

PBS, with its 356 member stations, offers all Americans - from every walk of life - the opportunity to explore new ideas and new worlds through television and online content. Each month, PBS reaches more than 124 million people on-air and online, inviting them to experience the worlds of science, history, nature and public affairs; hear diverse viewpoints; and take front row seats to world-class drama and performances. PBS' broad array of programs has been consistently honored by the industry's most coveted award competitions. Teachers of children from pre-K through 12th grade turn to PBS for digital content and services that help bring classroom lessons to life. PBS' premier children's TV programming and Web site, pbskids.org, are parents' and teachers' most trusted partners in inspiring and nurturing curiosity and love of learning in children.
