Monthly Trade Statistics Coming to You Sooner

Starting in early March, monthly trade statistics will be available to you approximately one week earlier than in 2012. The first accelerated report on U.S. international trade in goods and services will cover January and be released on March 7 by the U.S. Bureau of Economic Analysis and the U.S. Census Bureau. Business people and government officials can use the timelier statistics to inform their economic analysis and decision-making.
