only)

Accreditation: Commission on the Accreditation of Rehabilitation Facilities; State of South Dakota

OVERVIEW

The Aberdeen Area Youth Regional Treatment Center (AAYRTC) is a residential adolescent treatment center with three family suites. The AAYRTC uses a holistic, multidisciplinary team approach. Comprehensive assessments allow the staff to tailor individual treatment plans to address each resident's uniqueness. Family education is provided throughout the adolescent's stay, and families join adolescents in treatment as much as possible. Plans are underway to use telemedicine for those families who are unable to travel for various reasons. AAYRTC's philosophy is that youth need strong cultural and spiritual foundations to enhance their self-esteem and respect and to promote healthy lifestyles. Adolescents are treated with dignity and respect in an environment that honors positive personal beliefs.

SPECIFIC SERVICES

- Comprehensive Assessment
- Chemical Dependency Counseling
- Group Therapy
- Individual Treatment Plans
- 12 Step Program
- Alcoholics Anonymous, Narcotics Anonymous, Alateen
- Family Education and Therapy
- Health and Diabetes Education
- Cultural Enrichment and Education
- Individual Education Plan
- Educational Outings

Evidence-Based Practice: Dialectical Behavior Therapy

Aftercare Services: Referral Services

Number of Tribes Served: 47

States Served: Arizona, Utah, Nevada, New Mexico,

California, and Wyoming

Accreditation: The Joint Commission

OVERVIEW

The Desert Visions Youth Wellness Center is a coed, residential treatment facility specializing in co-occurring substance abuse, substance dependence, and mental illness. Desert Visions emphasizes cultural and spiritual awareness as an important component of addiction recovery, and includes a spiritual counselor as a key member of the treatment team. In addition to providing culturally sensitive treatment, all of the counseling staff is trained in Dialectical Behavior Therapy. In addition to counseling services, Desert Visions provides comprehensive medical care, as well as educational, art therapy, and recreational services. Most importantly, Desert Visions believes that family is a critical part of addiction recovery and, consequently, incorporates family therapy and a family curriculum titled Circle of Strength into the treatment program.

SPECIFIC SERVICES

- Chemical Dependency
- Dual Diagnosis Treatment
- Emotional Behavior Therapy
- Spiritual and Traditional Ceremonies
- Group and Individual Psychotherapy
- 12 Step Support Programs

Cultural Treatment Models: Red Road to Wellbriety

Aftercare Services: Referral Services; Follow-Up 72

Hours after Discharge

Number of Tribes Served: 224

State Served: Alaska

Accreditation: Commission on the Accreditation of

Rehabilitation Facilities

OVERVIEW

Established in 1989, Graf provides coed, residential drug and alcohol rehabilitation services to American Indian and Alaska Native adolescents. Graf's mission is to provide healing and education for American Indian and Alaska Native youth with substance abuse issues and to promote wellness and growth, empowering youth to reach their potential. Graf is an unique and challenging substance abuse program, designed to address not only youth substance abuse problems, but to assist youth in identifying, and working on, other challenges that make recovery harder—such as community, family, peer, educational, legal, and medical problems. This is a voluntary program that expects a commitment of participation by the youth, their families, and community representatives.

SPECIFIC SERVICES

- Individual Psychotherapy
- Group and Family Therapy
- Mental Health Therapy and Services
- Anger Management
- 12 Step Work
- Cultural Education and Sweat Lodge
- Academic Assessment and Placement
- Individual Assessment
- Low-Ropes Course

OWNERSHIP OR OPERATION

The U.S. Department of Interior owns the land and leases it to Tanana Chiefs Conference, which holds responsibilities for the building, maintenance, etc. Fairbanks Native Association operates the Graf residential treatment program on a 638 contract with Tanana Chiefs Conference.

Aftercare Services: Referral Services; Follow-Up Services Provided 1, 3, and 12 Months After Discharge

Number of Tribes Served: 231

States Served: Alaska

Accreditation: Commission on the Accreditation of

Rehabilitation Facilities; State of Alaska

OVERVIEW

Raven's Way is a residential substance abuse and dual diagnosis treatment facility serving the youth of Alaska. This nationally accredited program combines conventional substance abuse treatment, adventure-based therapy, and Native cultural activities. Raven's Way focuses on developing each youth's physical, emotional, mental, and spiritual strengths, as well as his or her communication and problem-solving skills. Graduates then have the tools to choose a healthy, substance-free lifestyle. Raven's Way strives to help its students become connected with their culture, using cultural ceremonies, talking circles, sweat lodge, drum making, traditional drumming and singing, storytelling, medicine pouch making, beading, and exposure to nature and traditional values.

SPECIFIC SERVICES

- Individual and Group Psychotherapy
- Substance Abuse Assessment and Education
- Academic Education

- "Step" Work and Relapse Prevention
- Wilderness Expedition (Backpacking, Sea Kayaking, and Solo Experience) and Ropes Course Activities
- Activities Relevant To Native Cultures
- Peer Support Groups
