Payable and Receivable Balances

Do NOT net payables against receivables.

The current quarter's opening balance should be equal to the previous quarter's closing balance; therefore, if it is necessary to translate the balances to U.S. dollars, use the same exchange rate to translate the opening balance for the current quarter as was used to translate the closing balance for the previous quarter. If the closing balance on the preceding quarter's report was in error, note the correction.
