producers of GPS equipment	5-8
5.5 Sample related GPS companies	5-10
5.6 Selected references	5-11
