Clue #1

- According to the National Highway Traffic Safety Administration, during December 2010, 2,597 people lost their lives in motor vehicle traffic crashes, and 30 percent (775) involved an alcohol-impaired driver. Holiday celebrations offer a perfect opportunity to enjoy a good time with family and friends. Soldiers, Family members, and Civilians must be proactive and have a responsible plan if choosing to drink. Whenever your social plans involve alcohol, make plans so that you don't have to drive after drinking. Be responsible!

Clue!

The main post chapel makes you cold, but the lanes on the hill will make you hot. If you get this clue, you'll be in the right spot.
