

# IDIS OnLine for CDBG Entitlement Communities

U.S. Department of Housing and Urban Development

### **PREFACE**

### **Purpose**

This manual explains the major IDIS OnLine functions for CDBG entitlement grantees.

#### **Contents**

Chapter 1 is a brief overview of major IDIS OnLine functions.

Chapter 2 shows how to add and maintain projects.

Chapter 3 explains how to set up a CDBG activity.

Chapter 4, 5, and 6 cover the Funding/Drawdown functions of funding activities, processing drawdowns, and receipting Program Income (PI) and Revolving Loan (RL) funds.

Chapter 7 describes the process of accessing CDBG activities for update, and Chapter 8 outlines the processes of CDBG accomplishment reporting and activity completion.

Chapters 9 through 13 give detailed instructions on reporting accomplishments for CDBG area benefit (LMA), limited clientele benefit (LMC), low/mod housing benefit (LMH), low/mod job creation and retention (LMJ), slum/blight (SBA, SBR, SBS), and urgent need (URG) activities.

Chapters 14 and 15 cover the grant and grantee functions.

Supporting material is provided in the appendices.

#### What is Not Covered

Three major functions—Admin, Reporting, and Data Downloads—are not covered here. Admin was omitted because few users will have access to that function. Reporting is covered in "How to Run Reports in IDIS OnLine," available at

www.hud.gov/offices/cpd/systems/idis/idis.cfm

Also posted at that address is "IDIS OnLine Data Download Documentation."

#### **Intended Audience**

This manual is intended for people who are already familiar with CDBG entitlement rules and regulations. It is not a regulatory or policy training guide, and assumes that users have acquired this knowledge from other training and/or experience.

# **Chapter 1 AN OVERVIEW OF IDIS ONLINE**

The Integrated Disbursement and Information System (IDIS) OnLine is the management information system used by four CPD formula programs: CDBG, ESG, HOME, and HOPWA.

As its name suggests, IDIS OnLine serves two major purposes. Grantees use the system to track and draw down CPD funds and program income (the disbursement side of IDIS OnLine) and to record the results of CPD-funded activities (the information side).

HUD uses the data grantees provide in IDIS OnLine to report on the performance of the CPD formula programs to Congress and other program stakeholders.

#### IDIS ONLINE COMPONENTS

The basic components of IDIS OnLine are:

Grants, Subfunds, and Subgrants
Consolidated Plan/Annual Action Plan
Projects
Activity Setup
Activity Funding
Drawdowns
Accomplishment Reporting
Reports
Security and Data Access

Each is described below.

# **Grants, Subfunds, and Subgrants**

Entitlement grantees receive a formula grant on an annual basis from the CDBG program. Information about each CDBG grant is sent to IDIS OnLine from LOCCS (Line of Credit Control System), including a grant number, an amount, and an obligation date. The grant number identifies the grantee. The amount is the current amount of the grant and is affected by formula allocation, reallocations, and deobligations. The obligation date is used to track the timeliness of grant expenditures.

Subfunds and subgrants are IDIS OnLine features not widely used by CDBG grantees. Subfunding allows grantees to earmark and track grant funds by **specific use—**e.g., administration and subgrants. Subgranting allows grantees to earmark and track grant funds by **specific organization—**e.g., any organization receiving CDBG entitlement funds to carry out an activity.

#### **Consolidated Plan and Action Plan**

Each year, a CPD formula grantee creates either a Consolidated Plan or an Action Plan (the section of the Consolidated Plan that is updated and submitted to HUD annually). In the Plan, the grantee identifies community needs, resources, and priorities, and describes the projects to be undertaken with CDBG, HOME, ESG, and/or HOPWA funds in the upcoming year.

### **Projects**

As stated above, the Action Plan includes a list of projects that the grantee proposes to carry out with CPD funds. These projects are high-level descriptions of what the grantee intends to accomplish over the next year. Information about each project, such as name, description, estimated budget, and expected accomplishments, is either uploaded into IDIS OnLine or input directly into the system by grantees. Projects also serve as the chief mechanism for organizing and tracking related activities in IDIS OnLine.

# **Activity Setup**

Each activity in IDIS OnLine is set up under one of the projects in an Action Plan. It is at the activity level that grantees supply HUD with details about the work they will carry out to meet project goals. Information entered at setup includes the activity name, location, proposed accomplishments, and program-specific data.

# **Activity Funding**

An activity must be funded before draws can be made for the activity. CDBG funds can be committed to an activity only if all required CDBG setup information has been entered.

A single activity may be funded by multiple CPD programs, provided the setup data required by each of the funding programs has been entered.

#### **Drawdowns**

Drawdowns may be made for an activity after it has been funded. The total amount drawn down cannot exceed the funded amount.

# **Accomplishment Reporting and Activity Completion**

Proposed accomplishments for a CDBG activity are reported at activity setup. Actual accomplishments are provided for each program year the activity is underway. Upon completion of an activity, its status is updated to "complete." IDIS OnLine permits the update only after ensuring that all required data has been entered. Before marking the activity as complete, IDIS OnLine releases all undrawn funds that were committed to the activity and sets the funded amount equal to the amount disbursed.

## Reports

IDIS OnLine offers numerous reports to grantees, including program year, activity, and financial reports. Some of them, such as the Grantee Performance Report (PR03), Summary of Accomplishments (PR23), and Performance Measures Report (PR83), are specific to CDBG.

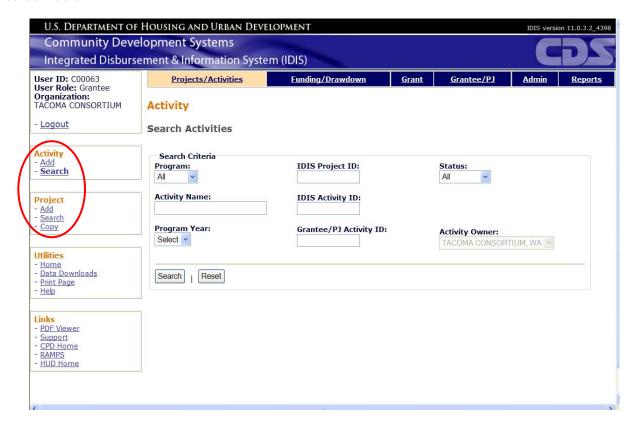

# **Security**

IDIS OnLine enforces two types of security. The first type controls the functions that a user may perform. Some of the functions controlled by user ID are set up activity, revise activity, create drawdown, approve drawdown, and run reports. The second type of security controls a user's access to IDIS OnLine data by grantee and by CPD program. A user might, for example, have access to his/her organization's data for all CPD programs in IDIS OnLine, or be limited to accessing CDBG data only. Additionally, a user may be given access to the data for more than one grantee. That user's security profile can be different for each grantee.

#### **IDIS ONLINE FUNCTIONS**

In the old IDIS, functions were accessed from the Main Menu and submenus. In IDIS OnLine, they are accessed by clicking tabs on the menu bar running across the top of the screen and then clicking links listed on the left side of the page.

For example, clicking the Projects/Activities tab at the top of the Welcome page displays the screen below:

Links to add and search (edit/view) activities and to add, search, and copy projects are listed on the left (and circled on the screen print above). To create a new activity, then, you would like on the Activity Add link.

The table below shows the functions that each tab provides access to:

Click this tab	To access these functions
Projects/Activities	Projects Activities
Funding/Drawdown	Activity Funding Drawdowns Receipts
Grant	Grant Subfund Subgrant
Grantee/PJ	Grantee/PJ

Click this tab	To access these functions
	Subordinate
Admin	Maintain User Profiles Table Maintenance
Reports	View Reports Report Parameters

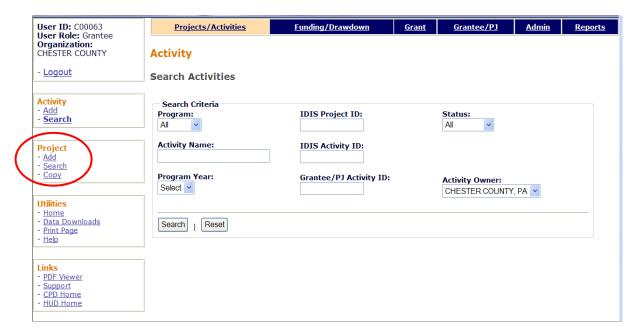

The tabs and the links available for each function depend on your security profile. If, for example, you are not authorized to perform any Admin functions, the Admin tab is not displayed. If you are not authorized to add activities, then only the <u>Search</u> link is displayed for the Activity function.

# **Chapter 2 PROJECTS**

IDIS OnLine projects correspond to your Consolidated Plan/Action Plan projects, which describe the work you will be carrying out in the coming program year with the CPD formula funds you are awarded. Each IDIS OnLine project is set up under a specific plan year.

### **ACCESSING THE PROJECT FUNCTIONS**

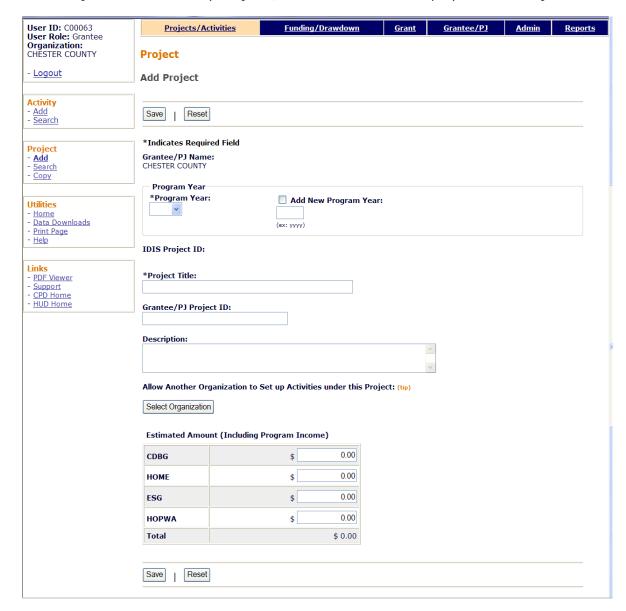

Click the Projects/Activities tab at the top of the screen you are on to display the Search Activities screen. On it and all other Projects/Activities screens, links to the project functions you are authorized to access are listed on the left (and circled on the screen print):

The Add, Search, and Copy functions are explained below.

# **ADD PROJECTS**

Click the Project Add link on any Projects/Activities screen to display the Add Project screen:

The required fields on this screen are Program Year, Project Title, and Estimated Amount.

Field	Description
Grantee/PJ Name	This read-only field shows the name of the grantee who owns the Consolidated Plan/Action Plan this project is being set up under.
Program Year	Select the program year under which the project is to be set up. If the year you want is not listed, leave this field blank and tab to ADD NEW PROGRAM YEAR.

Field	Description	
Add New Program Year	To add a year that is not listed on the PROGRAM YEAR dropdown, click this box and then type in the new year.	
IDIS Project ID	Initially this field is blank. The system assigns an ID the first time the project is saved.	
Project Title	Enter a name for the project, following the naming standards your organization has established.	
Grantee/PJ Project ID	If you want to assign your own code, number, or other identifier to this project, enter it here.	
Description	A description of the project is optional.	
Allow Another Organization to Set Up Activities under this Project	If you do not create subgrants, ignore this field. Otherwise, if you want IDIS users at an organization that you have created a subgrant for to be able to set up activities under this project:	
	Click the <select organization=""> button.</select>	
	<ul> <li>On the Select Organization page, enter search criteria if you wish or leave the search fields blank to display a list of all your subgrantees.</li> </ul>	
	Click the <search> button.</search>	
	<ul> <li>Select an organization by clicking first on the radio button next to its name and then on the <select> button.</select></li> </ul>	
	To return to the Add Activity page without selecting an organization, click the <cancel> button.</cancel>	
Estimated Amount (Including Program Income)	Enter the amount of grant funds and program income that has been budgeted for this project from each CPD program. You must enter an amount for one program; you may enter amounts for more than one.	
	Input the amount as dollars and cents. If you omit the cents, the system will append `.00'.	

Click the <Save> button to add the project or the <Reset> button to clear the screen.

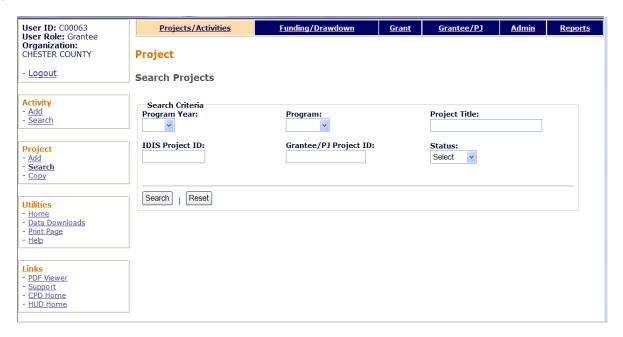

When a project is saved, the screen is returned in edit mode. The Edit Project screen is explained in detail on the next page. For now, note that you can add another project by clicking the <Return to Projects> button at the top/bottom of the edit screen.

# **EDIT/VIEW PROJECTS**

To edit or view a project, you must first conduct a search to retrieve it. Click the Project Search link on any Projects/Activities screen to access the Search Projects screen.

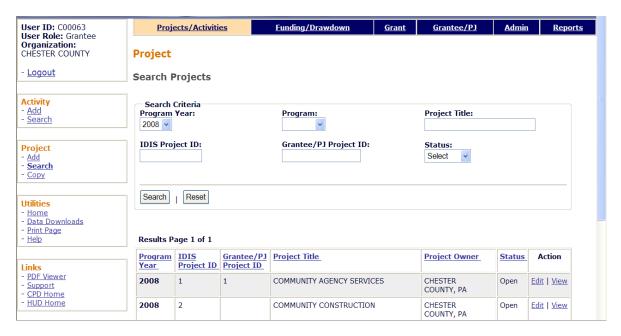

#### **SEARCH PROJECTS SCREEN**

Specify as many or few search criteria as you wish to retrieve the project(s) you want to update/view:

Field	Description
Program Year	To limit the results to a particular year, select it from the dropdown.
IDIS Project ID	To limit the results to a particular project, enter the project's system-assigned ID.
	If you specify both PROGRAM YEAR and IDIS PROJECT ID, which together uniquely identify a project, there is no point in filling in any of the other search fields.
Program	Specify a program to narrow the results to projects where the ESTIMATED AMOUNT for the selected program is greater than zero.
Grantee/PJ Project ID	Limit the results to projects with a GRANTEE/PROJECT ID that contains the text string you enter here.
Project Title	Limit the results to projects with a PROJECT TITLE that contains the text string you enter here.
Status	Search for projects with a particular status by selecting <b>Open</b> or <b>Canceled</b> .

Click the <Search> button to run the search and display the projects that meet the criteria you specified:

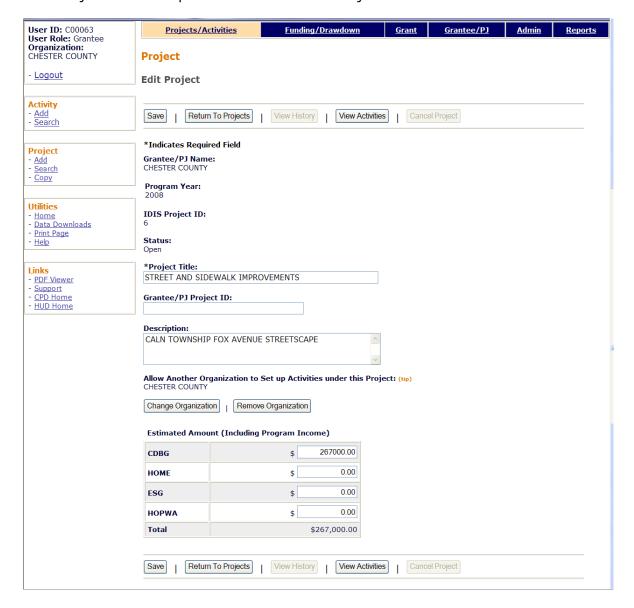

On initial display, the results are sorted by PROGRAM YEAR (descending) and IDIS PROJECT ID (ascending). You can change both the sort field and the sort order by clicking on any column header that is in blue and underlined.

Select the project you want to process by clicking its <u>Edit</u> or <u>View</u> link in the last column (only the view link will be available for canceled projects and for users not authorized to edit projects).

Depending on the link selected, the Edit Project or View Project screen will be displayed. The two screens are very similar except, of course, that data on the view screen cannot be changed. Only the Edit Project screen is shown here.

#### **EDIT PROJECT SCREEN**

The Edit Project screen is quite similar to the Add Project screen:

The first four fields—GRANTEE/PJ NAME, PROGRAM YEAR, IDIS PROJECT ID, and STATUS—are protected from update. Note that the STATUS of every project displayed on the edit screen is **Open**, meaning that activities may be set up under it.

All of the other fields (described on pages 2-2 and 2-3) may be changed.

Click the <Save> button to save your changes or the <Return to Projects> button to exit without saving. Both buttons redisplay the Search Projects screen.

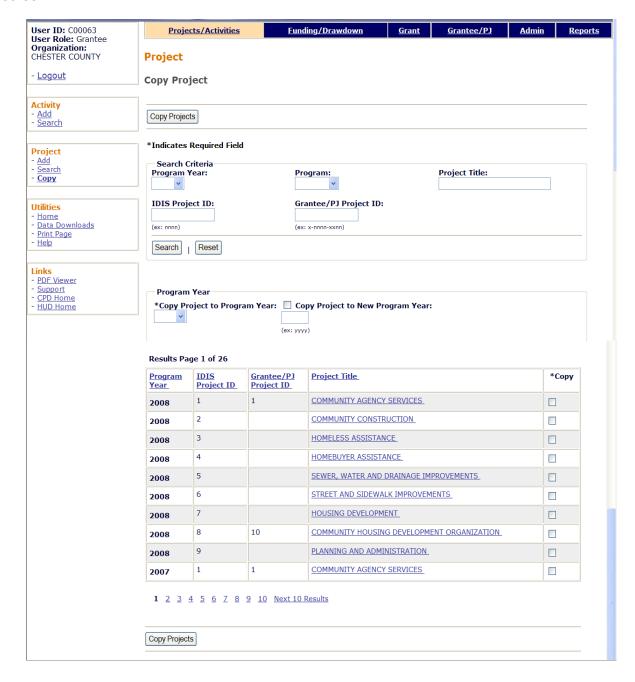

Additional buttons on this screen are:

<View History>, enabled only if any ESTIMATED AMOUNT has ever been changed.
 Clicking it displays the Project History screen, which shows what the amount(s) were changed from.

- <View Activities>, which displays a list of the activities set up under a project. There
  is a link for returning to the Edit Project screen next to the Reset button on the
  activity list page.
- <Cancel Project>, enabled only if there are no activities or only canceled activities set up under the project. Click it to change the project status to **Canceled**, meaning that activities cannot be set up under it. You will be asked to confirm the cancellation on another screen. Once a project is canceled, it cannot be reopened.

#### **COPY PROJECTS**

Click the Project <u>Copy</u> link on any Projects/Activities screen to display the Copy Project screen:

The screen is divided into three sections: Search Criteria, Program Year, and Results.

#### **Search Criteria**

On initial display, all of your projects are listed. You can limit the results displayed (and so reduce the amount of paging you may need to do) by running a search (see page 2-4 for details).

#### **Program Year**

Select the program year the project is to be copied to from the COPY PROJECT TO PROGRAM YEAR dropdown. If the year you want is not listed, leave this field blank and tab to COPY PROJECT TO NEW PROGRAM YEAR. Click the box, then type in the new year.

#### Results

Click the box in the Copy column of each project to be copied, then click the <Copy Projects> button at the top/bottom of the page. The Copy Projects page is redisplayed with the copied projects included in the results.

# Chapter 3 CDBG ACTIVITY SETUP

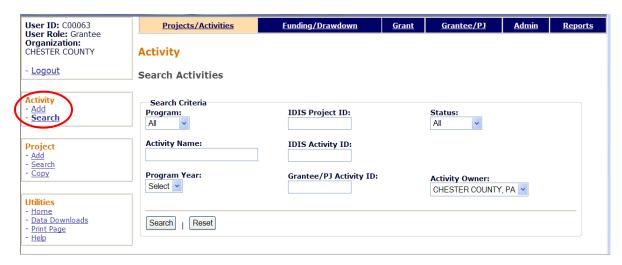

The screens for setting up a CDBG activity are covered in this chapter. They are:

Page	Screen	Displayed for
3-2	Add Activity	All activities.
3-5	Add CDBG Setup Detail (Page 1)	All but admin/planning activities.
3-11	Add CDBG Setup Detail (Page 2)	All but admin/planning activities.
		Screen content varies with national objective of activity.
3-17	Add CDBG Setup Detail (Page 3)	LMA* activities only.
		Screen content depends on whether Census or survey data was used to determine activity eligibility.
3-21	Add CDBG Setup Detail (Page 4)	LMA* activities using Census data.
3-23	Add CDBG Setup Detail (Page 5)	LMA* activities using Census data.
3-25	Edit Activity	All activities.

Required setup information must be provided on these screens before an activity can be funded with CDBG.

# **ACCESSING THE ADD ACTIVITY FUNCTION**

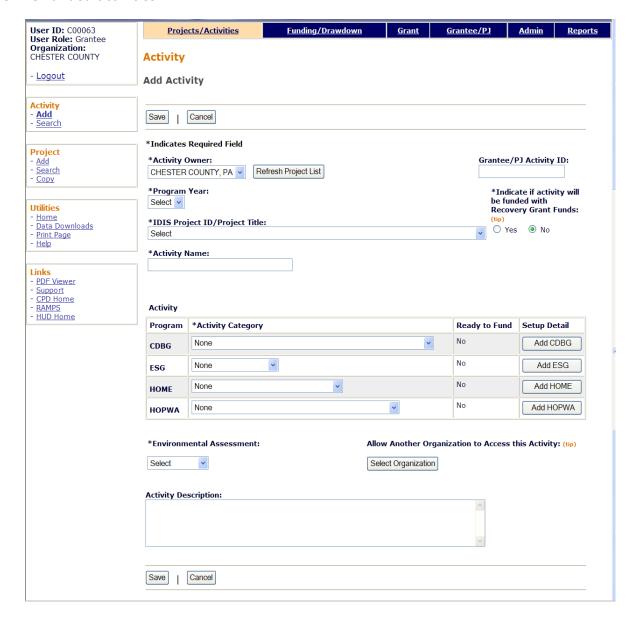

Click the Projects/Activities tab at the top of the page you are on to display the Search Activities screen. On it and all other Projects/Activities screens, links to the activity functions you are authorized to access are listed on the left (and circled on the screen print below):

Click the Add link to access the Add Activity screen.

# **ADD ACTIVITY SCREEN**

This screen is completed for every activity in IDIS OnLine. The instructions below are for CDBG-funded activities.

Field	Description
Activity Owner	If the name of the entitlement grantee who owns the Action Plan project that the activity will be set up under is not shown in this field, select the correct grantee from the dropdown.  If you change the ACTIVITY OWNER, you must also click the <refresh list="" project=""> button so that the projects of the newly selected ACTIVITY OWNER are displayed.</refresh>
Program Year	Select the program year under which the activity is to be set up.

Field	Description
IDIS Project ID/Project Title	Select the project under which the activity is to be set up.
Activity Name	Enter a name for the activity, following the naming conventions your organization has established.
	Because this field appears on numerous IDIS reports, do not include any personal information (such as beneficiary name) as part of the ACTIVITY NAME. This error is especially common in the names of housing rehab activities.
Grantee/PJ Activity ID	This field is optional. If you wish to assign your own identifier to an activity, enter it here.
Indicate if activity will be funded with Recovery Grant Funds	Answer <b>Yes</b> if CDBG-R funds will be used for the activity.
Activity	
Program	Use the first row for CDBG-funded activities.
Activity Category	For CDBG, the activity categories are the matrix codes.
	The activity category/matrix code is one of the most critical data items you will enter when setting up a CDBG activity. The matrix code, along with the national objective you will specify for the activity, identify the purpose and eligibility of the assistance being provided. Together, they determine the type of accomplishments you will report.
	For the accomplishment data you report in IDIS OnLine to be accurate and useful, it is <u>very important</u> that you assign the most appropriate and most specific matrix code to each activity. Information to assist you in making the correct selection is provided in:
	<ul> <li>Appendix A – definitions of CDBG matrix codes</li> </ul>
	<ul> <li>Appendix B – definitions of CDBG national objectives</li> </ul>
	<ul> <li>Appendix C – valid matrix code/national objective/accomplishment type combinations</li> </ul>
	If you are still unsure about which matrix code to assign to an activity after reviewing this material, your CPD Field Office representative can help you.
Ready to Fund	This read-only field is always "No" on the Add Activity screen.
Setup Detail <add cdbg=""> button</add>	Once all required data fields have been input, clicking this button displays the first CDBG setup screen. Note that one required field, ENVIRONMENTAL ASSESSMENT, comes after the <add cdbg=""> button.</add>
Environmental Assessment	Select Completed, Exempt, or Underway, as appropriate.

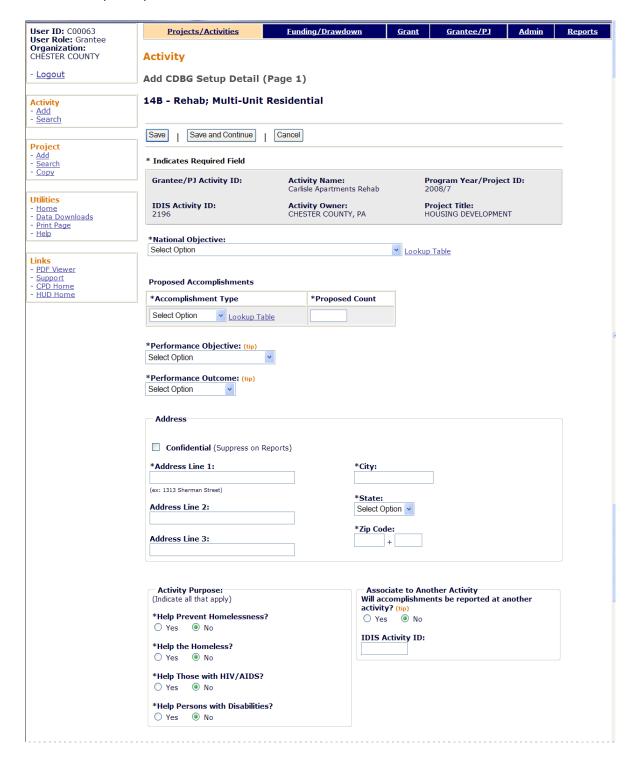

Field	Description
Allow Another Organization to Access this Activity	If you do not create subgrants, ignore this field. Otherwise, if you want IDIS users at an organization that you have created a subgrant for to be able to access this activity:
	<ol> <li>Click the <select organization=""> button.</select></li> </ol>
	<ol> <li>On the Select Organization page, enter search criteria if you wish or leave the search fields blank to display a list of all the organizations you have created subgrants for.</li> </ol>
	3. Click the <search> button.</search>
	4. To select an organization, click first on the radio button next to its name and then on the <select> button.</select>
	To return to the Add Activity page without selecting an organization, click the <cancel> button.</cancel>
Activity Description	A description of the activity is optional.

# If you are setting up:

- An administrative/planning activity with a matrix code of 19F, 19G, 20, 21\*, or 22, click the <Save> button. There are no additional setup screens to be completed, and the activity is ready to be funded (see Chapter 4).
- Any other type of activity, click the <Add CDBG> button to display the first CDBG setup screen.

# ADD CDBG SETUP DETAIL (PAGE 1)

The first activity setup screen is the same for all CDBG activities:

	LMHSP, you must specify CDFI or Strategy Area.
	It is very important that you identify these areas in IDIS OnLine so HUD can demonstrate that CDBG funds are being targeted to neighborhoods in need. See Appendix E for definitions of the three types of special areas.
Area Name	When you select an AREA TYPE, you must specify the name of the area in this field. If it is not listed on the dropdown, or if you need to update information about one of the areas that is listed, click the <add area="" new=""> button. For instructions on completing the add/update area screens, see Appendix F.</add>
Special Characteristics	
Presidentially Declared Major Disaster Area	Check this box if the activity is located in an area declared a disaster under Subchapter IV of the Robert T. Stafford Disaster Relief and Emergency Assistance Act.
Historic Preservation Area	Check this box if the activity is located in an area designated for historic preservation by local, state, or federal officials.
Brownfield Redevelopment Area	Check this box if the activity is located in a brownfield redevelopment area. A brownfield is an abandoned, idled, or underused property where expansion or redevelopment is complicated by real or potential environmental contamination.
	When this box is checked an entry is required in the FOR BROWNFIELD ACTIVITIES field below.

When you are finished, click the <Save and Continue> button to display the next screen.

# **ADD CDBG SETUP DETAIL (PAGE 2)**

On this screen, data about funding sources and forms of assistance is collected for all activities. Additional data items are displayed based on the activity's national objective.

The top part of the screen is the same for all activities:

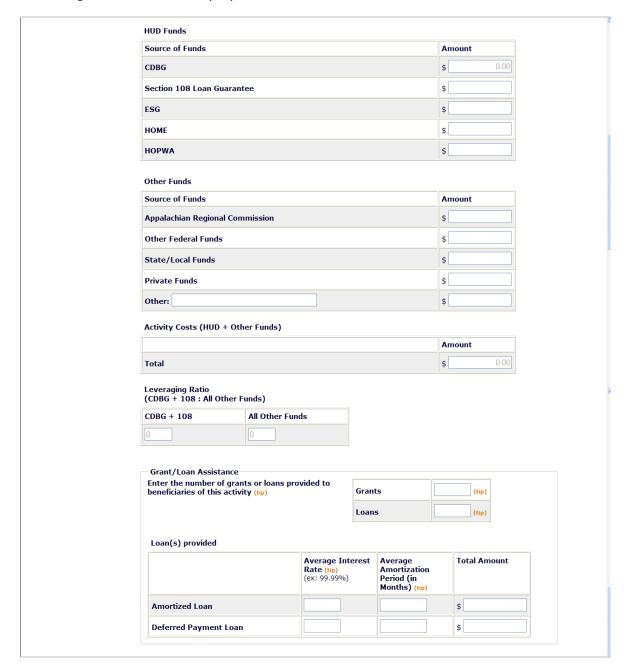

Field	Description
Fields in gray box	These read-only fields identify the activity you are processing. They are populated with information from the Add Activity screen.
National Objective	The national objective you selected on the previous screen is displayed in this read-only field.

The fields that are displayed next depend on the activity's national objective:

Objective	Fields Displayed

For all but LMA\* activities, this is the last setup screen. Clicking the <Save> button displays the Edit Activity screen, which is described on page 3-25.

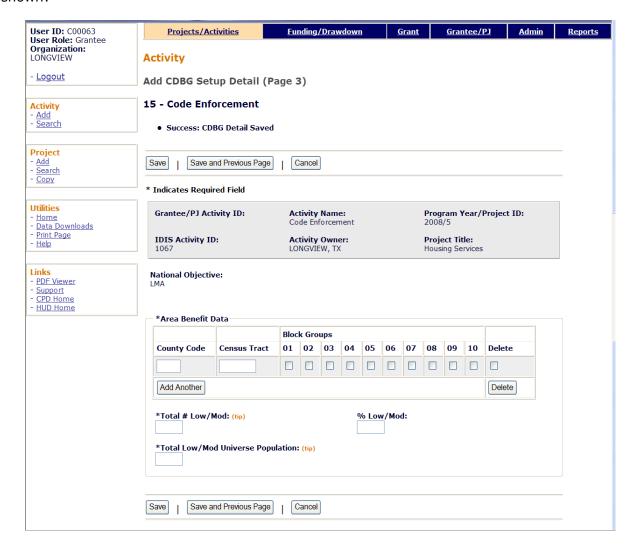

For LMA\* activities, click the <Save and Continue> button to display the next setup screen.

# ADD CDBG SETUP DETAIL (PAGE 3)

The data you are asked to provide on this screen depends on how you answered the DETERMINED BY field on the previous screen:

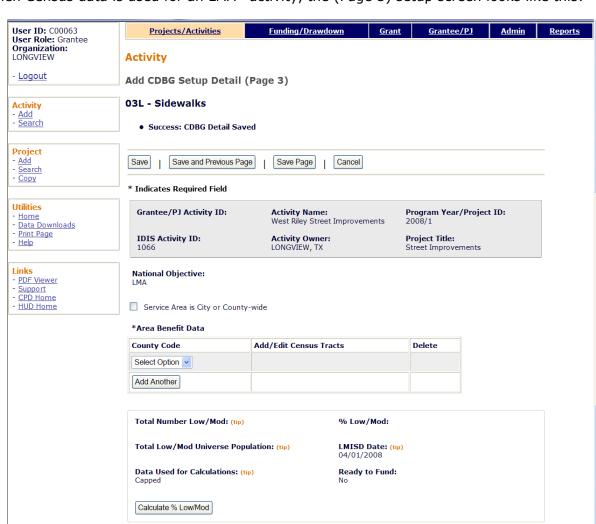

If your answer was **Census**, please turn to page 3-19. If it was **Survey**, this screen is shown:

Field	Description
Fields in gray box	These read-only fields identify the activity you are processing. They are populated with information from the Add Activity screen.
National Objective	A read-only field showing the objective input for the activity on the first CDBG setup screen.

Field	Description
County Code	Enter the FIPS county code for the area being assisted.
Census Tract	Identify the Census tract contained in the service area. The required format for Census tracts is "nnnn.nn" (e.g., input Census tract 7 as "0007.00").
Block Groups	If the service area includes the entire Census tract, leave these fields blank. Otherwise, check each block group covered by the service area.
<add another=""> button</add>	Click to add another County Code/Census Tract.
<delete> button</delete>	Check the box in the Delete column of the row(s) you want to delete, then click the <delete> button.</delete>
Total # Low/Mod	Enter the number of survey respondents who are LMI.
Total Low/Mod Universe Population	Enter the total number of survey respondents. This must be greater than or equal to Total # Low/Mod.
% Low/Mod	This read-only field shows the percentage of low/mod persons in the service area. It is equal to (Total # Low/Mod divided by Total Low/Mod Universe Population) times 100.
	This percentage must be at least 51% (for all but "exception" grantees) before the activity can be funded.

For LMA\* activities using survey data to determine activity eligibility, this is the last setup screen. Clicking the <Save> button displays the Edit Activity screen, which is described on page 3-25.

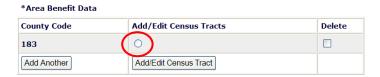

When Census data is used for an LMA\* activity, the (Page 3) setup screen looks like this:

Field	Description
Fields in gray box	These read-only fields identify the activity you are processing. They are populated with information from the Add Activity screen.
National Objective	A read-only field showing the objective input for the activity on the first CDBG setup screen.
Service Area is City or County-Wide	Check if appropriate.
County Code	Select the FIPS code for the correct county from the dropdown.

Save | Save and Previous Page | Save Page | Cancel

The remaining fields on this screen are not relevant until Census tract and block group data has been entered and saved on the next two setup screens.

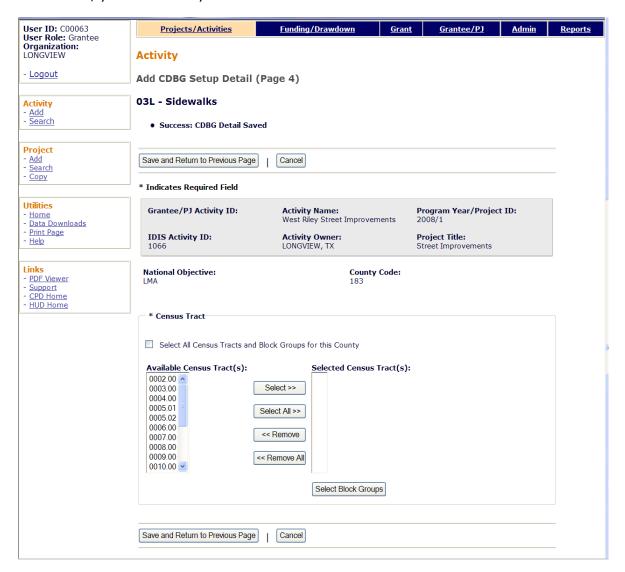

After selecting a COUNTY CODE, click the <Save Page> button. When you do, a radio button appears in the Add/Add Census Tracts column:

Click the radio button and then click the <Add/Edit Census Tract> button below it to display the fourth setup page.

# **ADD CDBG SETUP DETAIL (PAGE 4)**

On this screen, you will identify the Census tracts contained in the service area.

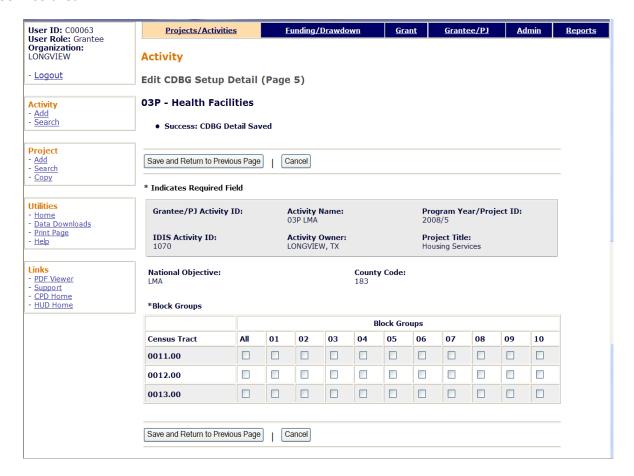

Field	Description
Fields in gray box	These read-only fields identify the activity you are processing. They are populated with information from the Add Activity screen.
National Objective	A read-only field showing the objective input for the activity on the first CDBG setup screen.
County Code	A read-only field showing the county selected on the previous screen.
Select All Census Tracts and Block Groups for this County	If the service area is county-wide, check this box and click the <save and="" page="" previous="" return="" to=""> button.</save>
Available Census Tract(s)	To identify a Census tract as being in the service area, first click on it and then on the <select> button. It will be added</select>

Field	Description
	to the Selected Census Tract(s) list. Select as many Census tracts as necessary.
	To select all of the Census tracts listed, click the <select all=""> button.</select>
Selected Census Tract(s)	This dropdown lists the Census tracts you have selected. To remove a Census tract from the list, first click on it and then click the <remove> button.</remove>
	To remove all of the selected Census tracts, click the <remove all=""> button.</remove>

When you are finished, click the <Select Block Groups> button at the bottom of the Selected Census Tracts list to display the final setup screen.

# **ADD CDBG SETUP DETAIL (PAGE 5)**

On this screen, you will identify the block groups in each Census tract covered by the service area.

If an entire Census tract is included in the service area, check the **All** box in the first column. Otherwise, click each block group in the service area.

When you are finished, click the <Save and Return to Previous Page> button on this screen and again on the Page 4 screen to return to Page 3.

When Page 3 is displayed, click the <Calculate % Low/Mod> button near the bottom of the screen

Using the Census tract and block group data you entered, the system now populates all of the fields on the lower third of the screen:

Total Number Low/Mod: (tip) 5328	<b>% Low/Mod:</b> 62.2
Total Low/Mod Universe Population: (tip) 8572	LMISD Date: (tip) 04/01/2008
Data Used for Calculations: (tip) Capped	Ready to Fund: Yes
Capped	Yes
Calculate % Low/Mod	

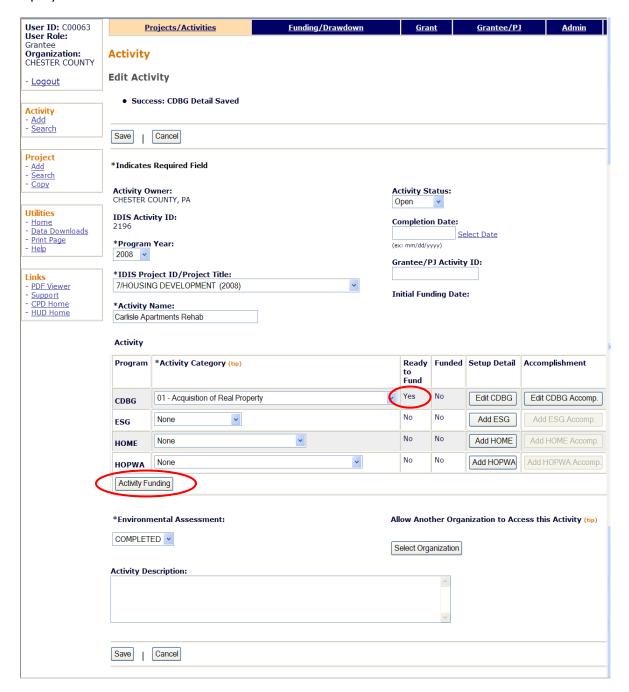

All of these fields are read-only.

Field	Description
Total Number Low/Mod	The total number of LMI persons in the service area.
Total Low/Mod Universe Population	The number of persons in the service area with the potential of being deemed low/mod.
Data Used for Calculations	For most users, this will be <b>Capped</b> .
	The calculations are based on HUD's Low/Mod Income Summary Data (LMISD). It is prepared using Section 8 income limits, which are calculated using fair market rent area definitions. The income limits are based on HUD estimates of median family income, with adjustments for areas that have unusually high or low income-to-housing cost ratios. Based on this, the Section 8 income limits are considered "capped." A 1998 legislative change allowed HUD to grant an exception from the cap on low/mod income levels to 10 jurisdictions (metropolitan areas). Entitlement grantees in these 10 jurisdictions may elect to use either the capped or "uncapped" LMISD to calculate the percentage of low/mod persons in the service area.
% Low/Mod	The percentage of low/mod persons in the service area. It is equal to (Total Number Low/Mod divided by Total Low/Mod Universe Population) times 100.
LMISD Date	The effective date of the low/mod income summary data (LMISD) used to populate the Total Number Low/Mod and Total Low/Mod Universe Population fields.
Ready to Fund	This field will be <b>No</b> until the % Low/Mod field is a minimum of 51% (the minimum will be different for "exception" grantees).
	Once % Low/Mod is greater than 51%, READY TO FUND is changed to <b>Yes</b> and the activity can be funded with CDBG money using the funding function.

When you are finished, click the <Save> button to display the Edit Activity screen.

# **EDIT ACTIVITY SCREEN**

When you click the <Save> button on any add activity setup screen, the Edit Activity screen is displayed:

This screen is discussed in detail on page 7-4. For now, look at the READY TO FUND field in the Activity box. If it is **No**, then required setup data is missing. It must be input before the activity can be funded. If it is **Yes**, then all required setup data has been input and you can proceed to the funding step. Clicking the <Activity Funding> button at the lower left of the Activity box accesses the funding option, the subject of the next chapter.

# Chapter 4 ACTIVITY FUNDING

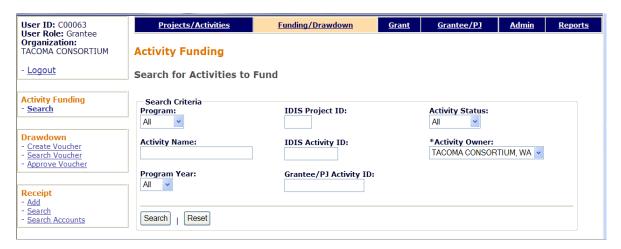

Once you complete the setup screens for an activity, it is ready to be funded. The purpose of funding is to specify the amounts and the types of funds to be used for the activity. The money must be committed to an activity before it can be drawn down.

#### ACCESSING THE ACTIVITY FUNDING FUNCTIONS

To access the funding screens, you can click the Funding/Drawdown tab at the top of any page, click the Activity Funding <u>Search</u> link at the left on any Funding/Drawdown page, or click the <Activity Funding> button on the Edit Activity page. Coming from the Edit Activity page displays the Edit Activity Funding screen shown on page 4-4. Otherwise, the Search for Activities to Fund screen is displayed first.

#### SEARCH FOR ACTIVITIES TO FUND SCREEN

To fund an activity, you must first conduct a search to retrieve it on this screen:

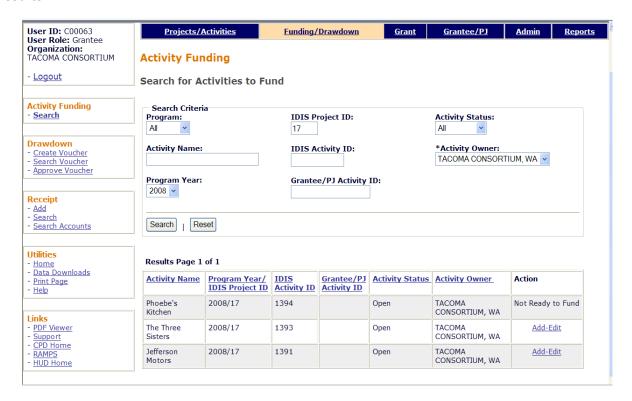

To conduct a search, you can:

- Retrieve a specific activity by entering its IDIS ACTIVITY ID and clicking the <Search> button.
- Click the <Search> button to retrieve all of your activities.
- Specify criteria to limit the number of activities that will be displayed, as follows:

Search Field	Description
Program	To limit the results to a particular program, select it from the dropdown.
Activity Name	Limit the results to activities with a name containing the text string you input here.

Search Field	Description
Program Year	Limit the results to activities set up under the projects of a particular PROGRAM YEAR.
IDIS Project ID	Limit the results to activities set up under a particular project.
IDIS Activity ID	The quickest way to retrieve a particular activity is to enter its IDIS ACTIVITY ID. Since this is the unique identifier for an activity, there is no point in inputting any other search criteria.
Grantee/PJ Activity ID	Limit the results to activities with a grantee/PJ activity ID containing the text string you input here.
Status	To limit the results to activities with a particular status, select <b>Open, Completed</b> , or <b>Cancelled</b> .
Activity Owner	Most users will not be able to change this field. Those who can should select the grantee who owns the project that the activity to be funded is set up under.

Click the <Search> button to run the search and redisplay the screen with the search results.

On initial display, the results are sorted by IDIS ACTIVITY ID in descending order. You can change both the sort field and the sort order by clicking on any column header that is in blue and underlined.

To select an activity for further processing, click the <u>Add-Edit</u> or <u>View</u> link in the last column. If you select:

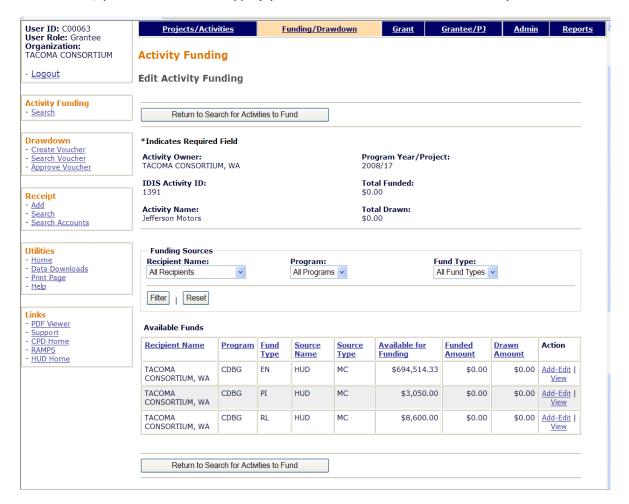

- Add-Edit, the Edit Activity Funding screen will be displayed.
- **View**, the View Activity Funding screen will be displayed. This will always be the ACTION for activities with a status of cancelled or completed and for users who are not authorized to fund activities.

If, instead of a link, the last column shows **Not Ready to Fund**, then required setup data is missing. It must be provided before the funding screens can be accessed.

The edit and view activity funding screens are very similar except, of course, that data on the view screens cannot be changed. Only the edit screens are shown in this chapter.

### **EDIT ACTIVITY FUNDING SCREEN**

On this screen, you will select the type(s) of funds to be used for the activity:

A note about PI: In the old IDIS, PI did not have to be funded before it could be drawn. When a draw was made for an activity, the system automatically presented the option of drawing available PI in place of EN, whether or not the activity had been funded with PI. This feature is not yet available in IDIS OnLine. Until it is added, you will need to explicitly fund an activity with PI in order to be able to draw it. See Chapter 6 for instructions on recording the receipt of PI in IDIS so that it will be available for funding/drawdown.

Remember that CDBG regulations require you to spend available PI before drawing down EN.

Field	Description
Activity Owner IDIS Activity ID Activity Name Program Year/Project	These read-only fields identify the activity you are processing.
Total Funded	The total amount of funds from all sources committed to this activity to date.

Field	Description
Total Drawn	The total amount of funds from all sources drawn for this activity to date, plus pending draws.
Funding Sources Recipient Name Program Fund Type	On initial display of this screen, all available funding sources are listed. Use these fields to narrow the list of Available Funds by recipient name, program, and/or fund type (see below for field definitions).
<filter> button</filter>	Click to filter the list of Available Funds by the criteria you have selected.
<reset> button</reset>	Click to reset the filter fields to their defaults.
Available Funds	
Recipient Name	The name of the grantee or subgrantee.
Program	CDBG, ESG, HOME, or HOPWA.
Fund Type	For CDBG entitlements, the fund types are:
	EN Entitlement AD Administration Subfund PI Program Income RL Revolving Loan Fund SU Subgrant Subfund
	The AD and SU fund types are available only if you have created Administration and Subgrant subfunds from your CDBG grant. PI and RL are available only if you have receipted those types of funds using the Receipts function.
Source Name	For entitlement grantees, <b>HUD</b> ; for subgrantees, the organization that provided the subgrant.
Source Type	For entitlement CDBG, the fourth and fifth characters of the CDBG grant number— <b>MC</b> (Metropolitan City) or <b>UC</b> (Urban County).
Available for Funding	The amount of this fund type that is available to commit to activities.
Funded Amount	The amount of this fund type that has already been committed to this activity.
Drawn Amount	The amount of this fund type that has already been drawn down for this activity.

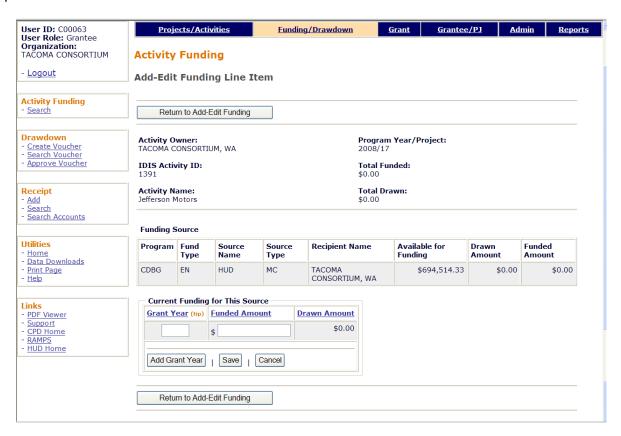

To select a funding source, click its ACTION in the last column. If the ACTION is:

- Add-Edit, the Add-Edit Activity Line Item screen is displayed.
- **View**, the View Activity Line Item screen is displayed. View will be the only available ACTION for cancelled and completed activities and for users who are not authorized to fund activities.

The edit and view screens are very similar except, of course, that data cannot be changed on the view screen. Instructions for the Add-Edit Line Item screen follow.

# ADD-EDIT FUNDING LINE ITEM SCREEN

The amount of money to be committed to the activity from the selected funding source is input on this screen:

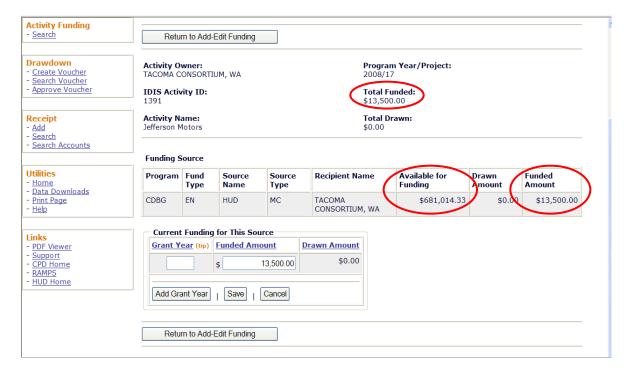

The input fields on this screen are GRANT YEAR and FUNDED AMOUNT. All of the other fields show information from the previous screen in a slightly different format and order.

Field	Description
Activity Owner through Total Drawn	Same as previous screen.
Funding Source fields	Same as the Available Funds fields on the previous screen but in a slightly different order.
Current Funding for This Source	
Grant Year	Optional. This field has no correlation with grant year or program year. It is there solely to allow you to associate a year of your choosing with this funding.
Funded Amount	Enter or update the funding amount in dollars and cents, with or without commas. If you omit the cents, the system will append ".00".
Drawn Amount	The amount of this fund type that has been drawn to date for this activity is shown (again) in this read-only field.

Click the Save button to save your input or the Cancel button to reset the GRANT YEAR and/or FUNDED AMOUNT fields to their previous values.

Adding or updating the funding for an activity affects the amounts in three related fields. In the example below, activity 1391 has been funded for \$13,500. Notice that TOTAL FUNDED and FUNDED AMOUNT have increased by \$13,500 and AVAILABLE FOR FUNDING has been reduced by \$13,500.

When you are finished, click the <Return to Add-Edit Activity Funding> button. From there, you can select another funding source for the current activity or click the <Return to Search for Activities to Fund> button to choose a different activity to fund.

Funds that have been committed to an activity are ready to be drawn down. That process is explained in the next chapter.

# **Chapter 5 DRAWDOWNS**

Drawdowns may be made for an activity after it has been funded. When working with drawdowns, please keep in mind that program income (PI) deposited in your local account is to be spent before additional CDBG grant funds are drawn down from the Treasury. See Chapter 6 for instructions on recording the receipt of PI in IDIS OnLine.

Remember, too, that IDIS OnLine does not automatically offer the option of drawing available PI in place of EN. To draw PI for an activity in IDIS OnLine, the activity must be explicitly funded with PI.

# ACCESSING THE DRAWDOWN FUNCTIONS

Click the Funding/Drawdown tab at the top of the page you are on to display the Search for Activities to Fund screen. On it and all other Funding/Drawdown screens, links to the draw functions you are authorized to access are listed on the left (and circled on the screen print):

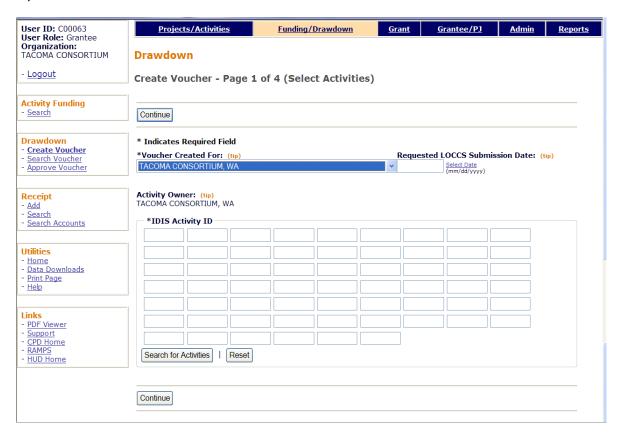

The three draw functions—Create Voucher, Search Voucher, and Approve Voucher—are discussed below.

# **CREATE VOUCHERS**

To create a draw for one or more activities, click the Drawdown <u>Create Voucher</u> link to display the first of four screens.

# **CREATE VOUCHER - PAGE 1 OF 4 (SELECT ACTIVITIES)**

On this screen you will specify the activities you are drawing funds for and, optionally, the date you want the voucher to be submitted to LOCCS.

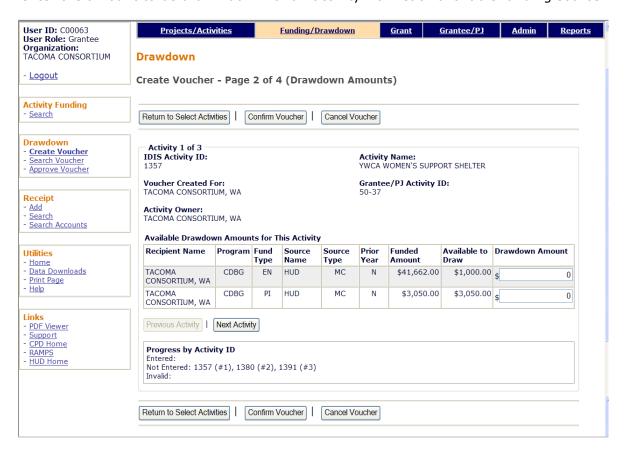

Field	Description
Voucher Created For	Ignore this field unless the draw is to be made from a subgrant. When that is the case, select the organization that received the subgrant the draw is to be made from.
Activity Owner	If the name showing in this field is not the grantee who owns the activities that funds are being drawn for, select the correct organization from the dropdown.
Requested LOCCS Submission Date	If you want this voucher to be submitted to LOCCS at a future date, enter that date here.
	If you leave the field blank, the request will be submitted to LOCCS the same day it is approved (unless the approver changes the submission date for one or more line items).

Field	Description
IDIS Activity ID	To identify the activities for which funds are to be drawn, you may either:
	Input the IDIS ACTIVITY ID(s) manually.
	• Click the <search activities="" for=""> button, run a search, and select the activity or activities from the search results. To select an activity, click its Select box in the last column. When you have selected all the activities you want, click the <add activities="" selected=""> button.</add></search>
	Up to 60 activities may be input/selected.

Once you have specified all the activity IDs for which funds are to be drawn, click the <CONTINUE> button at the top/bottom of the screen. If at least one valid activity ID has been entered, the second create voucher screen is displayed.

#### **CREATE VOUCHER - PAGE 2 OF 4 (DRAWDOWN AMOUNTS)**

Page 2 is displayed for each valid activity input on the previous screen. It is here that you will enter the amount to be drawn down for an activity from each available funding source.

DRAWDOWN AMOUNT is the only input field on this screen. Enter amounts as dollars and cents, with or without commas. If you input a whole dollar amount, IDIS will append `.00'.

Field	Description

	For multi-activity draws, invalid IDs are tracked in the "Progress by Activity ID" box at the bottom of the screen.
Voucher Created For	The organization for which the draw is being made.
Activity Owner	The entitlement grantee.
Activity Name	The name of the activity for which the draw is being made.
Grantee/PJ Activity ID	The grantee's identifier for this activity.

Funded Amount	The amount committed to this activity from this funding source.
Available to Draw	The amount still available to draw from this funding source, equal to FUNDED AMOUNT minus the amount already drawn.
Drawdown Amount	Enter the amount to be drawn from this funding source for this activity.
Progress by Activity ID	
Entered	Activities for which a draw amount has already been input.
Not Entered	Activities for which a draw amount has not yet been input.
Invalid	Activities for which you will not be allowed to input a draw amount.
	For a multi-activity draw, this is the only "message" notifying you that for some reason a draw request cannot be made for an activity.

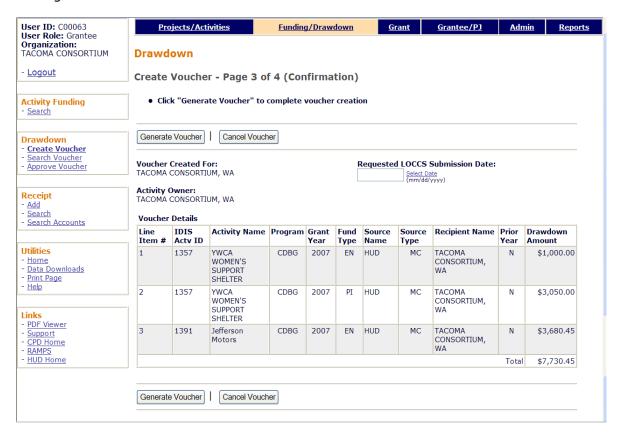

For multi-address draws, use the <Next Activity> and <Previous Activity> buttons to page among the activities.

Once you have input and verified all draw amounts, click the <Confirm Voucher> button.

**Caution!** Once you click the <Confirm Voucher> button, the only options are to generate the voucher or cancel it entirely.

# **CREATE VOUCHER - PAGE 3 OF 4 (CONFIRMATION)**

This screen displays the draw amounts by funding source for each activity. You can choose either to generate or cancel the voucher:

Field	Description
Voucher Created For	The organization for which the draw is being made.
Activity Owner	The entitlement grantee.
Requested LOCCS Submission Date	If a submission date was entered on Page 1, it is displayed here and may be changed. If the field is left blank, the voucher will be submitted to LOCCS the same day it is approved (unless the approver changes the submission date for one or more line items).
Voucher Details	
Line Item #	A voucher is made up of one or more line items. #### **SEARCH VOUCHERS SCREEN**

Specify as many or few search criteria as you wish to retrieve the voucher(s) to be updated or viewed:

This search screen and the Search Vouchers for Approvals screen shown on page 5-10 are identical except that you can search by Line Item Status here. The statuses are:

Select any line item from the voucher you want to process by clicking its <u>Maintain-Approve</u> or <u>View</u> link in the last column.

#### **MAINTAIN AND APPROVE VOUCHER SCREEN**

This screen provides access to the approve, revise, cancel, and view functions for drawdowns:

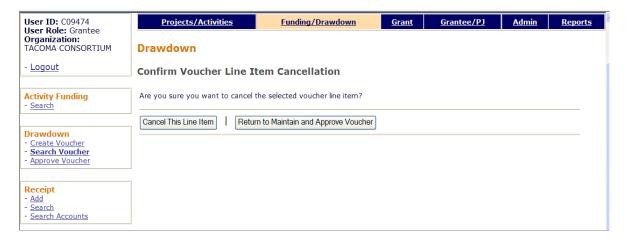

The functions listed in the Action column for a line item depend on:

- 1. The drawdown privileges (request, approve, and/or view) assigned to your user ID. If, for example, you are only authorized to view draws, then the only option displayed will be View.
- 2. The Line Item Status displayed in the third-to-last column. Example: the Approve and Cancel functions won't be displayed for a completed line item.
- 3. Whether you created the voucher. Because the user who creates a voucher cannot also approve it, the Approve option is not be displayed for the vouchers you create.
- 4. If you clicked the View link on the previous screen, only the View function is listed.

The Approve function has already been explained (see page 5-9). Details about the Cancel, Revise, and View functions follow.

#### **CANCEL LINE ITEM SCREEN**

Click the <u>Cancel</u> link for a line item to display this screen:

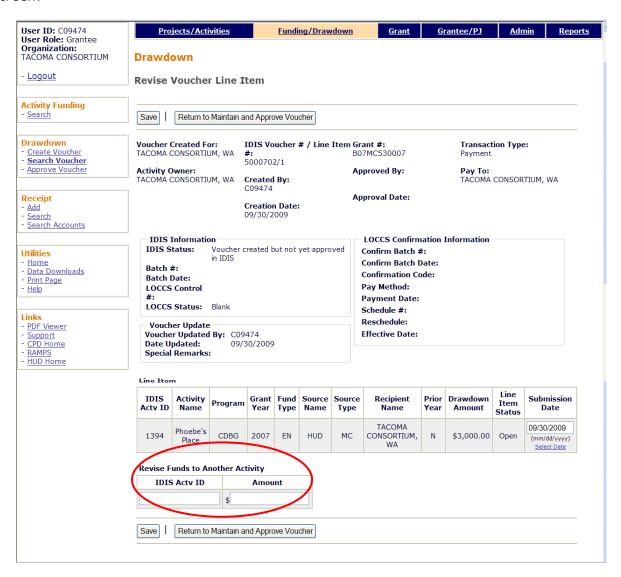

Click the <Cancel This Line Item> button to perform the cancellation.

Currently, the line items in a voucher have to be cancelled one at a time.

#### **REVISE VOUCHER LINE ITEM SCREEN**

Drawdowns with a status of **Open** or **Completed** may be revised. Revision of a draw lets you assign all or part of a draw to another activity. The activity that the draw is being revised to must have sufficient funding from the same source (same source organization, recipient organization, and fund type) as the drawdown. If the funding source is not the same, you cannot revise the draw on-line. Please contact the TAU for assistance when this type of revision is necessary.

On the Maintain and Approve Voucher screen, click the line item's <u>Revise</u> link to display this screen:

The upper section of the screen displays the same information shown on the View Drawdown screen (see page 5-21).

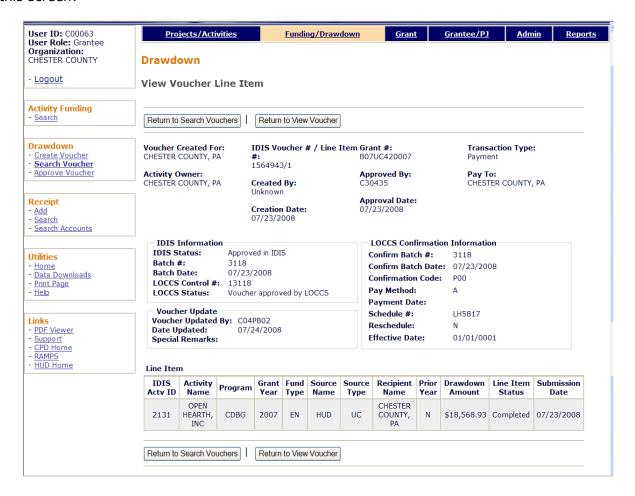

In the IDIS ACTV ID field, enter the ID of the activity you want to apply the draw to. In AMOUNT, input the amount of the draw to be applied (no commas). It cannot exceed the amount of the original draw shown in DRAWDOWN AMOUNT, and the activity being revised to must have sufficient funding from the same funding source to cover the revised amount.

Click the <Save> button to make the revision and return to the Maintain and Approve Voucher screen. It shows a new line item for the draw that was revised and one or two new line items for the activity the draw was revised to.

Once the revision is completed, the status of the original draw is changed to **Revised**, and it is no longer valid. The Revised status will be shown the next time you display the voucher on the Search Vouchers screen.

#### **VIEW VOUCHER LINE ITEM SCREEN**

Clicking the <u>View</u> link for a line item on the Maintain and Approve Voucher screen displays this screen:

# Chapter 6 RECEIPTING PI AND RL

This chapter explains how to record the receipt of Program Income (PI) and Revolving Loan funds (RL) in IDIS OnLine. The PI and RL you receipt here can be committed to activities and drawn down in IDIS OnLine.

### **ACCESSING THE RECEIPT FUNCTIONS**

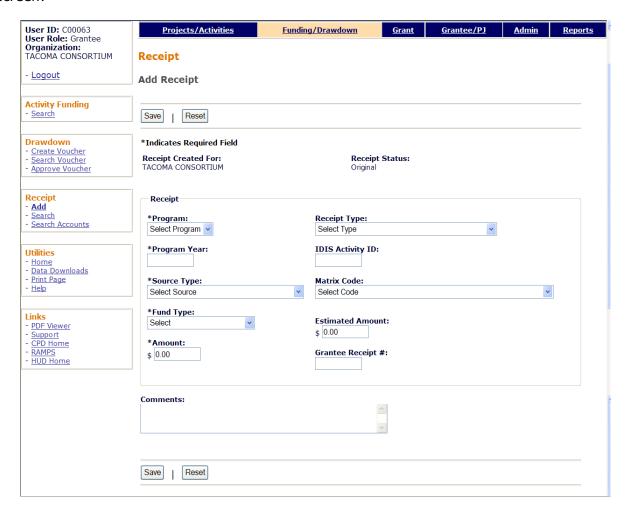

Click the Funding/Drawdown tab at the top of the page you are on to display the Search for Activities to Fund screen. On it and all other Funding/Drawdown screens, links to the receipt functions you are authorized to access are listed on the left (and circled on the screen print):

Each receipt function—Add, Search, and Search Accounts—is discussed below.

# **ADD RECEIPTS**

Click the Receipt <u>Add</u> link on any Funding/Drawdown screen to display the Add Receipt screen:

Field	Description
Receipt Created For	For now, this is a read-only field and will always be the entitlement grantee.
Receipt Status	This read-only field is always <b>Original</b> on the Add screen.
Program	Select CDBG.
Program Year	This field is mislabeled. Enter the <i>grant</i> year for this PI or RL account.
Source Type	Select the source type (the fourth and fifth characters) of your CDBG grant for the Program Year you input above. For CDBG entitlements, it will be either <b>MC</b> or <b>UC</b> .

Comments	An optional field for your comments/notes.

Click the <Save> button to create the receipt or the <Reset> button to refresh the screen. Whichever is clicked, a refreshed Add Receipt screen is displayed.

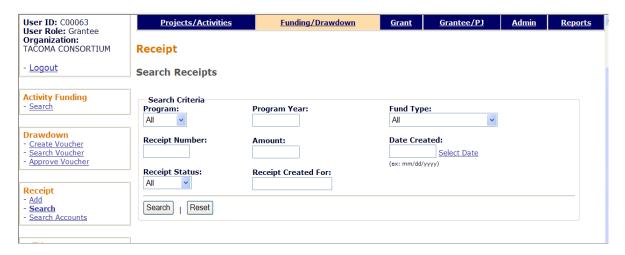

If the receipt is successfully saved, a receipt number and associated grant number are displayed in a message. You may want to note the system-generated receipt number since it can be used on the Search Receipts screen. The grant number is the same as your CDBG grant for the PROGRAM YEAR you entered above.

# **EDIT/VIEW RECEIPTS**

To edit or view a receipt, you must first conduct a search to retrieve it. Click the Receipt Search link on any Funding/Drawdown screen to access the Search Receipts screen.

The Edit Receipt screen is quite similar to the Add Receipt screen:

Refer to pages 6-2 and 6-3 for definitions of the fields on this screen.

To cancel a receipt, change the RECEIPT STATUS from **Modified** to **Cancelled** and click the <Save> button. The receipt can be cancelled only if there are sufficient funds in the PI/RL account to cover current funding and draws.

Editable fields are AMOUNT, IDIS ACTIVITY ID, MATRIX CODE, and GRANTEE RECEIPT NUMBER. The AMOUNT can be decreased only if there will still be sufficient funds in the PI/RL account to cover current funding and draws. # Chapter 7 UPDATING ACTIVITIES

This chapter explains how to access an activity so that you can finish setting it up, modify previously entered setup or accomplishment data, cancel it, or change the status code to complete. It also explains where to find the copy activity and reopen activity features.

### ACCESSING THE UPDATE ACTIVITY FUNCTION

Click the Projects/Activities tab at the top of the page you are on to display the Search Activities screen:

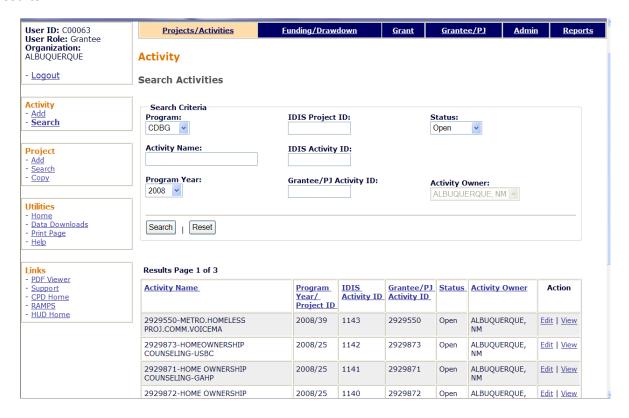

The only purpose of the screen is for you to identify the activity or activities you want to update. To do so, you can:

- Retrieve a specific activity by entering its IDIS Activity ID and clicking the <Search> button.
- Click the <Search> button to retrieve all of your activities.
- Specify criteria to limit the number of activities that will be displayed, as follows:

Search Field	Description
Program	To limit the results to a particular program, select it from the dropdown.
Activity Name	Limit the results to activities with a name containing the text string you input here.

Search Field	Description
Program Year	Limit the results to activities set up under the projects of a particular PROGRAM YEAR.
IDIS Project ID	Limit the results to activities set up under a particular project.
IDIS Activity ID	The quickest way to retrieve a particular activity is to enter its IDIS ACTIVITY ID. Since this is the unique identifier for an activity, there is no point in inputting any other search criteria.
Grantee/PJ Activity ID	Limit the results to activities with a grantee/PJ activity ID containing the text string you input here.
Status	To limit the results to activities with a particular status, select <b>Open, Completed</b> , or <b>Cancelled</b> .
Activity Owner	Most users will not be able to change this field. Those who can should select the grantee who owns the project that the activity to be funded is set up under.

Click the <Search> button to run the search and redisplay the screen with the search results.

On initial display, the results are sorted by IDIS ACTIVITY ID in descending order. You can change both the sort field and the sort order by clicking on any column header that is in blue and underlined.

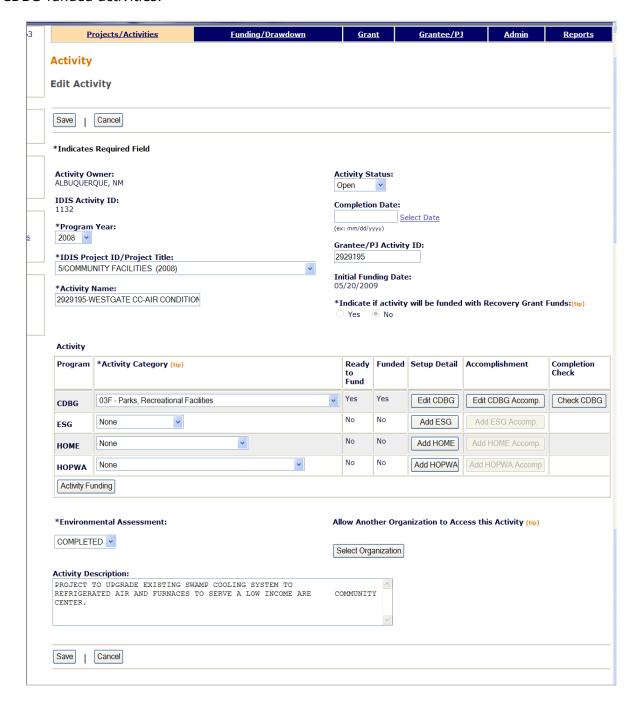

To select an activity for further processing, click the <u>Add-Edit</u> or <u>View</u> link in the last column. If you select:

- Add-Edit, the Edit Activity Funding screen will be displayed.
- **View**, the View Activity Funding screen will be displayed. This will always be the ACTION for activities with a status of cancelled or completed and for users who are not authorized to fund activities.

The Edit and View Activity funding screens are very similar except, of course, that data on the View screens cannot be changed. Only the Edit screens are shown in this chapter.

## **EDIT ACTIVITY**

This screen is the same for every activity in IDIS OnLine. The instructions below are for CDBG-funded activities.

Field	Description
Activity Owner	The name of the entitlement grantee who owns the Action Plan project that the activity will be set up under.
IDIS Activity ID	The system-generated identifier for the activity.

Field	Description

IDIS Project ID/Project Title	If you changed the PROGRAM YEAR, this field is set back to "Select." Choose the new project from the dropdown.
Activity Name	The name of the activity can be updated. Remember that this field appears on numerous IDIS reports, so do not include any personal information (such as beneficiary name) as part of the ACTIVITY NAME.
Activity Status	Valid activity statuses are:
	Open Completed Cancelled
	IDIS automatically assigns a status of Open to a new activity.
	An activity may be cancelled at any time by selecting that status from the dropdown.
	Guidance on when to update the status to Completed is provided on page 8-2
Completion Date	If you change the status of the activity to Cancelled or Completed, enter its cancellation/completion date in this field or leave it blank to default to today's date.
Grantee/PJ Activity ID	This field can be updated.
Initial Funding Date	The date this activity was initially funded via the Activity Funding option. It is system-assigned and cannot be changed.
Indicate if activity will be funded with Recovery Grant Funds	Change if necessary.
Activity	
Program	Use the first row for CDBG-funded activities.
Activity Category	Change the matrix code of the activity if appropriate. When you do, the message "Changing the activity category may result in loss of data. Do you wish to continue?" is displayed. Click <ok> or <cancel>, as appropriate.</cancel></ok>
Ready to Fund	If this read-only field is <b>No</b> , then required setup data is missing. It must be provided before the activity can be funded. If it is Yes, then all required setup data has been input and the activity can be funded.
Funded	This read-only field is <b>No</b> if the activity has not been funded and <b>Yes</b> if it has.
Setup Detail	If the button label is <add cdbg="" detail="">, then no setup data has been entered. If it is <edit cdbg="" detail="">, then some or all setup data has been input and can be updated.</edit></add>

Allow Another Organization to Access this Activity	If you do not create subgrants, ignore this field. Otherwise, if you want IDIS users at an organization that you have created a subgrant for to be able to access this activity:
	1. Click the <select organization=""> button.</select>
	2. On the Select Organization page, enter search criteria if you wish or leave the search fields blank to display a list of all the organizations you have created subgrants for.
	3. Click the <search> button.</search>

	To return to the Add Activity page without selecting an organization, click the <cancel> button.</cancel>
	If you want to change the organization that is already displayed, click the <change organization=""> button and follow the steps above.</change>
Activity Description	A description of the activity is optional.

When you have finished updating the data on this screen:

- Click the <Add CDBG> or <Edit CDBG> button to access the CDBG setup screens. See Chapter 3 for details about the add screens. The edit screens are very similar to the add screens, and so are not repeated here.
- Click the <Add CDBG Accomp.> or <Edit CDBG Accomp.> button to access the CDBG accomplishment screens. Turn the page for more information about them.

### **COPY ACTIVITY AND REOPEN ACTIVITY**

To access these functions, you must choose the <u>View</u> link for an activity on the Search Activities screen (see page 7-2). The <Reopen Activity> button is displayed for cancelled and completed activities. The <Copy this Activity> button is displayed for all activities.

Clicking the <Reopen Activity> button resets the ACTIVITY STATUS from Cancelled or Complete to Open, and sets the COMPLETION DATE back to blank and then displays the Edit Activity screen for the reopened activity with the message "Activity has been reopened successfully."

Clicking the <Copy Activity> button first displays a message asking "Are you sure you want to copy?" If you click <OK> to continue, system displays the Edit Activity page for the copied activity with the message "Activity copied to new activity with IDIS activity ID nnnnn."

# Chapter 8 ACCOMPLISHMENT REPORTING AND ACTIVITY COMPLETION

Accomplishments must be reported for all CDBG activities except those that do not meet a national objective (activities with a matrix code of 19F, 19G, 20, 21\*, or 22).

HUD <u>urges</u> you to report activity accomplishments as they are achieved, but at least quarterly. You are <u>required</u> to report accomplishments for each program year the activity is open and at activity completion. The only exception to quarterly/annual reporting is public facilities, which should not be reported until the facility is complete.

The reporting and activity completion process consists of four steps:

- 1. Filling in the CDBG accomplishment screens.
- 2. Updating the CDBG setup screens as needed.
- 3. Running a completion check.
- 4. Updating the activity status to "completed."

The first step is repeated for each program year an activity is open. The second step should be performed periodically but certainly right before the activity is completed. The third step may be repeated as many times as needed, and the last is performed only once. Each of the four steps is explained below.

# STEP 1: FILLING IN THE ACCOMPLISHMENT SCREENS

Follow the instructions on page 7-1 to access the activity for which accomplishments are to be reported. On the Edit Activity screen (see page 7-4), click the <Add CDBG Accomp.> or <Edit CDBG Accomp.> button to access the accomplishment screens for the activity. Fill in these screens with annual accomplishments for every year the activity is open. Do <u>not</u> input cumulative accomplishments.

The importance of providing HUD with accurate accomplishment data on a timely basis cannot be overemphasized. Failing to do so results in the underreporting of CDBG accomplishments to Congress, the Office of Management and Budget, and other Federal oversight agencies, and may put future funding of the program at risk.

The accomplishment screens that you will be required to complete depend on the national objective you have assigned to the activity:

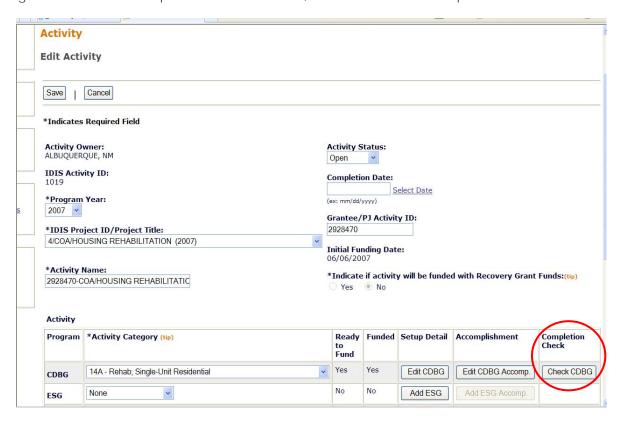

If the national objective is	Turn to
LMA	Chapter 9
LMC	Chapter 10
LMH	Chapter 11
LMJ	Chapter 12
SBA, SBR, SBS, URG	Chapter 13

### STEP 2: UPDATING THE SETUP SCREENS

Before changing an activity's status to complete, you should quickly review the setup data to confirm that it is accurate and current. Make sure, for example, that all information about the funds leveraged for an activity is complete and up-to-date.

# STEP 3: RUNNING A COMPLETION CHECK

Before you will be able to change the status of an activity to Completed, you must run a "Completion Check." To do so, go to the Edit Activity screen and scroll it to the right. This brings into view the Completion Check column, circled on the screen print here:

Click the <Check CDBG> button to run the check. Respond to all messages about missing data or discrepancies that need to be corrected, rerunning the check as many times as needed to get the message "CDBG activity pathway is complete."

# STEP 4: UPDATING THE ACTIVITY STATUS

The final step in the processing of a CDBG activity is to update the status of the activity to Completed. The status should be changed once all the funds have been spent, the national objective has been met, and all accomplishments have been reported.

After the completion check has run successfully, the ACTIVITY STATUS and COMPLETION DATE fields, also on the Edit Activity screen, can be modified. Choose **Completed** from the ACTIVITY STATUS dropdown. Either provide a date in the COMPLETION DATE field, or leave it blank to default it to today's date.

Click <Save> to save the updates and display the View Activity screen. Notice that a completed activity can be reopened on this screen.

When the status is successfully updated to "Complete," no further updates are permitted. Any undrawn funds that have been committed to the activity through the Activity Funding option will be released, and both the estimated and funded amounts will be adjusted to equal the drawn amount.

# **Chapter 9 LMA ACTIVITIES**

This chapter covers the Accomplishment screens that are completed for activities with a national objective of:

LMA Low/mod area benefit

LMAFI Low/mod area benefit, community development financial institution (CDFI) LMASA Low/mod area benefit, neighborhood revitalization strategy area (NRSA)

For instructions on reporting race and ethnicity data for activities that involve removing architectural barriers or making ADA improvements to public buildings, see Appendix H.

## Race/Ethnicity

Field	Description
Race	Select the race for which counts by persons are to be entered. The HUD definitions are:

<add another="" by<br="" race="">Persons&gt; button</add>	Click this button to add beneficiary counts for another race.

## **Income Levels**

Some grantees, solely to minimize data entry, report all beneficiaries in the Moderate income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program's legislative mandate to assist extremely low and low income persons and households. Therefore, it is important that you always report income levels in the appropriate categories.

Field	Description
Extremely Low	Enter the number of persons benefiting whose income is at or below 30% of the median family income for the area.
Low	Enter the number of persons benefiting whose income is above 30% and at or below 50% of the median family income for the area.
Moderate	Enter the number of persons benefiting whose income is above 50% and at or below 80% of the median family income for the area.

Field	Description
Non-Low/Moderate	Enter the number of persons benefiting whose income is above 80% of the median family income for the area.
Totals	This read-only field shows the sum of the values input in the previous four fields.
	The Income Levels TOTALS field and the Race/Ethnicity TOTALS by race field must be equal.
Percent Low/Mod	This read-only field shows the percentage of beneficiaries who are low/mod. It is equal to (EXTREMELY LOW + LOW + MODERATE) divided by TOTALS.

Follow these guidelines when reporting income levels for:

• **Presumed Benefit Activities:** If an LMC\* activity is limited to assisting one or more of the presumptive benefit groups, report the number of persons benefiting under the following income categories unless you have information that supports reporting them under a different income category:

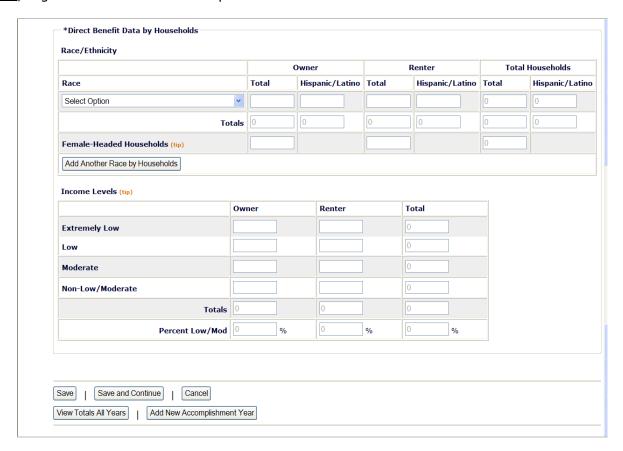

Group	Income Level
Abused children	Extremely low income
Battered spouses	Low income
Severely disabled adults	Low income
Homeless persons	Extremely low income
Illiterate adults	Low income
Persons with AIDS	Low income
Migrant farm workers	Low income
Elderly	If assistance is to acquire, construct, convert, and/or rehabilitate a senior center or to pay for providing center-based senior services, report the beneficiaries as moderate income.
	If assistance is for other services (not center-based), report the elderly beneficiaries as low income.

If an activity serves a combination of these groups, identify the number in each group and report those numbers under the appropriate income levels.

- **Nature/Location Activities:** Report all beneficiaries as <u>moderate income</u> unless you have information to support reporting them under another income category.
- Activities Providing Access for Persons with Disabilities: For LMC activities carried out under 570.208(a)(2)(ii), report all beneficiaries as <u>low income</u> unless you have information to support reporting them under another income category.

#### **DIRECT BENEFIT DATA BY HOUSEHOLDS**

For LMC\* activities with an accomplishment type of 04-Households or 10-Housing Units, race/ethnicity and income levels data is reported by households. Count each household as one, regardless of the number of persons in the household.

Currently, the Renter fields are not open for input. Until that is corrected, count all beneficiaries as owners.

# Race/Ethnicity

Female-Headed Households: Owner	Of the total owner households of <u>all</u> races, enter the total number that are headed by females.
Female-Headed Households: Renter	Of the total renter households of <u>all</u> races, enter the total number that are headed by females.
<add another="" by<br="" race="">Households&gt; button</add>	Click this button to add beneficiary counts for another race.

Some grantees, solely to minimize data entry, report all beneficiaries in the Moderate income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program's legislative mandate to assist extremely low and low income persons and households. Therefore, it is important that you always report income levels in the appropriate categories.

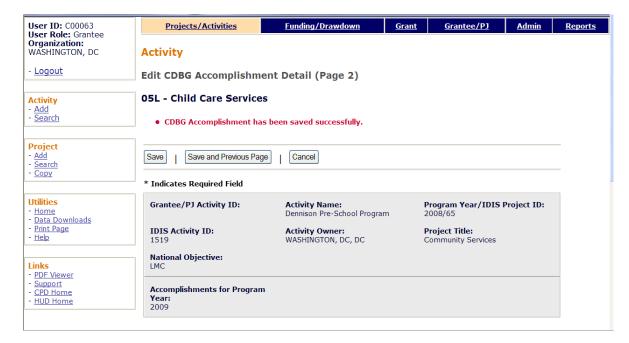

## **Income Levels**

Some grantees, solely to minimize data entry, report all beneficiaries in the Moderate income category. This practice conveys the impression in reports to Congress and other Federal oversight agencies that grantees are ignoring the program's legislative mandate to assist extremely low and low income persons and households. Therefore, it is important that you always report income levels in the appropriate categories.

Extremely Low: Total	This read-only field shows the sum of the previous two fields.

Therefore, it is important that you always report income levels in the appropriate categories.

#### **ASSISTANCE TO BUSINESSES**

This section is displayed for an SB\*/URG activity with a matrix code of 14E, 17\*, or 18\*.

If the matrix code is 18A or 18C: The fact that this screen lets you report more than one business assisted does not mean that assistance to individual businesses under 18A or 18C may be aggregated in one activity. Unless the activity is one identified at 570.208(a)(4)(vi) for which job aggregation is allowed, each business assisted under 18A or 18C must be set up as a separate activity.

Field	Description
New Businesses Assisted	Enter the number of start-up businesses assisted in this program year.
Existing Businesses Assisted	Enter the number of existing businesses assisted in this program year.

# **Chapter 14 GRANTS**

Use this function to view details about your CDBG, ESG, HOME, and HOPWA grants.

### **ACCESSING THE GRANT FUNCTION**

Click the Grant tab at the top of the screen you are on to display the Search Grants screen.

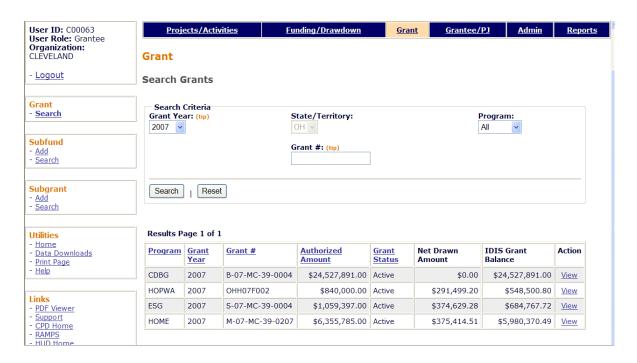

#### **SEARCH GRANTS SCREEN**

To view a grant, you must first conduct a search to retrieve it. Specify as many or few of the search criteria as you wish to retrieve the grant(s) you want to view:

Field	Description
Grant Year	To limit the search results to a particular grant year, select it from the dropdown.
Grant #	You can search for grants starting with the text string you enter here—e.g., type <b>b</b> to retrieve just CDBG grants, or <b>b0</b> to retrieve your 2000 – 2009 CDBG grants.
Program	To limit the search results to grants from a particular program, select it from the dropdown.

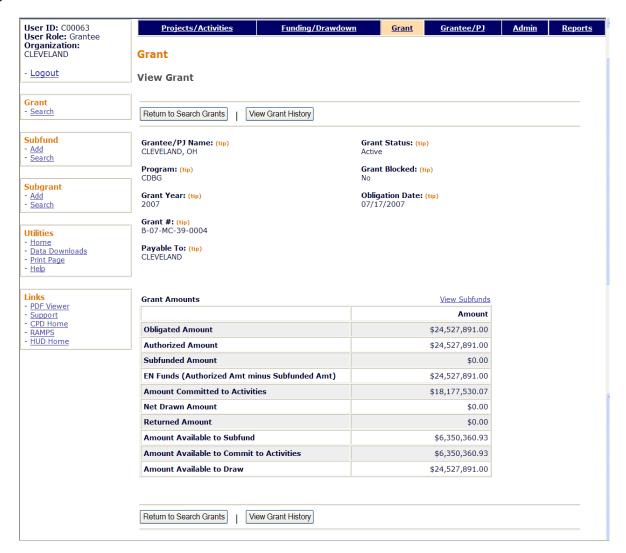

Click the <Search> button to run the search and display the grants that meet the criteria you specified:

Click the View link in the last column of the grant you want to view.

Unless you have created a subfund for this grant, the information displayed when you click the link will differ very little from the information displayed on this screen. If you do create CDBG subfunds, please see Appendix I for details.

Clicking on the <View Grant History> button at the top/bottom of the page displays a history of any changes made to the grant record.

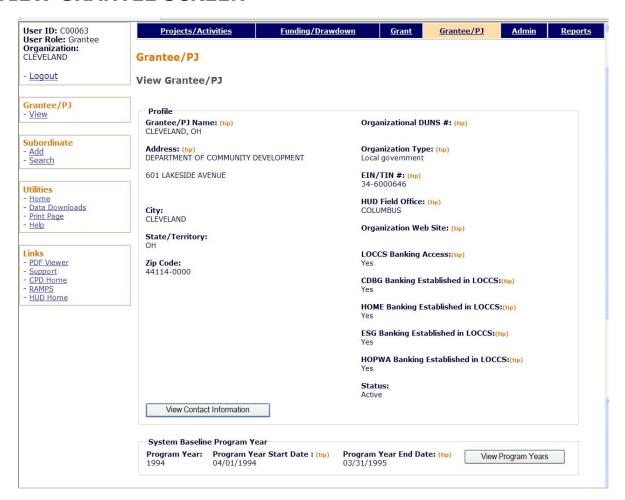

# Chapter 15 GRANTEES

Grantee users can access this function to view the IDIS record for their organization and their program year dates.

## **ACCESSING THE GRANTEE FUNCTION**

Click the Grantee tab at the top of the screen you are on to display the View Grantee screen.

## **VIEW GRANTEE SCREEN**

The only fields that perhaps require a little explanation are:

• **Status** can be either "Active" or "Inactive". "Inactive" means the grantee has been blocked from logging into IDIS (in which case you could not be viewing this screen!).

• **System Baseline Program Year** fields show the earliest program year assigned to the grantee by the old IDIS system, and so is of very little significance to end users.

To review grantee contact names and addresses, click the <View Contact Information > button.

Click the <View Program Years> button to access a list of your organization's program year start and end dates.

# **MATRIX CODE DEFINITIONS**

Matrix codes are used to indicate—but do not establish—activity eligibility. An activity must be eligible in accordance with the regulations at 570.201–570.207. Grantees need to refer to the regulations to determine an activity's eligibility; the codes defined below are used in IDIS OnLine chiefly to categorize activities for reporting purposes.

Code	Definition
01	Acquisition of Real Property
	Acquisition of real property that will be developed for a public purpose. Use code 01 for the CDBG-funded purchase of real property on which, for example, a public facility or housing will be constructed.
	When CDBG funds are used to:
	• acquire a public facility that will be rehabilitated with CDBG funds and continue to be used as a public facility, assign the appropriate 03* code.
	acquire housing that will be rehabilitated, use code 14G.
02	Disposition of Real Property
	Costs related to the sale, lease, or donation of real property acquired with CDBG funds or under urban renewal. These include the costs of temporarily maintaining property pending disposition and costs incidental to disposition of the property.
03A	Senior Centers
	Acquisition, construction, or rehabilitation of facilities (except permanent housing) for seniors.
	03A may be used for a facility serving both the elderly and the handicapped provided it is not intended primarily to serve persons with handicaps. If it is, use 03B instead.
	For the construction of permanent housing for the elderly, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.
03B	Handicapped Centers
	Acquisition, construction, or rehabilitation of centers, group homes, and other facilities (except permanent housing) for the handicapped.
	03B may be used for a facility serving both the handicapped and the elderly provided it is not intended primarily to serve the elderly. If it is, use 03A instead.
	For the construction of permanent housing for the handicapped, use code 12; for the rehabilitation of such housing, use the appropriate $14*$ code.
03C	Homeless Facilities (not operating costs)
	Acquisition, construction, or rehabilitation of temporary shelters and transitional housing for the homeless, including battered spouses, disaster victims, runaway children, drug offenders, and parolees.
	For the construction of permanent housing for the homeless, use code 12; for the rehabilitation of such housing, use the appropriate 14* code.

03F	Parks, Recreational Facilities					
	Development of open space areas or facilities intended primarily for recreational use.					
03G	Parking Facilities					
	Acquisition, construction, or rehabilitation of parking lots and parking garages. Also use 03G if the primary purpose of rehabilitating a public facility or carrying out a street improvement activity is to improve parking.					
	If parking improvements are only part of a larger street improvement activity, use 03K.					
03H	Solid Waste Disposal Improvements					
	Acquisition, construction or rehabilitation of solid waste disposal facilities.					
03I	Flood Drainage Improvements					
	Acquisition, construction, or rehabilitation of flood drainage facilities, such as retention ponds or catch basins. Do not use 03I for construction/rehabilitation of storm sewers, street drains, or storm drains.					
	Use 03J for storm sewers and 03K for street and storm drains.					
03J	Water/Sewer Improvements					
	Installation or replacement of water lines, sanitary sewers, storm sewers, and fire hydrants. Costs of street repairs (usually repaving) made necessary by water/sewer improvement activities are included under 03J.					
	For water/sewer improvements that are part of:					
	<ul> <li>more extensive street improvements, use 03K (assign 03K, for example, to an activity that involves paving six blocks of Main Street and installing 100 feet of new water lines in one of those blocks).</li> </ul>					
	• a housing rehabilitation activity, use the appropriate 14* matrix code.					
	For construction or rehabilitation of flood drainage facilities, use 03I.

Code	Definition				
03T	Operating Costs of Homeless/AIDS Patients Programs				
	Costs associated with the operation of programs for the homeless or for AIDS patients, such as staff costs, utilities, maintenance, and insurance.				
	Because payment of operating costs for these programs is a public service under CDBG, all CDBG expenditures for 03T activities are included in the calculation of the Public Services cap.				
03	Other Public Facilities and Improvements				
	Do not use this code unless an activity does not fall under a more specific 03* code. Also, do not use one activity for multiple facilities and then assign it an 03 because the types of facilities are different.				
	One legitimate use of 03 is for activities that assist persons with disabilities by removing architectural barriers from or providing ADA improvements to government buildings (activities that otherwise would not be eligible for CDBG funding).				
04	Clearance and Demolition				
	Clearance or demolition of buildings/improvements, or the movement of buildings to other sites.				
04A	Cleanup of Contaminated Sites				
	Activities undertaken primarily to clean toxic/environmental waste or contamination from a site.				
05A	Senior Services				
	Services for the elderly. 05A may be used for an activity that serves both the elderly and the handicapped provided it is not intended primarily to serve persons with handicaps. If it is, use 05B instead.				
05B	Handicapped Services				
	Services for the handicapped, regardless of age.				
05C	Legal Services				
	Services providing legal aid to low- and moderate-income (LMI) persons.				
	If the only legal service provided is for the settlement of tenant/landlord disputes, use 05K.				
05D	Youth Services

	For services for children age 12 and under, use 05L; for services for abused and neglected children, use 05N.				
05E	Transportation Services				
	General transportation services.				
	Transportation services for a specific client group should use the matrix code for that client group. For example, use 05A for transportation services for the elderly.				

Code	Definition				
05F	Substance Abuse Services				
	Substance abuse recovery programs and substance abuse prevention/education activities. If the services are provided for a specific client group, the matrix code for that client group may be used instead. For example, substance abuse services that target teenagers may be coded either 05D or 05F.				
05G	Services for Battered and Abused Spouses				
	Services for battered and abused spouses and their families.				
	For services limited to abused and neglected children, use 05N.				
05H	Employment Training				
	Assistance to increase self-sufficiency, including literacy, independent living skills, and job training.				
	For activities providing training for permanent jobs with specific businesses, use 18A.				
051	Crime Awareness/Prevention

<b>05</b> J	Fair Housing Activities (subject to Public Services cap)

	For services exclusively for abused and neglected children, use 05N.				
05M	Health Services				
	Services addressing the physical health needs of residents of the community.				
	For mental health services, use 050.				
05N	Services for Abused and Neglected Children				
	Daycare and other services exclusively for abused and neglected children.				
050	Mental Health Services				
	Services addressing the mental health needs of residents of the community.				
05P	Screening for Lead Poisoning				
	Activities undertaken primarily to provide screening for lead poisoning.				
	For lead poisoning testing/abatement activities, use 14I.				

Code	Definition					
05Q	Subsistence Payments					
	One-time or short-term (no more than three months) emergency payments on behalf of individuals or families, generally for the purpose of preventing homelessness. Examples include utility payments to prevent cutoff of service and rent/mortgage payments to prevent eviction.					
05R	Homeownership Assistance (not direct)					
	Homeowner downpayment assistance provided as a public service. If housing counseling is provided to those applying for downpayment assistance, the counseling is considered part of the 05R activity.					
	Assistance provided under 05R must meet the low/mod housing national objective. Therefore, unless the assistance is provided by a CBDO in an NRSA, it is subject to the public service cap and only low/mod households may be assisted. If the assistance is provided by a CBDO in an NRSA, the housing units for which CDBG funds are obligated in a program year may be aggregated and treated as a single structure for purposes of meeting the housing national objective (that is, only 51% of the units must be occupied by LMI households).					
	For more extensive types of homeownership assistance provided under authority of the National Affordable Housing Act, use code 13.					
<b>05S</b>	Rental Housing Subsidies					
	Tenant subsidies exclusively for rental payments for more than three months. Activities providing this form of assistance must be carried out by CBDOs.					
05T	Security Deposits					
	Tenant subsidies exclusively for payment of security deposits.					
05U	Housing Counseling					
	Housing counseling for renters, homeowners, and/or potential new homebuyers that is provided as an independent public service (i.e., not as part of another eligible housing activity).					
05	Other Public Services					
	Do not use this code for public services activities unless an activity does not fall under a more specific 05* code.					
	Examples of legitimate uses of this code are referrals to social services, neighborhoccleanup, graffiti removal, and food distribution (community kitchen, food bank, and food pantry services).					
06	Interim Assistance					
	Only for activities undertaken either to:					
	<ul> <li>Make limited improvements (e.g., repair of streets, sidewalks, or public buildings) intended solely to arrest further deterioration of physically deteriorated areas prior to making permanent improvements.</li> </ul>					
	<ul> <li>Alleviate emergency conditions threatening public health and safety, such as removal of tree limbs or other debris after a major storm.</li> </ul>					

Code	Definition

	Completion of urban renewal projects funded under Title I of the Housing Act of 1949.				
	Do not use code 07 for a downtown renewal, downtown development, or urban renewal activity unless the activity will result in the closing out of a federally-approved urban renewal project.				
08	Relocation				
	Relocation payments and other assistance for permanently or temporarily displaced individuals, families, businesses, non-profit organizations, and farms.				
09	Loss of Rental Income

13	Direct Homeownership Assistance				
	Homeownership assistance to LMI households as authorized under 105(a)(24).				
	Forms of assistance include subsidizing interest rates and mortgage principal, paying up to 50% of downpayment costs, paying reasonable closing costs, acquiring guarantees for mortgage financing from private lenders, and financing the acquisition by LMI households of the housing they already occupy.				
	If housing counseling is provided to households receiving direct homeownership assistance, the counseling is considered part of the code 13 activity.				
	All recipients of assistance provided under matrix code 13 must be LMI.				
14A	Rehab: Single-Unit Residential				
	Rehabilitation of privately-owned, single-unit homes.				
14B	Rehab: Multi-Unit Residential

	Acquisition of property to be rehabilitated for housing. 14G may be used whether CDBG funds will pay only for acquisition or for both acquisition and rehabilitation.					
14H	Rehab: Administration					
	All delivery costs (including staff, other direct costs, and service costs) directly related to carrying out housing rehabilitation activities. Examples include appraisal, architectural, engineering, and other professional services; preparation of work specifications and work write-ups; loan processing; survey, site and utility plans; application processing; and other fees. Also use 14H for housing services related to the HOME Program, eligible under 570.201(k).					
	Do not use 14H for the costs of actual rehabilitation and do not use it for costs unrelated to running a rehab program (e.g., tenant/landlord counseling).					
	For housing rehabilitation administration activities carried out as part of general program administration (and thus not required to meet a national objective), use code 21.

# Appendix D ADDING ORGANIZATIONS

If an activity is not being carried out by grantee employees/contractors, then the name of the organization that is carrying it out must be provided on the first Add CDBG Setup Detail screen (see page 3-7). In most instances, it will already be on the organization selection list:

If the organization is not listed, a user with the authority to add "subordinate" organizations can click the <Add Organization> button to display this screen:

The only required fields are Organization Name, City, State (it defaults to the grantee's state), and Organizational DUNS #.

The user should also make sure that each of the three "Non Governmental Information" fields at the top right contains the correct value, changing it to **Yes** when appropriate.

# Appendix E STRATEGY, LOCAL TARGET, AND CDFI AREAS

# **Strategy Areas**

CDBG grantees may establish Neighborhood Revitalization Strategy Areas (NRSAs). These are locally designated areas where geographically targeted revitalization efforts are carried out through multiple activities in a concentrated and coordinated manner.

To stimulate the development of NRSAs, HUD offers CDBG grantees incentives such as greater flexibility in program design and reduced recordkeeping requirements.

For more information, grantees should refer to:

Notice CPD-96-01 24 CFR 91.215(g) 24 CFR 570.208(d)(5)(i) and (ii) 24 CFR 570.209(b)(2)(v)(L) and (M) 24 CFR 570.204(b)(2)(ii))

NRSAs require HUD approval.

# **Local Target Areas**

While NRSAs are established through a formal process that requires approval by HUD, many other target areas are locally defined. These local designations may have a variety of names—revitalization areas, target neighborhoods, priority zones, and so on.

#### **CDFI Areas**

CDFIs (Community Development Financial Institutions) are specialized financial institutions that work in market niches not adequately served by traditional financial institutions. CDFIs include community development banks, credit unions, loan funds, venture capital funds, and micro-enterprise loan funds.

Grantees have some flexibility within the regulations when CDBG-assisted activities are carried out by a CDFI serving a primarily residential area that is at least 51% LMI [see 24 CFR 570.208 (d)(6)].

## Appendix F SELECTING AND ADDING SPECIAL AREAS ON CDBG SETUP DETAIL (PAGE 1)

When you select **Strategy Area**, **CDFI Area**, or **Local Target Area** from the AREA TYPE dropdown, you must specify the name of the area in the next field. If it is not listed on the AREA NAME dropdown, or if you need to update information about one of the areas that is listed, follow the instructions below.

#### STRATEGY AREAS

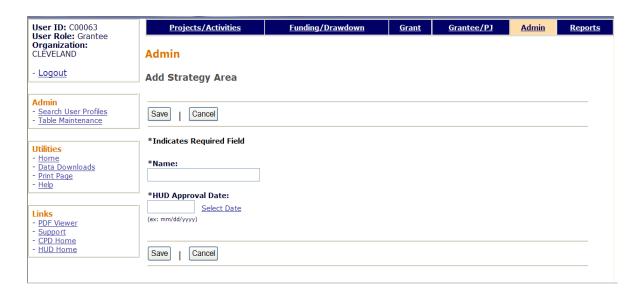

Select **Strategy Area** from the Area Type dropdown and tab to the Area Name field.

Click the <Add New Area> button to display the View All Strategy Area (sic) screen. If your organization has never added any strategy areas, it will look like this:

To add a new strategy area, click the <Add> button to access the Add Strategy Area screen:

Input the strategy NAME and HUD APPROVAL DATE (it cannot be more than a year after today's date), then click the <Save> button. The view screen is redisplayed with the area you just added.

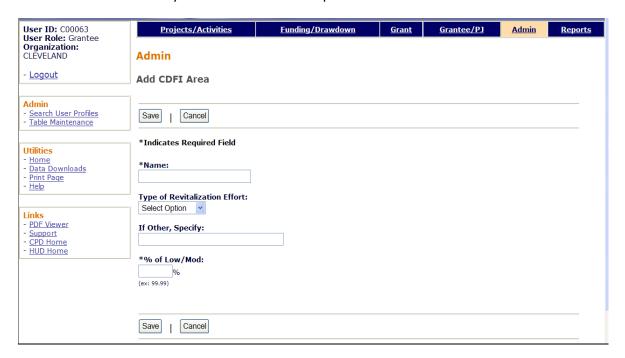

Field	Description	
ID	The ID is for use with EDI (Electronic Data Interchange).	
Name	The name of the strategy area.	
HUD Approval Date	The date HUD approved the strategy area.	
% of Low/Mod	Always blank for strategy areas—applies only to CDFI areas.	
Type of Revitalization Effort	Always blank for strategy areas which by definition are "comprehensive" revitalization efforts.	

To update an area's name or HUD approval date, click its <u>Edit</u> link in the last column. To return to the CDBG setup page, click the <Back to CDBG> button.

#### **CDFI AREAS**

The steps for adding or editing a CDFI area are the same as for strategy areas. The only difference is the data that you will be asked to input. Here is the Add CDFI Area screen:

Field	Description		
Name	Input the name of the CDFI area.		
Type of Revitalization Effort	Select the type of revitalization effort being undertaken.		
If Other, Specify	Fill this in only if you selected <b>Other</b> in the previous field.		
% of Low/Mod	Input the percentage of LMI persons in the CDFI area.		

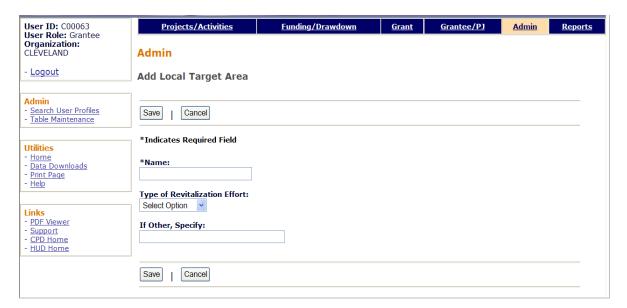

When you have finished, click the <Save> button to save your data and return to the View screen.

To update the data for a CDFI area, click its <u>Edit</u> link in the last column. To return to the CDBG setup page, click the <Back to CDBG> button.

#### **LOCAL TARGET AREAS**

The steps for adding or editing a local target area are the same as for strategy areas. The only difference is the data that you will be asked to input. Here is the Add Local Target Area screen:

Field	Description
Name	Input the name of the local area.
Type of Revitalization Effort	Select the type of revitalization effort being undertaken: Commercial, Comprehensive, Housing, or Other.
If Other, Specify	Fill this in only if you selected <b>Other</b> in the previous field.

When you have finished, click the <Save> button to save your data and return to the View screen.

To update the data for a local target area, click its <u>Edit</u> link in the last column. To return to the CDBG setup page, click the <Back to CDBG> button.

# Appendix H REPORTING RACE/ETHNICITY DATA FOR ACTIVITIES PROVIDING ACCESS FOR PERSONS WITH DISABILITIES

If you are assisting an eligible activity under the LMC national objective at 570.208(a)(2)(ii) and cannot obtain information on the beneficiaries with disabilities, follow these guidelines for reporting race and ethnicity data on the LMA accomplishment screen.

HUD has a website with Census data on the number of persons with disabilities, by race and ethnicity, at the Census tract level. The web address is:

http://www.hud.gov/offices/cpd/systems/census/statemap.cfm

On this website, select a state. On the next page, scroll down to "Disability by Race & Ethnicity" and click on "Download Excel Spreadsheet."

Select the data you want by using the Place Name filter arrow in Column K. Once you have selected a place, use data from the following columns:

Column L: Census tract

Column O: Number of persons with disabilities in the Census tract

Columns P-U: Number of persons with disabilities by race

Column V: Number of persons with disabilities of Hispanic ethnicity

If more than one Census tract is served by the activity, total the columns for the appropriate Census tracts and use those totals to complete the accomplishment screen.

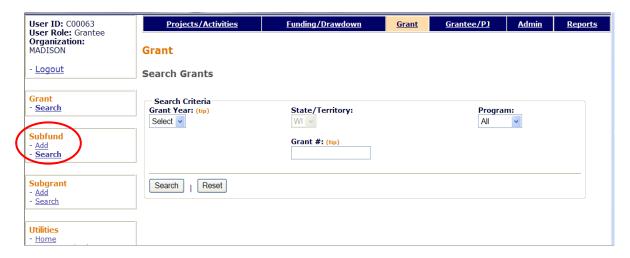

Note that the data in Column V on persons of Hispanic ethnicity is not broken down by race, which is how the information must be reported on the accomplishment screen. Grantees may use their own judgment in determining how to break down ethnicity by race.

## Appendix I SUBFUNDS

A subfund is a portion of a grant that has been earmarked for a specific use, and is identified by a fund type. For CDBG entitlements, the fund types are AD (Administration) and SU (Subgrant).

#### **ACCESSING THE SUBFUND FUNCTIONS**

Click the Grant tab at the top of the page you are on to display the Search Grants screen. Links to the subfund functions you are authorized to access are listed on the left (and circled on the screen print below).

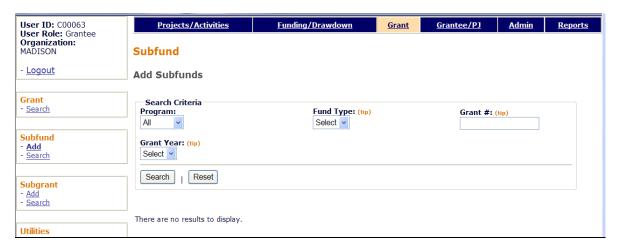

Instructions for adding and editing subfunds follow.

#### **ADD SUBFUNDS**

The process of adding a subfund consists, confusingly enough, of a search screen and an add screen. The title of the search screen is Add Subfunds and the title of the add screen is Add Subfund.

#### **ADD SUBFUNDS SCREEN**

Click the Subfund <u>Add</u> link on any Grant screen to display the Add Subfunds search screen. What you "search" for here is the *source* of funding for the subfund you want to add. For CDBG entitlements, it is always EN.

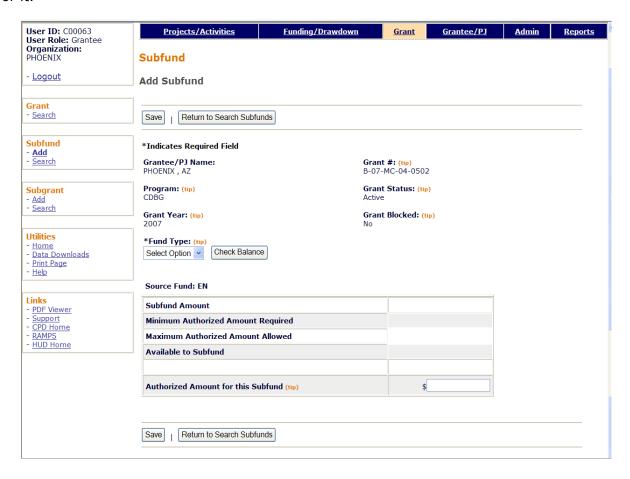

If you know which grant you want to use, fill in the search criteria this way:

Field	Description
Program	Select CDBG.
Grant Year	Select the year of the grant that the subfund is to be created from.
Fund Type	Ignore—see explanation above.
Grant #	Ignore—PROGRAM and GRANT YEAR uniquely identify the grant.

Click the <Search> button. When the results are displayed (there should only be one row), click the <a href="Add">Add</a> link in the last column to display the Add Subfund screen.

#### **ADD SUBFUND SCREEN**

On this screen, you will specify the type of subfund you want to create and a dollar amount for it.

Move the cursor to the FUND TYPE dropdown and choose the type of subfund you want to create: AD (administration) or SU (subgrant). Next click the <Check Balance> button to populate the first three fields in the Source Fund box.

- MINIMUM AUTHORIZED AMOUNT REQUIRED is always \$0.00 on the Add screen because there is no regulatory minimum for either the AD or SU subfund type.
- For SU, Maximum Authorized Amount Allowed will equal Available to Subfund. For AD, it will be 20% of the authorized amount of the grant, provided that much is Available to Subfund. If not, it will equal Available to Subfund.
- AVAILABLE TO SUBFUND should always equal MAXIMUM AUTHORIZED AMOUNT ALLOWED on the Add screen.

In Authorized Amount for this Subfund, specify the amount of the new subfund. It must be within the range of the minimum and maximum allowed.

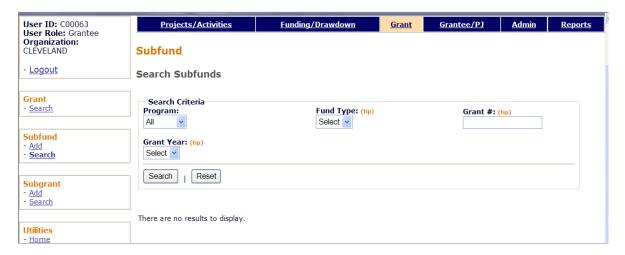

Click the <Save> button to create the subfund or the <Return to Search Subfunds> button to exit without saving. Clicking either button redisplays the Add Subfunds search screen.

#### **EDIT/VIEW SUBFUNDS**

To edit or view a subfund, you must first conduct a search to retrieve it. Click the Subfund <u>Search</u> link on any Grant screen to access the Search Subfunds screen.

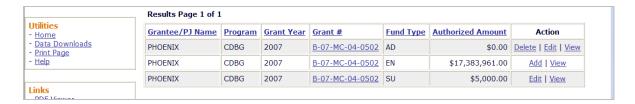

#### **SEARCH SUBFUNDS SCREEN**

Enter as many or few of the following search criteria as you wish to retrieve the subfund(s) you want to update/view:

Grant #	Search for grants starting with the text string you enter.		

Click the <SEARCH> button to run the search and display the subfunds that meet the criteria you specified:

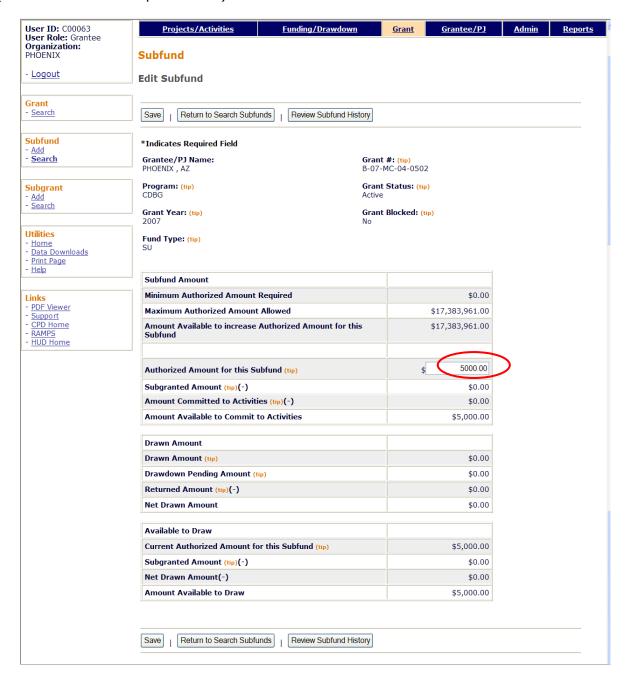

Select the subfund you want to process by clicking one of the links in the Action column. For EN, the links are <u>Add</u> and <u>View</u>. For AD and SU, they are <u>Edit</u>, <u>View</u>, and <u>Delete</u>.

See page I-2 for the EN Add screen. The Edit and View screens are explained starting on the next page.

The <u>Delete</u> link is available only when the subfund's AUTHORIZED AMOUNT is \$0.00. When you click the link, you are asked to confirm the deletion. Click <OK> to delete the subfund. Otherwise click <Cancel>.

#### **EDIT SUBFUND SCREEN**

The only field that can be updated on this screen is AUTHORIZED AMOUNT FOR THIS SUBFUND (circled on the screen print below):

Enter the revised amount (not the amount of the increase or decrease) in the AUTHORIZED AMOUNT FOR THIS SUBFUND field. It must be within the range shown for MINIMUM AUTHORIZED AMOUNT REQUIRED and the MAXIMUM AUTHORIZED AMOUNT ALLOWED.

If the authorized amount is changed to \$0.00, the subfund can be deleted when you return to the Search Subfunds screen.
