MEMORANDUM FOR: SUPPLY PROCESS REVIEW COMMITTEE MEMBERS

SUBJECT: Approved Defense Logistics Management System (DLMS) Change (ADC) 157, Optional Capability for Sending Information Copy of DLMS Supplements 527D and 527R to a Component Unique Item Tracking (UIT) Registry (Staffed by PDC 163) (Supply)

The attached change to DOD 4000.25-M, DLMS, is approved for implementation. The updated DLMS Supplement will be posted to the Defense Logistics Management Standards Office (DLMSO) Web site (http://www.dla.mil/j-6/dlmso/ICs/Default.htm) within 30 days from the above date for implementation planning. DLMSO will submit concurrently any necessary revisions to the governing Federal Implementation Convention to the DOD Electronic Data Interchange Standards Management Committee, and the Federal Electronic Data Interchange Standards Management Coordinating Committee, and applicable working groups.

Addressees may direct questions to the DLMSO point of contact, Ms. Mary Jane Johnson, 703-767-0677, DSN 427-0677, or e-mail: Mary.Jane.Johnson@dla.mil. Others must contact their Component designated Supply Process Review Committee representative

JAMES A. JOHNSON
Director
Defense Logistics Management
Standards Office

UNIQUE ITEM TRACKING COMMITTEE

ATTACHMENT TO ADC 157
Optional Capability for Sending Information Copy of DLMS Supplements 527D and 527R to a Component Unique Item Tracking (UIT) Registry (Supply)

1. ORIGINATOR:

a.   **Service/Agency:** Defense Logistics Management Standards Office (DLMSO).

b.   **Sponsor:** Unique Item Tracking Committee (UITC), Chair: Mary Jane Johnson, DLMSO, email: Mary.Jane.Johnson@dla.mil.

2. REFERENCES: All DLMS Supplements (DS) listed in this memorandum are posted to the DLMSO web site at http://www.dla.mil/j-6/dlmso/elibrary/TransFormats/x12.asp. Federal Implementation Conventions (IC) are available at http://fedebiz.disa.mil/cgi/advsearch.cgi.

3. FUNCTIONAL AREA: Primary: Supply

4. REQUESTED CHANGE:

a.   **Title.** Optional Capability for Sending Information Copy of DLMS Supplements 527D and 527R to a Component Unique Item Tracking (UIT) Registry (Staffed by PDC 163) (Supply).

b.   **Description of Change:**

(1) This change updates DLMS supplements 527D and 527R transactions to provide capability to send an information copy of the transactions to a stand-alone Component UIT registry when/if an integrated AIS approach is not used for UIT. Also adds Uniform Resource Locator (URL) to the list of code structures available for the registry, such as DUNS number, Department of Defense Activity Address Code (DODAAC), Routing Identifier Code, etc. These changes represent DLMS enhancements over Defense Logistics Standard System (DLSS, also known as MILS) capability.

(2) This change supports PDC 147, November 4, 2004, DLMS Unique Item Tracking (UIT) Procedures – New Chapter 19 (Supply/UIT). [PDC 147 is currently being revised for staffing as PDC 147A, based on discussion at the December 9, 2004, Unique Item Tracking Committee meeting.] PDC 147 identified additional changes needed to support DLMS UIT procedures, to include a PDC for modification of DS to provide capability to send select transactions to a stand-alone UIT registry. This change will meet that requirement for DS 527R and 527D. An additional PDC will be staffed to incorporate the requirement for other select DS with UIT capability.

(3) This change does not dictate how DoD Component systems accomplish UIT or require/recommend use of a stand alone registry. It merely provides capability to send an information copy of the transaction to a registry if required by a Component. DLMS UIT procedures may be used with an integrated AIS accommodating UIT data as an integral part of the standard logistics AIS, or may be used with stand-alone UIT data registries when required. Components must address system changes/design necessary to support UIT.

5. REASON FOR CHANGE: Provides optional capability to send an information copy of DS 527D/527R transactions to a stand-alone UIT registry when required by a Component.

6. ADVANTAGES AND DISADVANTAGES:

     a. Advantages: Provides capability to send an information copy of DS 527D and DS 527R transactions to a Component UIT registry when required by a Component. This capability is optional.

     b. Disadvantages: None identified.

7. IMPACT: Publication(s): DoD 4000.25-M, DLMS, Federal IC for 527D and 527R and corresponding DLMS Supplements (DS). If needed, revisions to Federal ICs will be submitted to the EDISMC/Logistics Functional Work Group for coordination/approval. Modify 527D and 527R as identified in the table below. Changes will be carried over to DLMS XML equivalent transactions. No comments were received to PDC 163. DLMSO additional administrative changes not identified in PDC 163 are highlighted in the table below.

Item #	Location	DS 527D and DS 527R Revision	Reason	Federal IC Impact
1.	DLMS Introductory Notes	Revise DLMS note 1 for **DS 527D** to add 2 new sentences at the end of the note: …*This transaction encompasses the functionality of MILSTRAP Document Identifier (DI) Codes DD_, DF_, DLC, DLD, DLE, DLF, DU_, and DW_. This transaction also accommodates the functionality of non-DLSS DI Codes C2G, C2H, and C3C in support of Medical requirements.* Revise DLMS note 1 for **DS 527R** to add 2 new sentences at the end of the note: …*This transaction encompasses the functionality of MILSTRAP Document Identifier (DI) Codes D4_, D6_, DRA, DRF, DXA, DXB, DXC, and DXD. This transaction also accommodates the functionality of non-DLSS DI Codes C2J, C2K, and C3D in support of Medical requirements, and non-DLSS DI Code BAY in support of Army Total Package Fielding.*	Administrative update.	No impact.

Item #	Location	DS 527D and DS 527R Revision	Reason	Federal IC Impact
2.	1/BR02/20	**For 527D**, Revise DLMS notes to add corresponding MILSTRAP DI code for information purposes as follows: **DA Due-In** *DLMS Note: Managers use to establish due-in records. (MILSTRAP DI Code DD_/DF_ functionality)* **DE Advance Receipt** **DLMS Note:** *Owners use to provide storage activities with advance receipt information. (MILSTRAP DI Code DU_/DW_ functionality)* **LC Due-in Reconciliation Inquiry** **DLMS Note:** *GIMs use to initiate a reconciliation of all procurement source dues-in for logistically reassigned material which was not received. (MILSTRAP DI Code DLE functionality)* **TI Delinquent Due-in Advice** **DLMS Note:** *LIMs use to provide GIMs with due-in information in response to an inquiry and to provide revised Estimated Delivery Dates (EDDs) as changes occur. (MILSTRAP DI Code DLD functionality)* **TJ Delinquent Due-in Inquiry** **DLMS Note**: *GIMs use to inquire to LIMs for information on delinquent procurement source dues-in. (MILSTRAP DI Code DLC functionality)* **TK Due-in Reconciliation Advice** **DLMS Note**: *LIMs use to respond to GIMs due-in reconciliation inquiries. (MILSTRAP DI Code DLF functionality)*	Administrative update to provide corresponding MILSTRAP DI code for information purposes.	No impact.

Item #	Location	DS 527D and DS 527R Revision	Reason	Federal IC Impact
3.	1/BR02/20	**For 527R**, Revise DLMS notes to add corresponding MILSTRAP DI code for information purposes as follows: **D4 Receipt** **DLMS Note:** *Use when reporting a receipt of material into DoD inventory.* ==*(MILSTRAP DI Code D4_/D6_ functionality)*== **DG Response** **DLMS Note:** *Use when responding to an inquiry regarding an over-due receipt.* ==*(MILSTRAP DI Code DXC/DXD functionality)*== **IN Inquiry** **DLMS Note:** *Use when initiating an inquiry for receipt information.* ==*(MILSTRAP DI Code DXA/DXB functionality)*== **TG Receipt Acknowledgement Inquiry** **DLMS Note:** *Use when initiating an inquiry for delinquent MRA.* ==*(MILSTRAP DI Code DRF functionality)*== **TH Receipt Acknowledgement Advice** **DLMS Note:** *Use for MRA to acknowledge the receipt or nonreceipt of material.* ==*(MILSTRAP DI Code DRA functionality)*==	Administrative update to provide corresponding MILSTRAP DI code for information purposes.	No impact.
4.	==2/LIN01/10==	==Change to DS **527D** ONLY—Revise LIN01 #20 code T note as follows:== *20. T - Memorandum notification from the LIM to the GIM of anticipated receipt, or return to inventory, which is scheduled to be logistically reassigned to the GIM when received.* ==*For use only with due–in transactions (1/BR02/20 code DA).*==	Administrative clarification for Code T applicability.	No impact.
5.	DLMS Introductory Notes	Add ADC to DLMS note 7: *- ADC 157, Optional Capability for Sending Information Copy of DLMS Supplements 527D and 527R to a Component Unique Item Tracking (UIT) Registry (Supply).*	Identifies DLMS Changes included in the DLMS Supplement	No impact.

Item #	Location	DS 527D and DS 527R Revision	Reason	Federal IC Impact
6.	2/N101/210	<u>Add code 'KK-Registering Party' with DLMS note</u> KK Registering Party DLMS note: *1. Use to identify the Component UIT registry. May be used by a Component when their UIT process requires that a **copy** of this 527R transaction must also be sent to a UIT registry for information purposes. Must be used with 2/N106/210 code 'PK-Party to Receive Copy' to identify that this is only an information copy of the transaction, for use with the Component UIT registry.* *2. DLMS enhancement. See introductory DLMS note 5.a.*	To provide optional capability to send an information copy of a transaction to a Component UIT Registry. The note shown at left is for the 527R transaction. The same note applies to 527D except that it would specify "527D" rather than "527R".	No impact.
7.	2/N103/210	<u>Add code 'UR-Uniform Resource Locator' with DLMS notes:</u> UR Uniform Resource Locator (URL) *DLMS Note:* *1. Use when appropriate to identify the Component UIT registry.* *2. DLMS enhancement; see introductory DLMS note 5.a.*	Adds capability to use a URL consistent with DLMS UIT capability added to DS 140B.	Revision required.
8.	2/N106/210	<u>Add code 'PK - Party to Receive Copy' with DLMS note.</u> PK Party to Receive Copy DLMS Note: *1. Use when appropriate to send an information copy of the transaction to a Component UIT registry. For use with N101 code KK.* *2. DLMS enhancement. See introductory DLMS note 5.a.*	To provide capability to send an information copy of a transaction to a UIT registry, when required by a Component.	No impact.
