

# Effective Health Care

## Treatment of Coronary Artery Disease Nomination Summary Document

### Results of Topic Selection Process & Next Steps

- Treatment of coronary artery disease is too broad to develop given limited program resources. No further activity will be undertaken on this topic.

### Topic Description

**Nominator:** National non-governmental advisory group

**Nomination Summary:** The nominator has expressed interest in a review on the treatment of coronary artery disease. The nominator specifies medical, surgical, and catheter-based treatment as areas of importance.

**Key Questions from Nominator:** None

### Considerations

- This topic could not be evaluated due to insufficient information given in the original nomination. Specifically, the populations, interventions, comparators, and outcomes are all undefined.
