	Tomatoes	3/	--	--	--	--
	Government payments 4/	222,315	--	--	2.1	10,421,404
	Net farm income 5/	2,452,728	--	--	2.1	117,907,650

-- = Not applicable

1/ The cumulative percentage is the sum of the percent of total receipts for each commodity and all preceding commodities.

2/ Percent State receipts are of U.S. receipts for same line item.

3/ Commodities at the bottom of the above ranked list of commodities and having no accompanying data would have appeared within the ranked list of leading commodities, but were excluded to avoid disclosure of confidential information about individual producers.

4/ Government payments made directly to farmers in cash or Payment-in-Kind.

5/ Net farm income, a value of production measure, is the farm operator's share of the sector's net value added to the National economy from production activities within a calendar year.
