DEFINITIONS

OHI: OHI refers to insurance or benefits you may have other than CHAMPVA called "Other Health Insurance".

EOB: The abbreviation for an "explanation of benefits" form or letter that must accompany claims submitted to CHAMPVA. An EOB is a statement or "Remittance Advice" from an insurance carrier or benefit program that summarizes the action taken on a claim. Note: If you have OHI primary to CHAMPVA you must submit EOB's for each primary insurance along with health care claims. If your OHI does not issue EOB's i.e. some HMO's and PPO's, you must submit a copy of your active co-payment information shown on your insurance card or a document showing your co-payments with every health care claim so CHAMPVA can calculate benefit payments.

Carrier: Carrier is the insurance company that provides your medical benefits.

OHI primary to CHAMPVA: CHAMPVA by law is always supplemental or the secondary payer of health care benefits except for Medicaid, State Victims of Crimes Compensation Programs, and policies purchased exclusively to supplement CHAMPVA benefits.

Supplemental CHAMPVA policies: These are policies specifically purchased for the purpose of covering your cost share after CHAMPVA has completed adjudication of a claim.

Medicare supplemental policies: These are policies that are specifically for the purpose of covering your Medicare out of pocket expenses. These Medicare supplemental policies such as "Medigap" or Policies offered through employment are primary to CHAMPVA and must provide an EOB along with the Medicare EOB (**two EOBs**) for each claim submitted to CHAMPVA.

Indemnity: Plans that pay a flat fee or daily rate to supplement lost income while hospitalized are called Indemnity Plans.

Termination date: This is the date the policy ended or ceased to be active. The end date for a period shown on a card that will be reissued is not the termination date. Closing a policy will generate a true termination date.

Privacy Act Information: The authority for collection of the requested information on this form is 38 USC 501 and 1781. The purpose of collecting this information is to determine payer status when other health insurance coverage exists. The information you provide may be verified by a computer matching program at any time. This collection of information is to determine payer status when other health insurance coverage exists.
