Basics

CM/ECF is the case management and electronic document filing system for the federal courts. It provides federal courts with enhanced and updated docket management and it allows courts to maintain case documents in electronic form. Each court has the option of permitting case documents -- motions, notices, orders, etc. -- to be filed with the court over the Internet.

This manual provides instructions on how to use the Electronic Case Filing (ECF) portion of this system to file documents with the court, as well using the Case Management (CM) part to view and retrieve docket sheets and documents for all cases assigned to this system. Users should have a working knowledge of web browsers and Adobe Acrobat Reader.

Basics - Electronic Access

A key feature of the CM/ECF system is that it provides unprecedented access to up-to-the-second docket sheets as well as to the documents themselves over the Internet through the Court's electronic filing web site. Please note that only those cases that have been designated as ECF cases and have documents filed electronically will be able to provide access to the document as well as the docket sheet.

Basics - Electronic Filing

Another key feature of the CM/ECF system is that it accepts documents filed electronically over the Internet.

Basics - Electronic Noticing

A third key feature of the CM/ECF system is that it provides immediate e-mail notices to all counsel involved in a case and the court whenever a document is filed. To receive electronic notice of filings, attorneys must be registered to file electronically and must have the e-mail noticing feature of their Court account turned on.

Basics - Fees

Electronic access to court data by the public is available through the Public Access to Court Electronic Records (PACER) program. Attorneys and litigants receive one free copy of documents filed electronically in their cases within 14 days of filing; additional copies are available for viewing or downloading at seven cents per page. Directed by Congress to fund electronic access through user fees, the judiciary has set the fee at the lowest possible level sufficient to recoup program costs.

Basics - Signatures

The Clerks Office will issue login ID's and passwords for CM/ECF. Instead of physically signing documents, CM/ECF users must type "s/" followed by their

name on the signature line. For example, attorneys shall file documents electronically with signatures indicated as "s/Jane Doe" or "s/John Doe". This in combination with your login and password constitutes your signature when filing a document.

Basics - Sealed Documents

Sealed documents are to be filed electronically using the "Sealed" menus. Pursuant to General Order 2004- you must have an order from the Judge that allows for the electronic filing of sealed documents in any case prior to filing. See page 15 for details.

Basics - User Interactions

There are three general types of user interactions allowed by the system:

- Entering information in data fields
- Using command buttons to direct system activities
- Mouse-clicking on hyperlinks

Basics - Conventions used in this Manual

- Data to be entered by the user is shown enclosed in angle brackets: <data to be entered>.
- Buttons are represented in this manual in [bracketed boldface type].
- Hyperlinks are represented in <u>underlined boldface type</u>.

Basics - Windows Terminology

There are several Windows features that you will see throughout CM/ECF.

Feature	Example	Function
Hyperlink	Lead Docket: <u>0:01-cv-000C5-EJD</u> Related Cases None d ^{Im}	Clicking on a hyperlink will take you to the link.
Button	Next	Click once to perform the function listed.
Drop Down List	Month December Year January February March Abril Abril n Report May June July August September October November December December	Click on the down arrow to activate the drop down list. Make your selection by left mouse clicking on the option once.

List Box	Nature ofsuit C (zero) 100 (Contract- Constr)	Scroll through this list using the up or down arrows. Make your selection by left mouse clicking on the option once. These menus will allow multiple selections by holding down the Control (Ctrl) button on the keyboard and left clicking the items to be included.
Radio Button	© Filed © Submitted © Under advisement	Click on the option you want. You may only select one.
Check Box	Show deadlines and filing dates Show docket text and related filings	Check/uncheck each item to turn it on/off. Multiple check boxes can be selected.

Basics - Selecting Multiple Items (Ctrl-Click)

The Windows Operating system allows you to select multiple items by using the Control-Click (Ctrl-Click) method. CM/ECF takes advantage of this feature. For menu options that allow it, you can select multiple items by:

1. Left click once on the first item you want to select

2. Hold down the Control key (Ctrl) on your keyboard and simultaneously select the next item you want by left clicking it with the mouse

3. You can select additional items by repeating step 2.

Basics - User Manual

You can download or view the most recent version of the CM/ECF Users Manual for Attorneys (in PDF format) from the Court's public website at <u>http://www.uscfc.uscourts.gov</u>.

Basics - General Navigation

Many screens have the following two buttons:

- Clear clears all characters entered in the box(es) on that screen.
- Next accepts the entry just made and displays the next entry screen, if any.

Basics - Correcting a Mistake

Use the Back button on the Netscape toolbar to go back and correct an entry made on a previous screen. Docket transactions are not complete until the final "Next" button is clicked. However, once the document is transmitted to the court, only the court can make changes or corrections.

Basics - Documents Filed In Error

The most common errors in electronic filing are:

- Posting the wrong PDF file to a docket entry
- Selecting the wrong document type from the menu
- Entering the wrong case number and not discovering the error before completing the transaction.

The ECF system does not permit you to change the misfiled document(s) or incorrect docket entry after the transaction has been accepted.

Contact the Clerks Office at 202-219-9657 immediately to report the error. You will need to provide the case and document numbers for the document requiring correction. You will be advised of any action you should take.

Basics - How to Access the System

Attorneys can access CM/ECF via the Internet by using Netscape to go to <u>https://ecf.cofc.uscourts.gov</u>. The training database is located at <u>https://ecf-train.cofc.uscourts.gov</u>.

Basics - CM/ECF User Assistance

For assistance with CM/ECF, you can contact the Court's CM/ECF User Assistance unit between the hours of 9:00 a.m. and 5:00 p.m., Monday through Friday. The toll free number is 866-784-6273. The local number is 202-219-9942.

Basics - Hardware and Software Requirements

Filers will need the following hardware and software to file documents in the CM/ECF electronic filing system:

- A personal computer running a standard platform such as Windows, Macintosh or Linux.
- A PDF-compatible word processor like WordPerfect, Word or OpenOffice.org.
- Internet service.
- Netscape Navigator version 4.7x or 7.0x or Internet Explorer 5.5 or 6.0.
- Software to convert documents from a word processor format to portable document format (PDF).
- Adobe Acrobat Reader, which is available for free, is needed for viewing PDF documents.
- A scanner may be necessary to create electronic images of documents that are not available in electronic format. Note, scanning should be used only when an electronic version cannot be created. Scanned PDF files are considerably larger than PDF files created by electronic means.

Basics - PACER Registration

ECF users must have a PACER account with the Court in order to use the Query and Report features of the ECF system. If you do not have a PACER login, contact the PACER Service Center to establish an account. You may call the PACER Service Center at (800) 676-6856 or (210) 301-6440 for information or to register for an account. Also, you may register for PACER online at <u>http://pacer.psc.uscourts.gov</u>.

Basics - Attorney Registration and Certification

In order to file documents electronically and to receive e-mail notices of documents that are filed, attorneys must be admitted to practice before the Court and must be registered to file electronically. Additionally, attorneys must pass an on-line certification test.

Upon registration and certification, attorneys will be provided with a CM/ECF login ID and password that will allow access to the system. The login ID and password will also serve as the attorney's signature for all documents that are filed electronically. The Attorney Registration Form and Attorney Certification test can be found on the court's public web site at <u>http://www.uscfc.uscourts.gov</u> in the Electronic Filing section.

Once an account has been established, your login ID and password will be sent to you by the Office of the Clerk. Registered users can visit a training version of the system on the Internet at <u>https://ecf-train.cofc.uscourts.gov</u> to practice ECF activities. We strongly recommend that registered users practice in the "training" ECF database before filing documents in the "live" ECF database.

Basics - Setting Up the Acrobat PDF Reader

Users must set up Adobe's Acrobat Reader software in order to view documents that have been electronically filed on the system. All filings must be filed in PDF format. When installing this product, please review and follow Adobe's directions to utilize Acrobat Reader after installation.

Basics - Portable Document Format (PDF)

Only PDF (Portable Document Format) documents may be filed with the court using the ECF system. Before sending the file to the court, users should preview the PDF formatted document to ensure that it appears in its entirety and in the proper format.

You must convert all of your documents to PDF format before submitting them to the Court's Electronic Case Filing (ECF) system. The conversion process requires special software such as Adobe Acrobat Writer or FinePrint pdfFactory. WordPerfect versions 9 and 10 have Acrobat Writer built-in and can also be used to convert documents to PDF.

Basics - Limitations on Attachments

Electronic attachments shall not exceed 4M per PDF file. For documents over 50 pages, a paper copy must be provided to chambers. Additional courtesy copies might be required per instructions by judge. See court Rules and General Orders for additional guidelines.

Basics - How to View a PDF File

- Start the Adobe Acrobat program.
- Go to the *File* menu and choose *Open*.
- Click on the location and file name of the document to be viewed.
- If the designated location is correct, and the file is in PDF format, Adobe Acrobat loads the file and displays it on the screen.
- If the displayed document is larger than the screen or consists of multiple pages, use the scroll bars to move through the document.
- Click on the *View* menu for other options for viewing the displayed document. Choose the option that is most appropriate for the document.

Basics - Scanned PDF Documents

The court recommends that scanning be used as a last resort. You should try to create PDF documents electronically by using a PDF writing program such as

Adobe Acrobat Writer. Scanned documents are significantly larger electronically created PDF documents.

If you need to scan a document, use the following guidelines to minimize the size of your scanned document:

- Scan at 200 dpi resolution
- Scan as Black & White, not Color or Grayscale
- Scan to PDF format

Basics - A Step-By-Step Guide

Below is a step-by-step guide for entering the system, preparing a document for filing, filing a motion or application, and displaying a docket sheet. We suggest that you go through the steps on the training data base before trying to actually file a document.

Basics - How to Access the System Users can get into the system via the Internet by going to https://ecf.cofc.uscourts.gov

You may also go to the Court's web site at <u>www.uscfc.uscourts.gov</u> and click on the Electronic Case Filing hyperlink. Click on U.S. Court of Federal Claims link to open the login screen and login to ECF. Users can access the Training Database by going to <u>https://ecf-train.cofc.uscourts.gov</u>.

Basics - Selecting ECF Features

ECF provides the following features that are accessible from the Blue menu bar at the top of the opening screen.

Civil- Select Civil to electronically file all civil case filings, motions, and other court documents.

Criminal- The Criminal portions of CM/ECF have been deactivated for the Court of Federal Claims.

Query- Query ECF by specific case number, party name, or nature of suit to retrieve documents that are relevant to the case. You must login to PACER before you can query ECF.

Filing

Registered filers will use the Civil feature of ECF to electronically self-file and docket with the Court a variety of filings. This section of the manual describes the basic steps that you need to take in order to file a single motion with the Court. The process is consistent regardless of the event.

Civil - Filing a Complaint/Petition

The Court will not accept complaints filed electronically. Complaints must be filed in the traditional manner. If the case meets the criteria for electronic filing, the Clerk's Office will scan the complaint, open the case as an ECF case, and notify all parties.

Civil - Filing Documents for Civil Cases

There are eight basic steps involved in filing a document:

- 1. Select the type of document to file (see Attorney Event Menu);
- 2. Enter the case number in which the document is to be filed;
- 3. Designate the party(s) filing the document;
- 4. Specify the PDF file name and location for the document to be filed.
- 5. Add attachments, if any, to the document being filed.
- 6. Modify docket text as necessary
- 7. Submit the filing to ECF
- 8. Receive notification of electronic filing

After successfully logging into ECF, follow these steps to file a filing.

1. Select the type of document to file

Select Civil from the blue menu bar at the top of the ECF screen. The Civil Event window opens displaying a list of menus containing all of the events from which you may choose for your filing. This section of the User's Manual describes the process for filing a Motion in ECF. The process is similar for filing other filings in ECF.
