## SLGSafe® APPLICATION FOR INTERNET ACCESS

OMB NO. 1535-0092

## U.S. TREASURY SECURITIES STATE AND LOCAL GOVERNMENT SERIES

SLGSafe is a secure electronic commerce Internet site designed by the Bureau of the Public Debt to give customers the opportunity to manage their portfolios for U.S. Treasury Securities - State and Local Government Series (SLGS).

To apply for access, you must select one SLGSafe Access Administrator and a Back-up Access Administrator who are responsible for designating users, updating user information, and forwarding the Application(s) with attached User Acknowledgment(s) to the Special Investments Branch (SIB). Your Access Administrator must certify that all individuals are authorized to conduct SLGSafe transactions for the organization.

One SLGSafe Application and User Acknowledgment(s) need to be completed for each business address. Your Access Administrator must mail the Application and User Acknowledgment(s) to the **Special Investments Branch**, **Bureau of the Public Debt**, **200 Third Street**, **P.O. Box 396**, **Parkersburg**, **WV 26106-0396**. You may also complete a SLGSafe Template Worksheet and mail it with your Application. The completed worksheet will be used to create a SLGSafe template so your information will automatically appear each time you subscribe for a new issue.

After SIB has approved the Application and the User Acknowledgment(s), each user will be contacted and given a User ID with instructions on connecting to SLGSafe. The User ID, together with a password each user will create, provides security by verifying the identity of each individual user. Users must agree to comply with 31 CFR Part 344, SLGSafe Application for Internet Access, the SLGSafe Internet User's Guide, as well as legal and privacy notices.

The Access Administrator must keep a copy of this Application and of the User Acknowledgment(s) on file for a period of seven years and must make these documents available for examination by SIB upon request.
