

North Carolina's 50-Mile Coastal Zone

Within North Carolina's 50-mile coastal zone, its housing units and population display different spatial distributions than its seasonal housing units, which are tightly concentrated along the coastline.

Housing Units: 2000
1 dot = 250 housing units

Population: 2000
1 dot = 750 people

Seasonal Housing Units: 2000
1 dot = 15 housing units
