Note to parents and teachers: Check out NASS Kids for agriculture and math fun. This site offers agriculture-related word games, puzzles, jokes, quizzes, glossary, charts and a coloring book. Also, you can find links to other agriculture-related sites, including Ag for Teachers!

Maryland Agriculture

Maryland Agriculture is all around you. Everything you eat comes from agriculture. Agriculture is the production of food and fiber and it is caring for the land, air and water that we all enjoy so much! The seafood, meat and vegetables that you eat are all part of the agricultural world. This activity booklet will help you better understand agriculture and just how important it is to us!

THE HISTORY OF FARMING

Back in the old days, farmers did not have tractors or any kind of machinery. Everything was done by hand. The first tractor was not built until 1868 and that was powered by steam. Animals were used to operate any type of manual equipment they had, before the invention of tractors. Even cows were milked by hand. Can you imagine milking hundreds of cows twice a day by hand? Think about planting and harvesting without tractors. Horses pulled small implements around to do the job. That is a lot of labor and time for the farmer, especially if there were many acres of land. Today in Maryland, the average farm is 160 acres. Think how long it would have taken in the old days to plant crops, when a horse was pulling a plow.

In this day and age, tractors have air conditioning, radios and high performance electronics. Farming is still a lot of hard work and takes a lot of time and patience, but the way farmers work has completely changed. Some farmers are using computers to keep their records, while others are using special programs to determine what to plant and how much to plant. Most dairy farmers no longer need to milk by hand. They now have automatic milking machines that do all of the work. It is amazing how much has changed in the last 150 years of farming!

GOT MILK?

Got Smarts? Quiz

Answer the questions to test your dairy skills. Write **TRUE** or **FALSE** in the blank.

- 1.) _____ A cow has 4 stomachs.
- 2.) _____ A brown cow makes chocolate milk.
- 3.) _____ There are more than 200 breeds of cows in the world.
- 4.) _____ A female cow is a bull.
- 5.) _____ Cows spend up to 8 hours per day eating.
- 6.) _____ Cud chewing helps cows to digest their food.
- 7.) _____ Jersey cows are black and white.
- 8.) _____ Milk contains lots of calcium, which will make your bones and teeth healthy and strong.

Maryland has about 60,000 dairy cows throughout the state. These cows produce over 1,000,000,000 pounds of milk each year. Can you imagine that much milk?

|-------------|----------|-----------|
| Ayrshire | cheese | Holstein |
| Brown Swiss | cows | ice cream |
| butter | cud | Jersey |
| calcium | dairy | milk |
| calf | Guernsey | udder |

Did you know?

The dairy breed with the most cows in the U.S. is Holstein. A cow must have a calf in order to produce milk. The best sources of calcium are milk, yogurt, cheese, and ice cream. The average body temperature of a healthy cow is 101.5 degrees Fahrenheit. Cows have 32 teeth. Cows drink about a bathtub full of water every day!

Can you Spot it?

Which milk cow is different? Circle the different cow.

Maryland dairy farms produced over 182 million dollars in milk sales in 2010.

COW JOKES

- What is the easiest way to count a herd of cattle?
-Use a COWculator!
- What kind of things does a farmer talk about when he is milking cows?
-Udder nonsense!
- What do you get from a pampered cow?
-Spoiled milk!

FARM SCRAMBLE

Unscramble the words below to reveal a farm word. Use the clues to help you!

1. scpro What is grown in the fields? _____
2. ranb What do the animals sleep in? _____
3. ecfne How do you keep the animals in the pasture? _____
4. asebnoy Type of round bean. _____
5. kencihc What animal lays eggs? _____
6. armfer Who takes care of the animals? _____
7. rtctaro What do farmers ride that pulls a plow in fields? _____
8. tweah Grain-rhymes with sheet. _____
9. ppeal A red colored fruit; great for eating fresh or cooking. _____
10. ayh What do horses eat? _____

Fruit or Vegetable?

Draw a CIRCLE  around the fruits and draw a SQUARE  around the vegetables.

WHO AM I?

I roll around in mud.

1. _____

I produce eggs.

7. _____

Write the correct animal name on the line provided under each clue.
Animal names may be used more than once.

I am seen in a flock.

2. _____

● ● ● **CLUES** ● ● ●

I produce milk.

4. _____

I gallop around in the field.

6. _____

I have a snout for a nose.

3. _____

I have a woolly coat.

Egg-xiting Problem Solving

Help Penny find out how many eggs she has in her basket.

1. Penny collected how many eggs at the coop? _____

2. Penny dropped how many eggs on her way home? _____

3. Penny's friend gave her how many eggs? _____

4. How many TOTAL eggs does Penny have in her basket? _____

"Chick" this out!

Circle which chicken is different?

Maryland's poultry industry ranks 8th among the United States in the number of broilers produced. The average number of layers is over two million which produce 554 million eggs per year. That's 256 eggs per chicken per year!!! Imagine that!!

☆☆☆ Counting ☆☆☆

According to the 2007 Census of Agriculture, the total sheep inventory including lambs was 22, 143 head and the number of farms raising sheep was 804.

_____ How many **TOTAL** sheep do you see?

SHEEP & PIG JOKES

What did one sheep say to the other sheep?
-“After ewe!”

What do pigs use on their cuts?
-OINKment!

How many **TOTAL** piglets do you see inside of the mommy pig? _____

How many piglets are looking **LEFT**? _____

Maryland’s hog industry accounts for \$10.26 million in income to farmers every year. According to the 2007 Census of Agriculture, the total beginning inventory of all hogs and pigs was 33,000 head and the number of farms raising hogs and pigs was 410. In 2010, the total pig crop was 68,000.

Can you find the following words in the puzzle? Circle each word that you find.

APPLE CARROT CHERRY CORN CUCUMBER
GRAPE LETTUCE ONION PEACH PEAR
PEPPER POTATO PUMPKIN STRAWBERRY TOMATO

There are about 33,500 acres of vegetables and about 3,800 acres of fruits harvested each year. Snap beans, cucumbers and pickles, green peas, potatoes, pumpkins, sweet corn, and watermelons make up approximately 28,000 acres. There are about 3,000 acres of apples and peaches harvested. Fruit, tree nut, and berry production sales totaled \$19.4 million in 2007. Vegetable, melon, potato, and sweet potato production sales totaled about \$56.4 million.

HOMOPHONES

Homophones/homonyms are words that are pronounced the same as another, but are different in meaning, whether spelled the same way or not. For example **doe** (female deer) and **dough** (mixture for baking bread or cake).

Can you complete the sentences with the correct homonyms listed below? Write the word on the line provided. Each word may only be used once.

1. A fable by Aesop, The Tortoise and the _____.
2. _____ covers the human head or is the coat of most mammals.

HAIR HARE

3. What a beautiful _____ growing in your garden.
4. A finely ground powder of wheat or grain used in baking is _____.

FLOUR FLOWER

5. The horse _____ in the pasture; the cry of a horse.
6. A voter who is against a view usually _____ a vote.

NEIGHS NAYS

7. The sister of one's father or mother is an _____.
8. An _____ is a pesky insect typically seen at a picnic.

AUNT ANT

9. Bugs Bunny is always chewing on a _____.
10. A unit for measuring the purity of gold is a _____.

CARROT KARAT

11. The cow _____ a deep, low sound.
12. What is the farmer's _____ today?

MOOD MOOED

Grow a Flower!

Place in order the steps for growing a flower, by writing the correct letter on the lines provided.

1. _____

Obtain flower seeds.

2. _____

Watch your plant grow.

3. _____

Enjoy the flowers.

4. _____

Water your plant.

5. _____

Buy a flower pot or find a garden bed.

6. _____

Dig a hole and plant your seed.

7. _____

Provide sunlight for your plant.

Step 1- A

Step 2- B

Step 3- C

Step 4- D

Step 5- E

Step 6- F

Step 7- G

• • •

Roses are red

Violets are blue

I love floriculture!

How about you?

• • •

Annual bedding/ garden plants and herbaceous perennial plants account for 95% of Maryland's total wholesale value of floriculture sales.

Barn Animals Talk

Please write the correct farm animal name on each line provided.

Chicken

Cow

Duck

Goat

Goose

Horse

Pig

Sheep

Turkey

Maryland Trivia Farm Quiz

Please circle the correct answer.

1. What is Maryland's leading agricultural product?

Greenhouse and Nursery Milk and Dairy Products Broilers

2. How many farms are there in Maryland?

6,800 12,800 9,800

3. How many milk cows are there in Maryland?

54,000 34,000 74,000

4. Which county in Maryland had the most corn acreage harvested for grains during 2010?

Worcester Queen Anne's Kent

5. Of the following three crops, which had the most acreage harvested in Maryland for 2010?

Corn for grain Wheat Soybeans

Let's Picnic with Analogies!

Analogies are similarities or comparabilities between two items. For example, bird is to fly as fish is to swim. Complete each analogy by writing the correct word on the blank line.

- Cow is to milk as egg is to _____
- Carrot is to vegetable as apple is to _____
- Ketchup is to tomato as peanut butter is to _____
- Raisins are to grapes as pickles are to _____
- Steak is to cow as bacon is to _____
- Cheese is to milk as bread is to _____
- Popcorn is to corn as chips are to _____
- Ham is to pig as roast beef is to _____
- Pear is to fruit as carrot is to _____
- Wine is to grape as juice is to _____

pig apple potatoes cucumbers wheat chicken fruit vegetable peanut cow

SECRET SCRAMBLE!

Unscramble the letters to make a word.

Matching Animals

Match the animal definition in column 1 with the animal in column 2. The items in column 2 may NOT be used more than once.

Column 1

1. young male horse  _____
2. adult female chicken  _____
3. adult female cow  _____
4. young female horse  _____
5. adult male sheep  _____
6. adult female pig  _____
7. young cow or bull  _____
8. adult female horse  _____
9. adult male chicken  _____
10. young pig  _____
11. adult male horse  _____
12. adult female sheep  _____

Column 2

- a. rooster
- b. stallion
- c. ewe
- d. sow
- e. ram
- f. mare
- g. colt
- h. calf
- i. piglet
- j. heifer
- k. filly
- l. hen

Maryland Agricultural Statistics

A field office of the National Agricultural Statistics Service

United States Department of Agriculture

USDA, NASS, Maryland Field Office
50 Harry S. Truman Parkway, Suite 202
Annapolis, MD 21401

Phone: (800) 675-0295
Fax: (410) 841-5755

Junior Ag Stats:

We hope you enjoyed the Farm Fun Activity workbook. We are proud of Maryland's agriculture. We are grateful to our Maryland farmers and their families for the food they produce. They provide delicious meats, fresh fruits and vegetables, and wholesome milk for us to enjoy everyday!

We are also grateful to them for completing our surveys throughout the year. This is how we gather our information and statistics about agriculture. Many people learn from the important statistics like.....

THE FARMERS, THEMSELVES

MAGAZINES, NEWSPAPERS AND RADIO

FARM BUSINESSES

FARM ASSOCIATIONS

BANKS AND LENDERS

SCHOOLS AND UNIVERSITIES

FARM COOPERATIVES

GOVERNMENT AGENCIES

LEGISLATURES

We hope you have learned a lot about agriculture and all it has to offer.

Maryland agriculture is a very important part of our daily lives!
