

Effective Health Care

Request for Information on Osteoporosis Trials Nomination Summary Document

Results of Topic Selection Process & Next Steps

- This nomination does not fit within the domain of the Effective Health Care (EHC) Program because it is a request for information about how to enroll in clinical trials, not a question about the effectiveness of a healthcare intervention. No further activity will be undertaken on this topic.
- Patients who are interested in participating in clinical trials are advised to go to www.clinicaltrials.gov, where a list of planned and ongoing clinical trials is available along with information on which trials are enrolling participants, and contact information.

Topic Description

Nominator: Individual

Nomination Summary: The nominator states that he is suffering from pain from osteoporosis. He questions whether there are any clinical trials in his area that he could participate in.

Key Questions from Nominator: None

Considerations

- The topic does not meet EHC Program appropriateness criteria. (For more information, see <http://effectivehealthcare.ahrq.gov/index.cfm/submit-a-suggestion-for-research/how-are-research-topics-chosen/>.)
