2. THE CONVERSION ON THE WEAR OF BRANCH INSIGNIA AND COLORS BY WARRANT OFFICERS IS A FIRST STEP TOWARDS THE FULL INTEGRATION OF WARRANT OFFICER RECRUITING, ACCESSION, EDUCATION AND MANAGEMENT INTO THE BRANCH-BASED SYSTEMS OF THE LARGER OFFICER CORPS. Editorial - Food for Thought - Machiavelli: On Change

"It should be borne in mind that there is nothing more difficult to arrange, more doubtful of success and more dangerous to carry through than initiating changes in a state's constitution."

and;

"There is nothing more difficult to take in hand, more perilous to conduct, or more uncertain in its success, than to take the lead in the introduction of a new order of things. Because the innovator has for enemies all those who have done well under the old conditions, and lukewarm defenders in those who may do well under the new."

- Machiavelli, *The Prince*, 1513; Niccolò Machiavelli (1469 - 1527),
Italian historian, statesman, and political philosopher

There has been much consternation as the Warrant Officer Corps changed over the years. Some have even heard to say, "This will be the demise of the Warrant Officer Corps." Never-the less, due to the nature and professionalism of the majority, the Corps has continued to grow as a viable and necessary element of our United States Army. Remember, your attitude could well affect the decision of well-qualified non-commissioned officers to apply for Warrant Officer appointment! Lack of Warrant Officer applicants rather than changes to the Corps could lead to the demise of the Army Warrant Officer!
