SECRETARY'S MESSAGE

The pages that follow document the American Battle Monuments Commission's fiscal year 2010 operations. One of the most significant milestones of the year was achieved with President Obama's appointment of eight members of our board of commissioners in July 2010. Appointed were:

- General **Merrill A. McPeak**, USAF (Ret), elected chairman of the board in June 2011, served as chief of staff of the Air Force from 1990 to 1994. A career fighter pilot, he flew 269 combat missions in Vietnam and performed as a member of the Air Force's elite aerobatic team, the Thunderbirds.
- **Darrell Dorgan** has served as executive director of the North Dakota Cowboy Hall of Fame since 1997. He spearheaded the effort to build the western heritage center that was named the Cowboy Museum of the Year for 2010. Prior to that he spent two and a half decades in journalism. He is a Vietnam veteran.
- Sergeant Major **John L. Estrada**, USMC (Ret) was the 15th Sergeant Major of the Marine Corps from June 2003 to April 2007, prior to stepping down from the position in 2007 after 34 years of service. He is a veteran of Operation Iraqi Freedom and Operation Southern Watch.
- Brigadier General **Pat Foote**, USA (Ret) was the first woman Army officer to command a brigade in Europe and the first appointed Army Deputy Inspector General for Inspections. She served on the American Battle Monuments Commission from 1994 to 2001 and was a member of its World War II Memorial Committee.

Max Cleland

ABMC Staff Photo

- **Rolland Kidder** also served on the American Battle Monuments Commission from 1994 to 2001 and as a member of the World War II Memorial Committee. A Vietnam veteran, he is the author of "A Hometown Went to War," an oral history of 37 veterans describing their experiences during World War II.
 - Colonel **Dick Klass**, USAF (Ret), flew over 200 combat missions in Vietnam as a forward air controller. Following retirement from the Air Force he held several senior positions with U.S. aerospace and consulting firms. He is a Rhodes Scholar and served as a White House Fellow.
 - Ambassador **Constance Morella** served as a Maryland congresswoman for 16 years on the Committees on Science and Government Reform as well as Chair of the Subcommittees on Technology and the District of Columbia. She also served as ambassador to the Organization for Economic Cooperation and Development.
 - Former captain **Maura Sullivan** served over five years on active duty in the U.S. Marine Corps as a logistics and operations officer, including deployment to Fallujah, Iraq in 2005 in support of Operation Iraqi Freedom. She graduated from Harvard in 2009 and joined PepsiCo's Leadership Development Program.
- In December 2010 and July 2011, the President appointed two additional members to the board:
- Dr. **Barbaralee Diamonstein-Spielvogel** is vice chair of the New York State Council on the Arts and a former member of the U.S. Commission of Fine

North Africa Cemetery

Arts, the first woman vice chair in its 100-year history. She is the author of 20 books, producer of nine television series, and curator of seven international museum exhibitions.

- Former Congressman **Ike Skelton** served the State of Missouri in the U.S. House of Representatives for 34 years, where he chaired the Armed Services Committee. Before serving in Congress, he was a state senator and a special assistant attorney general in Missouri.

We are privileged to have these distinguished Americans, with many years of public service to their credit, providing policy oversight of our noble mission to

commemorate the service, achievements and sacrifice of U.S. armed forces. Their credentials will serve the American people well as our many initiatives to better tell the story of those buried and memorialized at our cemeteries and memorials evolve.

I would like to use the rest of this message to highlight some of the significant events and initiatives we have undertaken since the end of the last fiscal year.

The Commission has interpretive projects underway at four cemeteries and two memorials: Cambridge cemetery in England, Sicily-Rome cemetery in Italy, Meuse-Argonne cemetery in France, and Flanders Field cemetery in Belgium; and the Pointe du Hoc Ranger

Monument in France and Honolulu Memorial in Hawaii. New visitor centers will be built at Cambridge and Sicily-Rome, recognizing the potential for visitor growth at these sites near major tourist destinations. At Meuse-Argonne, Flanders Field and Pointe du Hoc, existing visitor facilities will be renovated to enhance our visitor services.

At the Honolulu Memorial, we are installing lifts to provide accessibility to all levels of the memorial's Courts of the Missing. We also will construct new pavilions that will allow us to add Vietnam War battle maps to those already on site documenting World War II in the Pacific and the Korean War. And we have begun discussions with the Department of Veterans Affairs to include interpretive space within its new administration building to tell the story of those memorialized in the Courts of the Missing.

Concurrently, we awarded a contract to produce 18 interactive educational programs for our website over the next five years that will enable researchers, students and military history buffs to explore in depth the World War I and World War II military campaigns associated with our cemeteries. Interactive programs on the Normandy Campaign and the Battle of Pointe du Hoc are available on the website today. We plan to supplement these programs online with virtual tours of our commemorative sites. It's an ambitious program but one that we undertake with enthusiasm as we work to fulfill the promise of our first chairman, General of the Armies John J. Pershing, that "Time will not dim the glory of their deeds."

An important part of remembering is preserving our heritage sites. On June 6, 2011, we gathered at Pointe du Hoc to commemorate the 67th anniversary of the D-Day landings and the reopening to the public of the Ranger Monument and German observation bunker. This iconic site was in danger of sliding inexorably into the English Channel as a victim of cliff erosion. Mother Nature was winning that battle and the Pointe had been closed to the public for 10 years. We completed a \$4.8 million cliff stabilization project in March 2011. We could not have allowed this historic site and the courage and sacrifice it represents to be lost to future generations.

We were honored to have in attendance at the June 6th ceremony dozens of World War II veterans, including 12 who landed on D-Day; Senator John Kerry; a delegation of U.S. Representatives, led by Congressman Tim Murphy; U.S. Ambassador to France Charles Rivkin; French Undersecretary to the Minister of National Education, Youth and Associative Life Jeanette Bougrab; the ABMC board of commissioners; former Congressman Chet Edwards, who was instrumental in appropriating funds for the project; family members of the late James Earl Rudder, D-Day commander of the 2nd Ranger Battalion; National Commander of the American Legion Jimmie Foster; and many more French and American dignitaries and guests. It was a wonderful event that commemorated a turning point battle of World War II and marked a significant engineering achievement by this commission.

Our thanks are extended once again to the AMVETS and the McCormick Foundation for the donation of a carillon to Brookwood American Cemetery in England, which was received during a June 2011 ceremony. This was the 19th carillon presented by the two organizations and we remain grateful for their generosity and patriotism. And we thank the Administration and the Congress for the support and resources they provide each year that enable us to accomplish our commemorative mission on behalf of the nation and the American people.

We have much to be proud of as an agency but much more work still to do before we truly can live up to General Pershing's promise, which inspires and challenges our ABMC team each and every day.

Godspeed.
Max Cleland

Normandy Reflecting Pool

The American Battle Monuments Commission—guardian of America’s overseas commemorative cemeteries and memorials—honors the service, achievements, and sacrifice of United States Armed Forces.

MISSION AND ORGANIZATION

The American Battle Monuments Commission (the Commission) — guardian of America's overseas commemorative cemeteries and memorials — honors the service, achievements and sacrifice of the United States armed forces. Since 1923, the Commission has executed this mission by (1) commemorating the achievements and sacrifices of America's armed forces through the erection and maintenance of suitable memorial shrines in the U.S. when authorized by Congress and where they have served overseas since April 6, 1917; (2) designing, constructing, operating, and maintaining permanent American military burial grounds in foreign countries; and (3) controlling the design and construction on foreign soil of U.S. military memorials, monuments, and markers by other U.S. citizens and organizations, both public and private, and encouraging their maintenance. The Commission's fiscal year 2010 appropriation supported its continued commitment to the worldwide responsibilities that flow from this mission.

In performance of its mission, the Commission administers, operates, and maintains 24 permanent American military cemeteries; 25 federal memorials, monuments, and markers; and seven nonfederal memorials. Three memorials are located in the United States; the remaining memorials and all of the Commission's cemeteries are located in 14 foreign countries, the U.S. Commonwealth of the Northern Mariana Islands, and the British dependency of Gibraltar. These cemeteries and memorials are among the most beautiful and meticulously maintained shrines in the world. The Commission's World War I, World War II, and Mexico City cemeteries are closed to future burials except for the remains of U.S. war dead discovered in World War I and II battle areas.

In addition to grave sites, the World War I and II cemeteries, together with three memorials on U.S. soil, commemorate by name on Tablets of the Missing those U.S. service members who were missing in action or

lost or buried at sea during the First and Second World Wars and the Korean and Vietnam Wars.

The Commission also administers trust funds to (1) build memorials authorized by Congress, but financed primarily from private contributions, commemorative coin proceeds, and investment earnings; (2) decorate grave sites with flowers from private contributions; and (3) maintain and repair nonfederal war memorials with private contributions.

During fiscal year 2010, the Commission continued to ensure that its commemorative cemeteries and memorials remain fitting shrines to those who have served our nation in uniform since America's entry into World War I.

The Commission's policy-making body consists of up to an 11-member Board of Commissioners appointed by the President of the United States for an indefinite term and whose members serve without pay. The commissioners establish policy and ensure proper staff functioning in carrying out the mission of the Commission. During inspection visits to Commission cemeteries, they observe, inquire about, comment upon, and make recommendations on any and all aspects of Commission operations. The Administration had appointed 8 members to the Board of Commissioners by the close of the fiscal year. The Commission's daily operations are directed by an Executive Level Secretary, who is appointed by the President and assisted by a Chief of Staff.

The Commission's headquarters office is in Arlington, Virginia and an Overseas Operations Office is located in Garches, France, just outside Paris. For fiscal year 2010, the Commission had a total of 409 full-time equivalent (FTE) positions. U.S. citizens constituted 72 members of the staff, while the remaining 337 were locally engaged staff employed at the Commission's regional offices and at the cemeteries in the countries where the Commission operates.

Henri-Chapelle Cemetery

OPERATIONS MANAGEMENT

Operations management activities in fiscal year 2010 focused on funding salaries and benefits, service fees, scheduled maintenance and repairs, supplies, materials, spare parts, replacement of uneconomically repairable equipment, and capital improvements.

For fiscal year 2010, the Commission received \$62,675,000 from appropriations in its Salaries and Expenses account. The Commission's Foreign Currency Fluctuation Account appropriation for fiscal year 2010 contained "such sums as may be necessary" language. For fiscal year 2010, the Commission estimated \$20,200,000 be used to offset currency exchange losses.

The Commission has received funding for engineering, maintenance and horticulture programs that make the Commission's facilities among the most beautiful memorials in the world. These shrines to America's war dead require a formidable annual program of maintenance and repair of facilities, equipment, and grounds.

The Commission prioritizes the use of its engineering, maintenance and horticulture funds carefully to ensure the most effective and efficient utilization of its available resources. This care includes upkeep of more than 131,000 graves and headstones and 73 memorial structures (within and external to the cemeteries) on approximately 1,650 acres of land. Additionally, the Commission maintains 65 visitor facilities and quarters for assigned personnel; 67 miles of roads and paths; 911 acres of flowering plants, fine lawns, and meadows; 3 million square feet of shrubs and hedges; and 11,000 ornamental trees.

Fiscal Year 2010 Obligations by Object Class

Care and maintenance of these resources requires exceptionally intensive labor at the Commission's cemeteries and memorials. Compensation and benefits consumed approximately 47 percent of the Commission's fiscal year 2010 spending while the remaining 53 percent supported engineering, maintenance, horticulture, logistics, services, supplies and other administrative costs critical to its operations.

Sunset at Montsec

HIGH PRIORITY PERFORMANCE GOALS AND RESULTS

Summarized below are the Commission's performance goals and results.

Goal 1: Provide an inspirational and educational visitor experience through effective outreach and interpretive programs.

Objectives for Goal 1

- Educate the public about the Commission mission, and the competence, courage, and sacrifice of those honored at its commemorative sites.
- Increase visitation to Commission cemeteries, memorials, and website.
- Educate and train all employees who provide visitor services in interpretive skills.
- Leverage international events and relevant anniversary dates to interpret Commission cemeteries.
- Satisfy constituents' needs through timely distribution of information and products.

Strategy for Achieving Goal 1

We will develop educational materials and new technology capabilities to improve visitor education programs, both on-site and on our website. We will expand Web marketing and public/media outreach to increase visitation to our website and memorial sites. We will also develop a methodology to count visitors so that we can document both on-site and website visitation. We will expand training and mentoring opportunities to enhance professional and personal development of our employees. We will also create historical reference libraries to assist in the interpretive mission. We will leverage upcoming milestones to increase the public reach of the interpretive initiative, including D-Day, Memorial Day, Veterans Day, 100th anniversary of WWI, 70th anniversary of WWII, and the 2012 London Olympics. We will

automate frequently requested services for our constituents in order to improve on-site and website customer service.

Selected Performance Results toward Achieving Goal 1

- The PBS documentary "Hallowed Grounds" continued to air on stations nationwide over the Memorial Day and Veterans Day weekends, achieving a total viewership of five million since its launch in FY 2009 and becoming the best selling PBS video in its category—a significant boost for the Commission's outreach efforts. Likewise, a cover story authored by the Secretary appeared in the May issue of the American Legion magazine that reaches into millions of homes, and numerous other travel-related articles ran in major metropolitan newspapers.
- Military units, veterans groups, and local citizens and organizations continued to pay tribute to those honored at Commission cemeteries by visiting individually or participating in ceremonies and popular "adopt a grave" programs in several European nations. Significantly, those who lived through the world wars have passed this tradition on to younger generations in an effort to ensure the American sacrifice is never forgotten in those liberated lands.
- Interpretive specialists in the Commission's Overseas Operations Office in France executed an ambitious program to train our cemetery-based staffs on effective interpretive techniques and effective visitor services programs. Professional reference libraries, comprised of general military history as well as books relevant to the wars and campaigns associated with individual cemeteries,

Pershing on Montfaucon

were provided to each cemetery, another enhancement to our staffs' ability to interpret historical events for their visitors.

- New visitor brochures were designed and printed for another 10 cemeteries in fiscal year 2010, bringing the total completed to 15. The final 11 brochures will be designed in fiscal year 2011. When this initiative is completed, newly designed multi-language brochures will be available in all 24 cemeteries as well as the Pointe du Hoc and Honolulu Memorials. The Commission continued to provide prompt responses to customer requests for lithographs, no fee passport authorizations, flower placements, and general information about how to visit the overseas cemeteries and memorials we administer.
- Execution was administratively delayed on several Web-related initiatives: a site redesign; a war dead database redesign; and awarding of a contract for 18 campaign interactive programs. All three projects are expected to be completed or awarded in fiscal year 2011.

Goal 2: Develop, operate, maintain, and improve Commission facilities as the world's best commemorative sites.

Objective for Goal 2

- Review and evaluate facilities and execute approved maintenance, repair, and improvements.

Strategy for Achieving Goal 2

We will continue to operate, maintain, and improve Commission facilities and infrastructure in like-new condition, and implement our evaluation processes to ensure compliance with our high standards. We will work to reduce the growth of operational and routine maintenance costs and promote more effective long-term planning, operations, and resource management.

Selected Performance Results toward Achieving Goal 2

- The following are examples of the engineering, maintenance and horticulture projects executed in fiscal year 2010:
 - Rehabilitation of the Service Area at Oise-Aisne American Cemetery
 - Renovation of the storm drainage and sewage systems at Epinal American Cemetery
 - Cliff stabilization for the Point du Hoc Federal Monument
 - Replacement of irrigation systems at Florence and Sicily-Rome American Cemeteries
 - Renovation of the former Visitor Center at Normandy American Cemetery
- The Commission recently awarded a study to assess all program needs and requirements at all European and Mediterranean sites and is in the process of developing a Master Plan for its American Cemetery in Manila.

Goal 3: Attract and retain quality employees through personal and professional investment and development.

Objectives for Goal 3

- Establish baseline employee satisfaction through employee survey.
- Ensure timely and effective employee recognition.
- Implement an enhanced performance management program with annual performance work plans tied to the strategic plan.
- Balance employee personal and professional responsibilities through work/life initiatives.
- Implement a professional development program responsive to agency and employee needs.

Meuse-Argonne Cemetery

Strategy for Achieving Goal 3

We will implement a professional training and development program, clearly map employee roles and responsibilities to the components of our strategic plan, develop a better understanding of employee needs and satisfaction, and make sure that truly outstanding performance is appropriately recognized.

Selected Performance Results toward Achieving Goal 3

- Two new employees with extensive Human Resources experience were hired during 2010. They are tasked with developing needed HR policies and streamlining/establishing procedures required for the proper functioning of a good HR program.
- In coordination with Federal Occupational Health under the Department of Health and Human Services, the Commission has continued its formal Employee Assistance Program.
- A telework policy is being reviewed and a policy letter will be issued in 2011. It will supplement the Commission's Alternative Work Schedule Pilot Program.
- The Commission has made considerable progress in providing management and supervisory training to cemetery superintendents.

Goal 4: Continually improve business and resource management practices.

Objectives for Goal 4

- Effectively manage resources.
- Modernize business processes to utilize new technologies and IT practices.
- Formalize processes for development and promulgation of policies and procedures.
- Modernize the Financial Management System and fully utilize the capabilities of the new system.

Strategy for Achieving Goal 4

We will focus our efforts on standardizing core processes, identifying opportunities to use technology to streamline their execution, improving our organizational standards for site evaluation, and regularly reviewing each site for compliance with standards.

Selected Performance Results toward Achieving Goal 4

- The Commission's allocation processes and procedures annually fully fund its mandatory and operational requirements in order to achieve its mission requirements.
- During fiscal year 2010, the Commission initiated an effort to implement a new financial management system.
- An internal control review and risk assessment was conducted in fiscal year 2010 to examine the Commission's internal control mechanisms and business processes.
- The Commission continues to receive "clean opinions" from its annual audit by the Government Accountability Office, with no material weaknesses noted.
- The Commission continues to report that its internal control policies and procedures provide reasonable assurance that it complies with the provisions of 31 U.S.C. 3512 (c), (d) – Federal Managers' Financial Integrity Act (FMFIA).

Brookwood Cemetery

STATEMENTS AND CONTROLS

Since fiscal year 1997, the Commission has been required to produce financial statements and the Comptroller General of the United States has been required to independently audit these statements. The Commission earned unqualified opinions, each year, on its financial statements from the Government Accountability Office.

The financial statements have been prepared to report the financial position and results of operations of the Commission, pursuant to the requirements of 31 U.S.C. 3515 (b). While the statements have been prepared from the books and records of the Commission in accordance with generally accepted accounting principles for federal entities and the formats prescribed by the Office of Management and Budget, the statements are in addition to the financial reports used to monitor and control budgetary resources which are prepared from the same books and records. The statements are for a component of the U.S. Government, a sovereign entity.

Management Integrity: Systems, Controls, Legal Compliance

The Commission is cognizant of the importance of, and need for, management accountability and responsibility as the basis for quality and timeliness of program performance, mission accomplishment, productivity, cost-effectiveness, and compliance with applicable laws. It has taken management actions to ensure that the annual evaluation of these controls is performed in a conscientious and thorough manner according to Office of Management and Budget regulations and guidelines and in compliance with 31 U.S.C. 3512 (c), (d), commonly known as FMFIA. The Commission's evaluation of its system of internal management practices and controls during fiscal year 2010 revealed no material weaknesses. The objectives of the Commission's internal management control policies and procedures are to provide reasonable assurance that

- obligations and costs are in compliance with applicable law;
- funds, property, and other assets are safeguarded against waste, loss, unauthorized use, and misappropriation;
- revenue and expenditures applicable to agency operations are promptly recorded and accounted for; and
- programs are efficiently and effectively carried out in accordance with applicable laws and management policy.

Based on its evaluation, the Commission concluded that there is reasonable assurance that it complies with the provisions of FMFIA. The reasonable assurance concept recognizes that the cost of internal controls should not exceed the benefits expected to be derived and that the benefits reduce the risk of failing to achieve stated objectives.

Future Effects, Risks, and Uncertainties

Changes in the rate of exchange for foreign currencies have a significant impact on the Commission's day-to-day operations. In order to insulate the Commission's annual appropriation against major changes in its purchasing power, legislation was enacted in 1988 (codified in 36 U.S.C. 2109) to establish a foreign currency fluctuation account in the U.S. Treasury. However, since the summer of 2006, the U.S. dollar has fallen precipitously against the euro. The Commission has been closely monitoring this because its budget is disproportionately affected by foreign currency fluctuation. Legislation was enacted which included "such sums as may be necessary" language for the Commission's fiscal year 2010 Foreign Currency Fluctuation

Luxembourg Cemetery

Account appropriation. This allows the Commission to preserve its purchasing power against a suddenly falling U.S. dollar against the euro. With this language the Commission will continue to estimate and report its Foreign Currency Fluctuation Account requirements as it has in the past. However, when a need arises where the amount forecast by the Commission for this account is insufficient, the Commission will submit an adjusted estimate to the Office of Management and Budget and to the Congress.

Overall, by maintaining close scrutiny of the Commission's obligation status, as well as monitoring and distributing the Foreign Currency Fluctuation Account balance, the Commission reduces its overall future financial risk to continued operations.

Aisne-Marne Cemetery

FISCAL YEAR 2010
FINANCIAL STATEMENTS AND NOTES

United States Government Accountability Office
Washington, DC 20548

To the Commissioners and Secretary of the American Battle Monuments Commission

In accordance with 36 U.S.C. § 2103, we are responsible for conducting audits of the agencywide financial statements of the American Battle Monuments Commission (the Commission). In our audits of the Commission's financial statements for fiscal years 2010 and 2009, we found

- the consolidating financial statements as of and for the fiscal year ended September 30, 2010, and comparative consolidated totals as of and for the fiscal year ended September 30, 2009, are presented fairly, in all material respects, in conformity with U.S. generally accepted accounting principles;
- the Commission had effective internal control over financial reporting as of September 30, 2010; and
- no reportable noncompliance with provisions of laws and regulations we tested.

The following sections discuss in more detail (1) our basis for these conclusions; (2) our conclusions on Management's Discussion and Analysis and other supplementary information; (3) our audit objectives, scope, and methodology; and (4) Commission comments.

Opinion on Financial Statements

The Commission's consolidating balance sheet as of September 30, 2010, consolidating statement of net cost and changes in net position, and consolidating statement of budgetary resources, with accompanying notes for the fiscal year then ended, and comparative consolidated totals as of and for the fiscal year ended September 30, 2009, are presented fairly, in all material respects, in conformity with U.S. generally accepted accounting principles.

Opinion on Internal Control

The Commission maintained, in all material respects, effective internal control over financial reporting as of September 30, 2010. Commission internal control provided reasonable assurance that misstatements, losses, or noncompliance material in relation to the consolidating financial statements would be prevented or detected and corrected on a timely basis. Our opinion is based upon criteria established under 31 U.S.C. § 3512 (c), (d), commonly known as the Federal Managers' Financial Integrity Act of 1982 (FMFIA).

In our audit of the Commission's fiscal year 2009 financial statements,¹ we identified a significant deficiency² in the Commission's governance structure because all Commissioner positions were vacant.³ Consistent with U.S. generally

¹ GAO, *Financial Audit: American Battle Monuments Commission's Financial Statements for Fiscal Years 2009 and 2008*; GAO-10-399 (Washington, D.C.: Mar.1, 2010).

² A significant deficiency in internal control is less severe than a material weakness, yet is important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis.

³ Under the Commission's enabling legislation, up to 11 Commissioners and the Secretary are appointed by the President of the United States. The Commissioners are charged with the execution of the Commission's mission, but may delegate any of its authorities to its Chairman, the Secretary, or to other officials in charge of Commission offices.

accepted government auditing standards, the Commissioners, the Secretary, and other designated officials collectively function as the Commission’s governance structure. However, while the President appointed a new Commission Secretary on June 3, 2009, Commissioner appointments had not been made as of September 30, 2009. Further, we reported that we did not find any evidence of the Commission’s express delegation of authority and assignment of responsibilities to the Secretary. In July 2010, eight⁴ Commissioners were appointed who now provide high-level strategic oversight of Commission operations, including its internal control over financial reporting. Additionally, the new Commissioners approved and implemented a Commission policy to delegate the Commissioners’ governance authority to the Commission Secretary in the event all Commissioner positions become vacant. Consequently, this prior year significant deficiency was resolved as of September 30, 2010.

We identified other less significant matters concerning the Commission’s internal control that we will report separately along with recommended corrective actions.

Compliance With Laws and Regulations

Our tests of the Commission’s compliance with selected provisions of laws and regulations for fiscal year 2010 disclosed no instance of noncompliance that is reportable under U.S. generally accepted government auditing standards. However, the objective of our audit was not to provide an opinion on overall compliance with laws and regulations. Accordingly, we do not express such an opinion.

During our audit of the Commission’s fiscal year 2009 financial statements, we determined that a Commission contract with a commercial employment services firm to provide temporary employees to the Commission violated the Antideficiency Act because it contained an open-ended hold-harmless clause which subjected the Commission to potentially unlimited liability.⁵ Commission officials agreed with our conclusion that the hold-harmless clause was an Antideficiency Act violation. In accordance with the act, the violation and relevant facts, circumstances, and actions taken by the Commission were subsequently reported to the Congress and the President of the United States, with a copy to the Comptroller General, following the guidance issued by the Office of Management and Budget (OMB). Since the contract was terminated in fiscal year 2009 and the violation reported, this matter has been resolved.

Consistency of Other Information

The Commission’s Management Discussion and Analysis and other information related to heritage assets presented in the Commission’s financial report contain a wide range of data, some of which are not directly related to the financial statements. We do not express an opinion on this information. However, we compared this information for consistency with the financial statements and discussed the methods of measurement and presentation with officials of the Commission. On the basis of this limited work, we found no material inconsistencies with the financial statements. However, the Commission did not provide an analysis of the agency’s overall financial position and results of operations in Management’s Discussion and Analysis as required by U.S. generally accepted accounting principles and OMB Circular No. A-136, *Financial Reporting Requirements*.

Objectives, Scope, and Methodology

Commission management is responsible for (1) preparing the financial statements in conformity with U.S. generally accepted accounting principles, (2) establishing and maintaining effective internal control over financial reporting and evaluating its effectiveness, and (3) complying with applicable laws and regulations. Commission management evaluated

⁴ A ninth Commissioner was appointed in December 2010.

⁵ The Antideficiency Act prohibits officers and employees of the U.S. government from obligating or spending in advance or in excess of appropriations. 31 U.S.C. § 1341(a). The U.S. Supreme Court and the Comptroller General have held that open-ended indemnification agreements violate this prohibition in the absence of specific statutory authority. See *Hercules, Inc. v. United States*, 516 U.S. 417, 427-28 (1996); B-242146, Aug. 16, 1991.

the effectiveness of its internal control over financial reporting as of September 30, 2010, based upon the criteria established under FMFIA. Commission management's assertion based on its evaluation is included in the Commission's Annual Report.

We are responsible for planning and performing the audit to obtain reasonable assurance and provide our opinion on whether (1) the Commission's financial statements are presented fairly, in all material respects, in conformity with U.S. generally accepted accounting principles, and (2) Commission management maintained, in all material respects, effective internal control over financial reporting as of September 30, 2010. We are also responsible for (1) testing compliance with selected provisions of laws and regulations that have a direct and material effect on the financial statements, and (2) performing limited procedures with respect to certain other information accompanying the financial statements. In order to fulfill these responsibilities, we

- examined, on a test basis, evidence supporting the amounts and disclosures in the financial statements, including evidence supporting statistical samples of Commission payroll and nonpayroll expenditures;⁶
- assessed the accounting principles used and significant estimates made by Commission management;
- evaluated the overall presentation of the Commission's financial statements;
- obtained an understanding of the Commission and its operations, including its internal control over financial reporting;
- considered the Commission's process for evaluating and reporting on internal control over financial reporting based on criteria established under FMFIA;
- assessed the risk of (1) material misstatement in the Commission's financial statements, and (2) material weakness in its internal control over financial reporting;
- tested relevant internal control over the Commission's financial reporting;
- evaluated the design and operating effectiveness of the Commission's internal control over financial reporting based on the assessed risk; and
- tested compliance with selected provisions of the following laws and regulations:
 - the Commission's enabling legislation codified in 36 U.S.C. Chapter 21,
 - public laws applicable to the World War II Memorial Fund,
 - Buffalo Soldiers Commemoration Act of 2005,
 - Continuing Appropriations Resolution, 2010,
 - Consolidated Appropriations Act, 2010,
 - Antideficiency Act,
 - Pay and Allowance System for Civilian Employees, and
 - Prompt Payment Act.

An entity's internal control over financial reporting is a process affected by those charged with governance, management, and other personnel, the objectives of which are to provide reasonable assurance that (1) transactions are properly recorded, processed, and summarized to permit the preparation of financial statements in conformity with U.S. generally

⁶ These statistical samples were selected primarily to determine the validity of activities reported in the Commission's financial statements. We projected any errors in dollar amount to the population of transactions from which they were selected. In testing some of these samples, certain attributes were identified that indicated deficiencies in the design or operation of internal control. These attributes, where applicable, were statistically projected to the appropriate populations.

accepted accounting principles, and assets are safeguarded against loss from unauthorized acquisition, use, or disposition; and (2) transactions are executed in accordance with the laws governing the use of budget authority and other laws and regulations that could have a direct and material effect on the financial statements.

We did not evaluate all internal control relevant to operating objectives as broadly established under FMFIA, such as controls relevant to preparing statistical reports and ensuring efficient operations. We limited our internal control testing to testing controls over financial reporting. Our internal control testing was for the purpose of expressing an opinion on the effectiveness of internal control over financial reporting and may not be sufficient for other purposes. Consequently, our audit may not identify all deficiencies in internal control over financial reporting that are less severe than a material weakness. Because of inherent limitations in internal control, internal control may not prevent or detect and correct misstatements due to error or fraud, losses, or noncompliance. We also caution that projecting any evaluation of effectiveness to future periods is subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with policies or procedures may deteriorate.

We did not test compliance with all laws and regulations applicable to the Commission. We limited our tests of compliance to those laws and regulations that have a direct and material effect on the financial statements for the fiscal year ended September 30, 2010. We caution that noncompliance may occur and not be detected by these tests and that such testing may not be sufficient for other purposes.

We performed our audit in accordance with U.S. generally accepted government auditing standards. We believe our audit provides a reasonable basis for our opinions and other conclusions.

Commission Comments

In commenting on a draft of this report, the Commission concurred with its facts and conclusions.

Sincerely yours,

Steven J. Sebastian
Director
Financial Management and Assurance

The accompanying notes are an integral part of these statements.

American Battle Monuments Commission

Notes to Consolidating and Consolidated Financial Statements For the Fiscal Years Ended September 30, 2010 and 2009

Note 1 – Significant Accounting Policies

A. Basis of Presentation

The accompanying consolidating and consolidated financial statements present the financial position, net cost of operations, changes in net position, and budgetary resources of the American Battle Monuments Commission (the Commission) in conformity with U.S. generally accepted accounting principles as used by the federal government. There are no intra-entity transactions to be eliminated.

B. Reporting Entity and Funding Sources

The Commission is an independent agency within the executive branch of the federal government and was created by an Act of March 4, 1923, the current provisions of which are now codified in 36 U.S.C. Chapter 21. The Commission's mission is to commemorate the sacrifices and achievements of U.S. armed forces where they have served overseas since April 6, 1917, the date of the United States entry into World War I, and at locations within the United States when directed by the Congress. The Commission designs, administers, constructs, operates, and maintains 24 American military cemeteries and 25 federal memorials, monuments, and markers (herein collectively referred to as memorials). Three of the memorials are located in the United States while all of the cemeteries and the remaining memorials are located on foreign soil in 14 foreign countries, the Marianas, and Gibraltar. The Commission is also responsible for maintaining 7 nonfederal memorials with funds received from the memorials' sponsors. The Commission is headquartered in Arlington, Virginia. Field operations are conducted through offices located near Paris, France and Rome, Italy; and cemeteries in Manila, the Philippines; Mexico City, Mexico; and Panama City, Panama.

The Commission also had responsibility for designing and constructing the National World War II Memorial located on the Mall in Washington, D.C. In accordance with 40 U.S.C. 8906(b), the Commission deposited \$6.6 million into a separate Treasury account to offset the memorial's costs of perpetual maintenance. On November 1, 2004, the Commission signed an agreement with the National Park Service to formally transfer the National World War II Memorial to the Service for its future care and maintenance. Remaining funds reside in a trust fund in the U.S. Treasury to be used solely to benefit the World War II Memorial for other than routine maintenance expense.

Commission programs are funded primarily through appropriations available without fiscal year limitation (no-year). The Commission also administers several trust funds established to: (1) build memorials authorized by the Congress, but which are funded primarily by private contributions, commemorative coin sales proceeds, and investment earnings; (2) decorate gravesites; and (3) maintain and repair certain nonfederal war memorials.

C. Basis of Accounting

The Commission's proprietary accounts (assets, liabilities, equity, revenue, and expenses) are maintained on the accrual basis, where appropriated funds are accounted for by appropriation year; operating expenses are recorded as incurred; and depreciation is taken on property, plant, and equipment not otherwise classified as heritage assets. Commission budgetary accounts are maintained on a budgetary basis, which facilitates compliance with legal constraints and statutory funds control requirements. The functional budget classification is Veterans' Benefits and Services.

D. Fund Balances with Treasury

The Commission's cash receipts and disbursements are processed by the U.S. Treasury. Fund balances with Treasury are composed of appropriated general funds and trust funds.

E. Investments

In accordance with 36 U.S.C. 2113(b), the Commission is authorized to invest World War II Memorial Trust Fund receipts in U.S. Treasury securities. The Commission is also authorized under a modification to its original legislation to invest receipts from certain nonfederal war memorial organizations in U.S. Treasury securities. Treasury investments are recorded at par value plus unamortized premium or less unamortized discount. Premiums and discounts are amortized using the interest method.

F. Foreign Currency

The Commission's overseas offices maintain accounts of foreign currencies to be used in making payments in foreign countries. Amounts are recorded at a standard budget rate in U.S. dollars and a gain or loss recognized when paid in foreign currency. Appropriated monies are transferred from the Commission's Foreign Currency Fluctuation Account to fund net currency losses. Cash accounts in foreign currencies are reported at the U.S. dollar equivalent using the Treasury exchange rate in effect on the last day of the fiscal year.

G. Contributions and Revenue Recognition

The Commission recognizes unrestricted contributions or unconditional promises to give as revenue in the period of the initial pledge when sufficient verifiable evidence of the pledge exists. Conditional promises to give are recorded as revenue when the condition has been met. Unconditional promises to give may be temporarily restricted or permanently restricted. Temporarily restricted promises to give are released from restriction when the conditions have been met. Permanently restricted promises to give are recorded as revenue in the period donated; however, donors generally allow only the earned income to be used for general or specific purposes. In-kind contributions of goods and services are recognized at fair value by the Commission at the time the goods are received or the services are performed. Multiyear contributions due over a period of time are discounted to their present value based upon the short-term Treasury interest rate.

H. Operating Materials and Supplies Inventories

The Commission has determined that operating materials and supplies located at its cemeteries are not significant amounts and that it is more cost beneficial to record them on the purchase method of accounting whereby items are expensed as purchased rather than when consumed. Consequently, the Commission reports no operating materials or supplies inventories.

I. Property and Equipment

Purchases of general property and equipment of \$25,000 or less are expensed in the year of acquisition. Purchases of personal property exceeding \$25,000 are capitalized and depreciated on a straight-line basis over 5 years. Expenditures relating to real property exceeding \$25,000 are capitalized and depreciated on a straight-line basis over 30 years. Heritage assets are assets possessing significant cultural, architectural, or aesthetic characteristics. The Commission considers its cemeteries, and federal memorials, monuments, and markers acquired through purchase or donation to be noncollection heritage assets. Heritage assets acquired through purchase or donation are accounted for in the Commission's property records, and are not presented in the balance sheet. Withdrawals of heritage assets are recorded upon formal agreement with recipients. Additional disclosure on individual heritage asset cemeteries and memorials are found in the Schedules of Heritage Assets presented as unaudited other information. Cemetery land is owned by the foreign countries in which cemeteries are located and is provided to the United States in perpetuity.

J. Employee Benefits

The Commission's civilian U.S. nationals hired after December 31, 1983 are covered by the Federal Employees' Retirement System (FERS), which was implemented on January 1, 1984. The Commission's civilian U.S. nationals hired on or before December 31, 1983, could elect to transfer to FERS or remain with the Civil Service Retirement System (CSRS). For FERS employees, the Commission withholds .80 percent of base pay and as employer contributes 11.2 percent of base pay to this retirement system. For Federal Insurance Contribution Act (FICA) tax and Medicare, the Commission withholds 7.65 percent from FERS employees' earnings, matches this amount on a dollar-for-dollar basis, and remits the total amount to the Social Security Administration. The Commission withholds 7.00 percent of base pay plus 1.45 percent for Medicare from CSRS employees' earnings and as employer contributes 7.00 percent of base pay plus 1.45 percent for Medicare. These deductions are then remitted to the Office of Personnel Management (OPM) and the Social Security Administration. OPM is responsible for government wide reporting of FERS and CSRS assets, accumulated plan benefits, and unfunded liabilities.

On April 1, 1987, the federal government instituted the Thrift Saving Plan (TSP), a retirement savings and investment plan for employees covered by FERS and CSRS. The Commission contributes a minimum of 1 percent of FERS employees' base pay to TSP. For 2010, FERS employees could contribute up to \$16,500 (\$22,000 if at least age 50) on a tax-deferred basis to TSP, which the Commission matches up to 4 percent of base pay. For 2010, CSRS employees may also contribute up to \$16,500 (\$22,000 if at least age 50) on a tax-deferred basis; however, they receive no matching contribution from the Commission.

Retirement and other benefits for the Commission's foreign national employees are paid by the Commission in accordance with the provisions of 10 host nation agreements negotiated by the U.S. Department of State.

Annual leave is accrued as earned, and the resulting unfunded liability is reduced as leave is taken. Separation pay is provided in certain countries according to host nation agreements. Separation pay is accrued as earned, and the resulting unfunded liability is reduced when paid to the foreign national leaving the employ of the Commission. Each year balances in the accrued separation pay and annual leave accounts are adjusted to reflect current pay rates. To the extent that current or prior year appropriations are not available to fund annual leave and separation pay, funding will be obtained from future financing resources. Sick leave and other types of unvested leave are expensed when incurred.

K. Imputed Financing

The Commission imputes financing for retirement and other benefits paid by OPM, financial audit costs incurred by the Government Accountability Office (GAO), and a heritage asset musical carillon donated each fiscal year. The Commission recognized these expenses and related imputed financing in its financial statements. A heritage asset musical carillon is also recognized each fiscal year as a donation by AMVETS and an in-kind expense. For fiscal year 2010, a donation was not given for a musical carillon.

L. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, as well as the disclosure of contingent assets and liabilities at the date of the financial statements, and the amount of revenues and expenses reported during the reporting period. Actual results could differ from those estimates.

Note 2 – Fund Balances with Treasury

All undisbursed account balances with the U.S. Treasury, as reflected in the Commission's records, as of September 30 are available and were as follows:

	<u>2010</u>			<u>2009</u>
	<u>General Fund</u>	<u>Trust Funds</u>	<u>Total</u>	<u>Total</u>
Appropriated Funds	\$36,227,394		\$36,227,394	\$29,846,213
Currency Fluctuation	23,041,447		23,041,447	14,432,339
Other Trust Funds		<u>\$3,155,429</u>	<u>3,155,429</u>	<u>3,101,084</u>
	<u>\$59,268,841</u>	<u>\$3,155,429</u>	<u>\$62,424,270</u>	<u>\$47,379,636</u>

Note 3 – Treasury Investments, Net

As of September 30, the Commission's Trust Fund investments in U.S. Treasury notes, which are marketable securities due within 2 years, were as follows:

FY	Cost	Interest Rates	Net Premium /(Discount)	Interest Receivable	Net Investment
10	<u>\$8,834,026</u>	<u>4.250 to 5.0%</u>	<u>\$156,464</u>	<u>\$86,574</u>	<u>\$9,077,064</u>
09	<u>\$8,832,026</u>	<u>4.250 to 5.750%</u>	<u>\$461,929</u>	<u>\$86,758</u>	<u>\$9,380,713</u>

Amortization is on the interest method, and amortized cost approximated market as of September 30.

Note 4 – Cash and Foreign Accounts

Outside the United States, the Commission makes payments in U.S. and foreign currencies through imprest cash funds and Treasury-designated depository commercial bank accounts, which as of September 30 were as follows:

	<u>2010</u>	<u>2009</u>
Imprest Cash Funds	\$40,636	\$45,380
Foreign Bank Accounts	122,141	183,291
Undeposited Cash-Trust	<u>763</u>	<u>0</u>
	<u>\$163,540</u>	<u>\$228,671</u>

Note 5 – Contributions Receivable

The Commission has a pledge from a living trust valued at \$138,231 as of September 30, 2010. However, due to the uncertainty of time and amount when the pledge is collected, the contribution will be recognized at the amount when received.

Note 6 – General and Heritage Property and Equipment

General property and equipment acquisitions with an aggregate cost basis of \$25,000 or less and all acquisitions of heritage assets which totaled \$6,482,130 were expensed by the Commission in fiscal year 2010. This included \$2,293,504 related to the Normandy Visitor Center, a heritage asset. In fiscal year 2009, \$2,887,482 was expensed, which included \$1,532,186 of costs related to the construction of the Normandy Visitor Center.

Since the 1960s, the Commission’s Office of Overseas Operations near Paris, France, has occupied a residential structure owned by the United States government. The Commission is responsible for all utilities, maintenance, and repairs. While the structure has the characteristics of a heritage asset, it has been used as general property. However, it is now fully depreciated, and no value is contained in the Commission’s financial statements.

General property and equipment as of September 30 was as follows:

Category	2010			2009		
	Cost	Accumulated Depreciation	Net	Cost	Accumulated Depreciation	Net
Buildings	\$923,460	\$196,068	\$727,392	\$923,460	\$165,316	\$758,144
Accounting Systems	2,145,016	1,929,838	215,178	2,145,016	1,852,848	92,168
Equipment	4,522,998	2,690,022	1,832,976	4,121,515	2,288,449	1,833,066
	<u>\$7,591,474</u>	<u>\$4,815,928</u>	<u>\$2,775,546</u>	<u>\$7,189,991</u>	<u>\$4,306,613</u>	<u>\$2,883,378</u>

Heritage assets are significant to the mission of the Commission to design, construct, and maintain historical cemeteries and memorials. The Commission presents its heritage assets in three categories: cemeteries, federal memorials, and nonfederal memorials. Changes in heritage assets for fiscal year 2010 were as follows:

	Cemeteries	Federal Memorials	Nonfederal Memorials
Beginning of Year 10-1-09	24	25	7
Number Acquired, Fiscal Year 2010	0	0	0
Number Withdrawn, Fiscal Year 2010	<u>0</u>	<u>0</u>	<u>0</u>
End of Year 9-30-10	<u>24</u>	<u>25</u>	<u>7</u>

Through September 30, 2010, Commission cemeteries contain over 131,000 interments. Over 94,000 honored war dead, whose remains were not recovered, are memorialized in the cemeteries and federal memorials that encompass over 1,600 acres. This land is provided to the Commission through host agreements with foreign countries for permanent use as cemeteries and memorials.

Note 7 – Other Liabilities

Other liabilities as of September 30 were as follows:

	2010	2009
Accrued Salaries and Benefits	\$1,657,119	\$1,573,798
Unfunded Separation Pay Liability	1,393,036	1,674,295
Unfunded Annual Leave	<u>1,317,980</u>	<u>1,268,319</u>
	<u>\$4,368,135</u>	<u>\$4,516,412</u>

Under a host nation agreement, the Commission’s Italian employees earn separation pay for each year of service with the Commission. The Commission recognized an unfunded liability for separation pay for these employees of \$1,393,036 as of September 30, 2010, and \$1,674,295 as of September 30, 2009.

A portion of pension and other retirement benefits (ORB) expense is funded by an imputed financing source to recognize the amount of pension and ORB unfunded liabilities assumed by OPM. These costs are computed in accordance with cost factors provided by OPM. For fiscal year 2010, the Commission incurred \$1,496,691 of pension and ORB costs, \$501,932 of which was imputed. For fiscal year 2009, the Commission incurred \$1,331,151 of pension and ORB costs, \$417,619 of which was imputed. Total imputed costs of \$1,000,932 for fiscal year 2010 and \$877,619 for fiscal year 2009 included audit services provided by GAO.

Note 8 – Lease Agreements

The Commission has no capital leases. The Commission's Arlington, Virginia, Headquarters Office is rented under a 5-year operating lease expiring in July 2012.

The Commission's Rome office is located in the United States Embassy in Rome and payment for this space is made through the International Cooperative Administrative Support Services (ICASS) program with the U.S. State Department. The Florence Cemetery Superintendent's living quarters is rented under an operating lease expiring in January 2011.

Living quarters for the Luxembourg Cemetery Assistant Superintendent are rented under an operating lease expiring in June 2011. Nine other living quarters leases for the benefit of the Commission's Paris office have been signed by the U.S. State Department and therefore, the Commission has no future liability for these leases.

Rent expense for fiscal year 2010 operating leases was \$714,175. Future minimum payments due on operating leases as of September 30, 2010, are as follows:

<u>Fiscal Year</u>	
2011	\$721,986
2012	<u>553,416</u>
	<u>\$1,275,402</u>

Note 9 – Net Position

Net position balances as of September 30, 2010, were as follows:

	<u>General Fund</u>	<u>Trust Funds</u>	<u>Total</u>
Unexpended Appropriations:			
Unobligated	\$36,121,225		\$36,121,225
Undelivered Orders	<u>17,431,177</u>		<u>17,431,177</u>

¹ No-year appropriations received from FY 2002 through FY 2006 totaling \$30.0 million (after rescissions totaling \$182,900) for design and construction of the Normandy Visitor Center were obligated by September 30, 2009.

Note 10 – Reconciliation of Net Cost of Operations to Budget

SFFAS No. 7 requires a reconciliation of proprietary and budgetary information in a way that helps users determine how budget resources obligated for programs relate to net costs of operations. Prior to fiscal year 2007, this reconciliation was accomplished by presenting a Statement of Financing as a basic financial statement. Effective for fiscal year 2007, the Office of Management and Budget in its Circular No. A-136, *Financial Reporting Requirements*, decided that this information for federal entities would be better placed and understood in a note. Consequently, this information is presented as follows:

	<u>General Fund</u>	<u>Trust Funds</u>	<u>Total Funds</u>	<u>Total Funds</u>
	<u>Cemeteries and Memorials</u>	<u>WWII and Other Trust Funds</u>	<u>Total 2010</u>	<u>Total 2009</u>
<u>Resources Used To Finance Activities</u>				
Obligations incurred - direct	\$74,565,006	\$740,531	\$75,305,537	\$62,288,791
Offsetting collections and recoveries	(43,166)		(43,166)	(36,623)
Imputed retirement and audit services	1,000,932		1,000,932	877,619
Other adjustments	98,634		98,634	49,554
	<hr/>		<hr/>	<hr/>
Total Resources Used to Finance Activities	75,621,406	740,531	76,361,937	63,179,341
<u>Resources That Do Not Fund Net Cost of Operations</u>				
General property capitalized on the balance sheet	(599,582)		(599,582)	(1,148,462)
Undelivered orders - start of year	11,472,133	987,219	12,459,352	9,386,385
Less: Undelivered orders - end of year	(17,431,177)	(998,430)	(18,429,607)	(12,459,352)
	<hr/>		<hr/>	<hr/>
Total Resources That Do Not Fund Net Cost of Operations	(6,558,626)	(11,211)	(6,569,837)	(4,221,429)
<u>Components of Net Cost of Operations Not Requiring Resources in the Current Period</u>				
Components Requiring Resources in Future Periods:				
Increase in unfunded annual leave	49,661		49,661	113,593
(Decrease) increase in unfunded separation pay liability	(281,259)		(281,259)	39,363
Increase in accounts receivable	4,747		4,747	
Components Not Requiring Resources:				
Depreciation	707,413		707,413	620,223
In-kind expenses	25,560		25,560	113,206
	<hr/>		<hr/>	<hr/>
Total Costs Not Requiring Resources in the Current Period	506,122		506,122	886,385
	<hr/>		<hr/>	<hr/>
Total Resources Used to Finance the Net Cost of Operations	\$69,568,902	\$729,320	\$70,298,222	\$59,844,297

Budget amounts agree with actual fiscal year 2009 amounts in the President's published 2011 Budget. Actual budget amounts for fiscal year 2010 will appear in the President's 2012 budget to be published after February 11, 2011, the date of audit completion.

Note 11 – Fiduciary Activities

Fiduciary activities are the collection or receipt, and the management, protection, accounting, investment and disposition by the Federal Government of cash or other assets in which non-Federal individuals or entities have an ownership interest that the Federal Government must uphold.

Fiduciary cash and other assets are not assets of the Federal Government and accordingly are not recognized on the balance sheet.

The Scottish Widows Defined Benefit Scheme was established by a Trust Deed, which authorized the Commission to collect contributions on behalf of beneficiaries, foreign service national employees of the Commission's two cemeteries in England. Fiduciary assets as of September 30 were as follows:

Schedule of Fiduciary Activity

	<u>2010</u>	<u>2009</u>
Contributions	\$79,791	\$454,197
Investment earnings	<u>36,827</u>	<u>67,515</u>
Increases in fiduciary fund balances	116,618	521,712
Fiduciary net assets, beginning of year	<u>825,533</u>	<u>303,821</u>
Fiduciary net assets, end of year	<u>\$942,151</u>	<u>\$825,533</u>

Fiduciary Net Assets

	<u>2010</u>	<u>2009</u>
FIDUCIARY ASSETS		
Investments	<u>\$942,151</u>	<u>\$825,533</u>
TOTAL FIDUCIARY ASSETS	<u>\$942,151</u>	<u>\$825,533</u>

Note 12 – Commitments and Contingencies

As of September 30, 2010 the Commission had commitments of \$18.4 million from undelivered orders as a result of open contracts and purchase orders. Also as of September 30, 2010 the Commission had no contingencies expected to have a material effect on the financial statements.

Other Information September 30, 2010 (Unaudited)

Maintenance, Repairs, and Improvements

The following unaudited information is required supplementary information on deferred maintenance and the condition of real property at Commission cemeteries and memorials:

Deferred maintenance is maintenance that was not performed when it should have been or was scheduled to be and that, therefore, is put off or delayed for a future period. Maintenance and repairs performed on real property consisting of land improvements, buildings, and memorials totaled \$10.0 million in fiscal year 2010 and \$11.1 million in fiscal year 2009. For fiscal years 1998 through 2002, the Commission received \$11.3 million of additional appropriations from the Congress that enabled it to entirely eliminate its deferred maintenance backlog as of September 30, 2002. No deferred maintenance backlog existed as of September 30, 2010, and 2009.

Condition assessment surveys, using a five-point scale of one (excellent) to five (very poor), identify needed future maintenance and repair projects at cemeteries and memorials in order to maintain real property in an acceptable condition of three (fair) or better. These surveys are reviewed and updated at least annually by the Commission's engineering staff. In addition, engineering projects identified improvements in cemetery irrigation, drainage, roads, parking areas, and buildings. As of September 30, 2010, the Commission has identified 39 maintenance, repair, and improvement projects, with an estimated cost of \$8.6 million, scheduled to be performed in fiscal year 2011, subject to available funding.

Schedules of Heritage Assets

The following three pages present unaudited other information not required by U.S. generally accepted accounting principles on the Commission's 24 cemeteries; 25 federal memorials, monuments, and markers; and 7 nonfederal memorials as of September 30, 2010.
