

Chris Boyer

Assistant Vice President
Public Policy
AT&T Services Inc.

Chris Boyer serves as Assistant Vice President - Public Policy at AT&T Services Inc. Mr. Boyer is responsible for developing and coordinating AT&T's public policy positions on issues impacting emerging services and technology including cyber security, cloud computing, content and video regulation and Internet technology.

Mr. Boyer participates in a wide range of legislative, regulatory and policy development proceedings and represents AT&T before stakeholders on the Federal and state levels and in a variety of international forums.

In this role Mr. Boyer serves as AT&T's representative and current Chairman of the Board of Directors of the National Cyber Security Alliance, a public private partnership dedicated to promoting cyber security awareness and education for home users, small and medium size businesses, and primary and secondary education, and as the co-chair of the public policy committee at the Messaging Anti-Abuse Working Group (MAAWG).

Mr. Boyer previously served as AT&T's policy lead in California functioning as AT&T's policy liaison to the high tech community in Silicon Valley. Prior to this assignment Mr. Boyer was AT&T's policy lead with AT&T's network planning and engineering, operations, product development and marketing organizations responsible for the company's nationwide efforts to expand fiber optics into neighborhoods to deliver Internet Protocol (IP)-based television, faster high-

speed broadband Internet access and voice over IP under the AT&T U-verseSM brand.

In this role Mr. Boyer developed AT&T's policy strategy, advised AT&T's business units on a variety of policy related issues and represented AT&T before numerous external stakeholders as a subject matter expert on AT&T's U-verse initiative helping grow AT&T's U-verse TV service from its inception to more than 3 Million subscribers today.

Mr. Boyer joined AT&T in 1993 and has held various positions in AT&T's corporate public policy, network planning and engineering, product marketing and network services departments including extensive experience working on AT&T's broadband, VoIP and IPTV initiatives.

Mr. Boyer holds a Bachelor of Science in Business Administration degree from the University of Kansas and an MBA from the University of Houston in Houston, TX. He currently resides in Bethesda, MD.
