

# ACCOUNTING FOR ASAP TRANSACTIONS

**Revised April 2012** 

### **Purpose**

This guide is provided in support of the Treasury Financial Manual Part 2-Chapter 2-3300 – "Statement of Transactions (FMS 224) Reporting by Agencies for which the Treasury Disburses." It is intended to provide guidance to Federal Agencies in the monthly reporting of their ASAP transactions on the FMS 224 Statement of Transactions.

## **ASAP Reports Used in End of Month Reporting**

There are three ASAP reports that provide the information to be reported on the SF 224 Statement of Transactions: the Schedule Number Summary Report, the Schedule Number Payment Transaction Report, and the Agency Payment Report. The TDO Payments Module can also be used by Agencies to view Schedules reported by ASAP.

## 1. Schedule Number Summary Report

At the end of each business day on which **payments**, **returns**, **and adjustments** have been applied to an Agency's ASAP accounts, ASAP reports Summary Schedules for the Agency's ALC to the PACER application. PACER, in turn, passes this information to the GovernmentWide Accounting (GWA) Central Accounting and Reporting System (CARS).

The Schedule Number Summary Report provides totals by Schedule Number and Document Type for a given business date or date range.

For each business date on which ASAP payments settle for an ALC, the payments are totaled and reported on one Payment Schedule. ASAP Payment Schedule numbers are formatted as "ASAPPMTYYMMDD". For each Payment Schedule, ASAP will report subtotals by Document Type:

- 1166 ACH Payments: Total of all settled ASAP payments
- 1166 Fedwire Payments: Total of all settled Fedwire payments

For each business date on which returned payments are processed for an ALC, the returns are totaled and reported on one Return Schedule. ASAP Return Schedule numbers are formatted as "ASAPRTNYYMMDD". For each Return Schedule, ASAP will report subtotals by Document Type:

- 145 ACH Returns: Total of all Returned ACH payments, ACH Debits, and Contested Dishonored Returned ACH payments
- 146 Fedwire Returns: Total of all Returned Fedwire payments
- 3813 Reversal of Credit: Total of all Returned ACH Debits and Contested Dishonored Returned ACH Debits, will be totaled and reported on a "3813RVSL" document.

For each business date on which returned payments are Reclassified to an ALC, the reclassified returns are totaled and reported on one Reclassification Schedule. ASAP Reclassification Schedule numbers are formatted as "RECLASSYYMMDD". For each Reclassification Schedule, ASAP will report subtotals by Document Type:

- 145 ACH Returns: Total of all Returned ACH payments that are credited to an ALC through the Reclassification process.
- 146 Fedwire Returns: Total of all Returned Fedwire payments that are credited to an ALC through the Reclassification process.
- 3813 Reversal of Credit: Total of all Reclassified Returned ACH and Fedwire payments that are debited to an ALC through the Reclassification process.

Note that if the Reclassification results in both a Debit and Credit to the same ALC, these items will not appear on the Reclassification Schedule.

## 2. Schedule Number Payment Transaction Report

The Schedule Number Payment Transaction Report provides transaction detail for each payment, returned payment, and adjustment by Schedule, Document Type, Recipient ID, and ASAP Account.

The Schedule Number Payment Transaction Report only provides totals at the ALC Level. For transaction totals by ALC/Region, Agencies should use the Agency Payment Report.

# 3. Agency Payment Report

The Agency Payment Report, which is generated on days when payment transactions settle or when returned payments are classified to the agency's ASAP accounts. The Agency Payment Report provides agencies with the lowest level of detail in the ASAP system. The report was designed to assist Federal Agencies in their reconciliation and classification of ASAP transactions at the ALC/Region level with further breakdown by Recipient ID/Account ID.

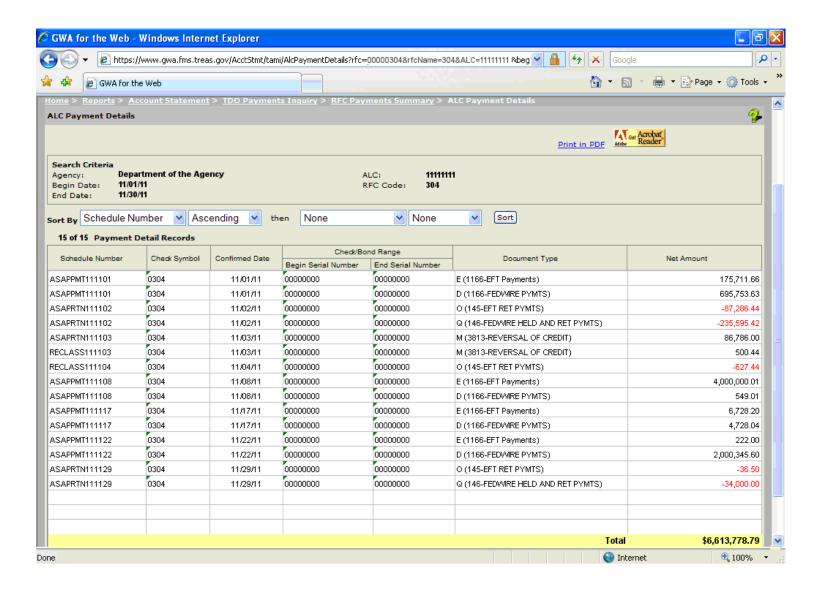

# **Reporting ASAP Transactions on the SF-224**

Each agency must report its ASAP transactions on the monthly FMS 224 Statement of Transactions. Each ALC with ASAP activity must classify these transactions on the FMS 224 no later than the 3<sup>rd</sup> business day of the month following the end of the reporting period via the Classification Transactions and Accountability (CTA) Module of the GWA System. Enrollment in GWA is a self-registration process. If you are a new user to GWA, go to <a href="https://www.gwa.fms.treas.gov">www.gwa.fms.treas.gov</a> to begin enrolling into GWA and assigning CTA to your profile.

# **TDO Payments Module**

ASAP Schedule information will be available to Agencies through the TDO Payments Module. Below are the codes used to represent ASAP related Document Types:

Document Type	Document Type Code		
1166 – EFT PYMTS (ACH Payments)	E		
1166 – FEDWIRE PYMTS (Fedwire Payments)	D		
145 – EFT RET PYMTS (Returned ACH Payments)	0		
146 – FEDWIRE HELD AND RET PYMTS (Returned Wire Payments)	Q		
3813 – REVERSAL OF CREDIT	M
