| Mold problem policy: schools (percent) | Percent of the Nation's elementary, middle, and high schools that have official school policies and engage in practices that promote a healthy and safe physical school environment: Have a plan for how to address mold problems | Yes |  |  |  | 684 |
| Motor vehicle crash deaths (per 100,000,000 vehicle miles traveled) | Motor vehicle crash-related deaths per 100 million vehicle miles traveled | Yes |  |  |  | 1077 |
| Motor vehicle crashes involving drowsy driving (per 100,000,000) | Motor vehicle crashes per 100 million miles traveled involving drowsy driving | Yes |  |  |  | 1470 |
| Motor vehicle deaths (per 100,000) | Unintentional motor vehicle related death rate | Yes | Yes | Yes |  | 18 |
| Motor vehicle injuries, nonfatal (per 100,000) | Nonfatal motor vehicle crash-related injuries | Yes |  |  |  | 1078 |
| Motor vehicle traffic deaths (per 100,000) | Motor vehicle traffic-related death rate per 100,000 | Yes | Yes | Yes |  | 1076 |
| Motorcycle helmet use (percent) | Percent of motorcycle operators and passengers using helmets | Yes |  |  |  | 1048 |
| Multivitamins/folic acid use, preconception (percent) | Percent of women delivering a live birth who took multivitamins/folic acid prior to pregnancy | Yes |  |  |  | 1179 |
| Mumps (number) | Number of reported cases of mumps | Yes | Yes | Yes |  | 10031 |
| Mumps, U.S.-acquired (number) | Number of mumps cases (U.S.-acquired cases) | Yes |  |  |  | 982 |
| Muscle-strengthening activity meeting guidelines: adults (percent) | Percent of adults who perform muscle-strengthening activities on 2 or more days of the week | Yes |  |  |  | 1321 |
| Neonatal hearing screening (percent) | Percent of infants that receive screening for hearing loss no later than age 1 month | Yes |  |  |  | 756 |
| Nephrologist seen at least 12 months before hemodialysis initiation (percent) | Percent of chronic kidney disease patients receiving care from a nephrologist at least 12 months before the start of renal replacement therapy | Yes |  |  |  | 468 |
| Never had sexual intercourse: females $<16$ years (percent) | Percent of female adolescents aged 15 years and under who have never had sexual intercourse | Yes |  |  |  | 792 |

| Short Description | Full Description | National | State | County | Hospital Referral Region | HIW ID |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Never had sexual intercourse: females 15-17 years (percent) | Percent of female adolescents aged 15 to 17 years who have never had sexual intercourse | Yes |  |  |  | 790 |
| Never had sexual intercourse: males $<16$ years (percent) | Percent of male adolescents aged 15 years and under who have never had sexual intercourse | Yes |  |  |  | 793 |
| Never had sexual intercourse: males 15 -17 years (percent) | Percent of male adolescents aged 15 to 17 years who have never had sexual intercourse | Yes |  |  |  | 791 |
| Newborn screening verification: states (number) | Number of States and the District of Columbia that verify through linkage with vital records that all newborns are screened shortly after birth for conditions mandated by their State-sponsored screening program | Yes |  |  |  | 1173 |
| Nitrophenol level: persons 6+ years ( $\mu \mathrm{g} / \mathrm{g}$ of creatinine) | Exposure to selected environmental chemicals in the population, as measured by blood and urine concentrations of the substances or their metabolites: Paranitrophenol (methyl parathion and parathions) | Yes |  |  |  | 703 |
| No exercise: adults (percent) | Adults that report no leisure-time exercise in past month |  | Yes | Yes |  | 120 |
| Non-FDA-approved pain medications (number) | Number of non-FDA-approved pain medications | Yes |  |  |  | 1198 |
| Non-Hispanic White Medicare beneficiaries 65+ (percent) | Medicare beneficiaries 65+ years of age with full fee-forservice coverage for 12 months who are Non-Hispanic white | Yes | Yes |  | Yes | 311 |
| Nonfatal firearm-related injuries (per $100,000)$ | Nonfatal firearm-related injury rate | Yes |  |  |  | 1043 |
| Number of days the Air Quality Index (AQI) exceeds 100 (number) | Reduce the number of days the Air Quality Index (AQI) exceeds 100, weighted by population and AQI value | Yes |  |  |  | 665 |
| Nurse practitioner training, cultural diversity (percent) | Percent of inclusion of core clinical prevention and population health content-Cultural diversity in health professions training-Nurse practitioner | Yes |  |  |  | 625 |

| Short Description | Full Description | National | State | County | Hospital Referral Region | HIW ID |

| Overdose ED visits for narrow-therapeutic-index medications, (per $10,000)$ | Rate of emergency department (ED) visits for overdoses of narrow-therapeutic-index medications | Yes |  |  |  | 1205 |
| Overdose ED visits for oral anticoagulants (per 10,000) | Rate of emergency department (ED) visits for overdoses from oral anticoagulants | Yes |  |  |  | 1203 |
| Overdose ED visits: children <5 years (per 10,000) | Rate of emergency department (ED) visits for medication overdoses among children less than 5 years of age | Yes |  |  |  | 1206 |
| Overexertion or repetitive motion injuries/illness from work (per 10,000) | Rate of injury and illness cases involving days away from work due to overexertion or repetitive motion | Yes |  |  |  | 1297 |
| Ozone days (number) | Annual number of days with daily 8-hour maximum ozone concentration over the National Ambient Air Quality Standard |  |  | Yes |  | 45 |
| Pap test counseling: women 21-65 years (percent) | Percent of women who were counseled by their providers about Pap tests | Yes |  |  |  | 495 |
| Pap test: women 18+ (percent) | Percent of women age 18+ that report Pap test in the last 3 years |  | Yes | Yes |  | 115 |
| Part B drug Medicare users (count) | Medicare fee-for-service beneficiaries 65+ years of age who used Part B drugs | Yes | Yes |  | Yes | 269 |
| Part B drugs Medicare utilization (percent) | Medicare fee-for-service beneficiaries 65+ years of age who used Part B drugs | Yes | Yes |  | Yes | 270 |
| Particulate matter days (percent) | Percent of days with maximum 24-hour average PM 2.5 concentration over the National Ambient Air Quality Standard |  |  | Yes |  | 44 |
| PCB level, dioxin-like: persons 12+ years (ng/g of lipid) | Exposure to selected environmental chemicals in the population, as measured by blood and urine concentrations of the substances or their metabolites: PCB 126, representative of dioxin-like PCBs | Yes |  |  |  | 707 |

| Short Description | Full Description | National | State | County | Hospital Referral Region | HIW ID |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| PCB level, nondioxin-like: persons 12+ years ( $\mathrm{ng} / \mathrm{g}$ of lipid) | Exposure to selected environmental chemicals in the population, as measured by blood and urine concentrations of the substances or their metabolites: PCB 153, representative of nondioxin-like PCBs | Yes |  |  |  | 706 |
| PCV vaccination: children 19-35 months (percent) | Percent of young children who have received universally recommended vaccines-4 doses pneumococcal conjugate vaccine (PCV) by age 19 to 35 months | Yes |  |  |  | 999 |
| Pedal-cyclist deaths (per 100,000) | Death rate of pedal-cyclists on public roads | Yes |  |  |  | 1103 |
| Pedestrian deaths (per 100,000) | Rate of pedestrian deaths on public roads | Yes |  |  |  | 1045 |
| Pedestrian injuries, nonfatal (per 100,000 ) | Rate of nonfatal pedestrian injuries on public roads | Yes |  |  |  | 1046 |
| Pelvic inflammatory disease (percent) | Percent of females aged 15 to 44 years who have ever required treatment for pelvic inflammatory disease (PID) | Yes |  |  |  | 1473 |
| Penicillin-resistant pneumococcal infections: children $<5$ years (per 100,000) | Rate of invasive penicillin-resistant pneumococcal infections among children under age 5 years | Yes |  |  |  | 965 |
| Penicillin-resistant pneumococcal infections: older adults (per 100,000) | Rate of invasive penicillin-resistant pneumococcal infections among adults aged 65 years and older | Yes |  |  |  | 966 |
| Perchlorate level: persons 6+ years ( $\mu \mathrm{g} / \mathrm{g}$ of creatinine) | Exposure to selected environmental chemicals in the population, as measured by blood and urine concentrations of the substances or their metabolites: perchlorate | Yes |  |  |  | 710 |
| Percutaneous intervention timeliness: heart attack patients (percent) | Percent of eligible patients with heart attacks who receive Percutaneous intervention (PCI) within 90 minutes of hospital arrival | Yes |  |  |  | 879 |
| Perinatal deaths (per 1,000 live births plus fetal deaths) | Rate of fetal and infant deaths during perinatal period (28 weeks of gestation to 7 days after birth) | Yes |  |  |  | 1157 |
| Periodontal disease: adults 45-74 years (percent) | Percent of adults aged 45 to 74 years with periodontitis | Yes |  |  |  | 1280 |
