I. **PURPOSE:** The Purpose of this Institution Supplement is to establish visiting regulations and procedures in accordance with the mission and goals of the Federal Correctional Complex at Terre Haute, Indiana, and in accordance with the Program Statement P5267.08, Visiting Regulations. These procedures govern inmates at the Federal Prison Camp (“FPC”), Federal Correctional Institution (“FCI”), United States Penitentiary (“USP”), as well as holdovers confined within the complex.

DIRECTIVES AFFECTED:

Program Statement 5267.08, Visiting Regulations, dated 05/11/06;

Program Statement 5510.12, Searching/Detaining of Non-Inmates, Arresting Authority, dated 01/15/08; Institution Supplements: Entrance Procedures, Inmate Legal Activities, and Inmate Dress Code and Grooming; are referenced.

II. Institution Supplement THX-5267.07C, Visiting Regulations, dated 05/29/09, is hereby superseded

III. **CORRECTIONAL STANDARDS REFERENCED:**

A. American Correctional Association 4th Edition Standards for Adult Correctional Institutions: 4-4156, 4-4267, 4-4498, 4-4499, 4-4500, 4-4501, 4-4505, 4-4504.

IV. **ESTABLISHMENT OF INMATE VISITING LIST:** During the Admission and Orientation period, each inmate will complete the Request for Visitors Form (Attachment #1). The appropriate Unit Manager is designated the responsibility to ensure proper and timely visiting list receipt and response.

- A. Because of limited visiting facilities and manpower for supervision of visits, the number of visitors **per inmate**, for the Visiting Room will not exceed five (5). Groups of more than five visitors will have prior approval through the appropriate Unit Manager with notification to the Captain, Deputy Captain and Duty Officer.
- B. At FCC Terre Haute, an inmate's visiting list will not contain more than ten (10) friends and associates other than immediate family members. Friends and associates are further defined as anyone who does not meet the criteria as an immediate family member. The visiting privilege ordinarily will be extended to other relatives, friends and associates having an established relationship with the inmate prior to confinement, unless such visits could reasonably create a threat to the security and good order of the institution. Exceptions to the prior relationship rule may be made particularly for inmates without other visitors when it is shown the proposed visitor is reliable and poses no threat to the security or good order of the institution. The inmate must have known the proposed visitor(s) prior to incarceration. The inmate will be responsible for having the proposed visitor mail proof of a prior relationship to the unit team which may include co-signed leases, utility bills, dated and signed letters, etc. The Unit Manager will review such documentation and will approve or deny the visitor. The Warden must approve any exception to this requirement.
- C. Immediate family members consist of mother, father, step-parents, foster parents, brothers and sisters, spouse and children. An inmate's spouse can include a common-law relationship which was established in a state which recognizes this status. If the state does not recognize common-law relationships then the person is not considered immediate family. Staff needing further clarification regarding states which recognize common-law relationships will contact the complex attorney. For this complex, step-brothers and sisters who were raised with the inmate and for whom this information can be verified will also be viewed as immediate family members. The inmate's immediate family members must be verified by the U.S. Probation Officer on the inmate's Pre-Sentence Report. If the Pre-Sentence Report verifies another person or persons fulfilled the inmate's parental role, those persons can be viewed as immediate family. Immediate family members will be placed on the visiting list absent strong circumstances which would preclude visiting after an inmate has advised staff he wishes to have them added to his visiting list.
- D. Inmates shall advise their Counselor by the use of an Inmate Request to Staff Member they wish to add immediate family members to their visiting list. Inmates shall include the immediate family member's name, relationship, address and age.
- E. Potential visitors who are not members of the inmate's immediate family must complete and return to the inmate's unit team a Visitor Information form (BP-S629). The inmate will forward this form to potential visitors. The form obtains the visitor's consent to release information for a background check (NCIC). If the background information reveals visiting privileges for the individual would present security concerns or disrupt the orderly running of the institution, the visitor may be denied visiting privileges. The Unit Manager will review and deny or approve visitors based on the background check.
- F. If a transferring inmate from another Federal institution has an approved visiting list from another facility, normally, members of the inmate's immediate family may be immediately placed on the visiting list absent any strong circumstances which would preclude visiting.

For all other potential visitors even though they may have been on the inmate's approved list at another institution, at a minimum, an NCIC check will be completed prior to placement on the visiting list.

- G. If a potential visitor cannot produce valid photo identification and there is minimal or no information available about this potential visitor, the request to visit will be denied.
- H. Children under the age of 16 may not visit unless accompanied by a responsible adult. Children shall be kept under supervision of a responsible adult. Once a child turns 16, the inmate must have them placed on the approved visiting list. A 16-year old child must have valid photo identification.
- I. The Unit Counselor will notify the inmate of approval or disapproval of persons for the visiting list. The inmate is responsible for notifying the visitor of the approval or disapproval to visit and is expected to provide the approved visitor with a copy of the visiting guidelines.
- J. No visitor can be placed on more than one (1) inmate's visiting list without approval of the Warden.
- K. Inmates may request to add or delete visitors to/from their visiting list, after initial completion, once every thirty days.

V. **GENERAL VISITING PROCEDURES:**

- A. **FCC Terre Haute:** Visiting at the USP and FCI will be Friday through Sunday and on federal holidays from 8:00 a.m. to 3:00 p.m. No one will be admitted into the institutions for visits after 2:00 p.m. On weekends and holidays, inmates will not be allowed to enter or exit the Visiting Room from 9:30 a.m. until the 10:00 a.m. count has cleared. Special Housing Unit visitation concludes at 2:00 p.m.
- B. **FPC Terre Haute:** Visiting at the FPC will be Friday through Sunday and on federal holidays from 8:00 a.m. to 3:00 p.m.
- C. Visitors will not be admitted to a visiting room after 2:00 p.m. without the Operations Lieutenant or Duty Officer's permission.
- D. Visitor parking is prohibited along Bureau Road. Inmate Visitors are not permitted to enter the Federal Correctional Complex grounds prior to 7:50 A.M. on visiting days, at which time they may proceed to the authorized parking lot.
- E. Inmates at FCC Terre Haute will be allowed seven visits during a calendar month. Any portion of a visit will be charged as one visit. The visits are not accumulative from one month to another. A completed visit is defined as the visitor(s) departing the institution property and the inmate departing the visiting area, returning to his assigned quarters or work assignment.
- F. When an approved visitor arrives in an FCC Visiting Room, the Visiting Room Officer will contact the inmate's Housing Unit Officer. The unit officer will locate the inmate. If the inmate is on a job detail, the detail officer will return the inmate to the housing unit if

necessary to change clothes or directly to the visiting room. The Unit Officer will release the inmate to the Visiting Room. If an inmate has not arrived at the Visiting Room within 45 minutes of his Unit Officer being notified the Operations Lieutenant will be contacted and requested to expedite the inmate's arrival.

- G. In the event of overcrowding, generally those inmates who have used the most visits will have their visits terminated first. However, the Visiting Room officer shall also give consideration to the distance the visitor has traveled, the visitor's relationship to the inmate and frequency of previous visits. If it should become necessary to terminate visits, the Operations Lieutenant and Duty Officer will be notified and will authorize the termination of specific visits.
- H. The Associate Wardens of Programs will authorize and approve extra visiting. Such approvals will be obtained well in advance of a scheduled visit and must be in writing, initiated by the Unit Team. Ordinarily, extra visiting authorization may be granted to accommodate those visitors traveling long distances and those unable to visit regularly. All regular visiting times must be used before approval of extra time.

The Captain or Deputy Captain will approve additional visitors above those ordinarily permitted. Approval for additional visitors must be obtained in advance of the visit and in writing. The documentation will be initiated by the Unit Team after review of requests by inmates. Ordinarily, additional visitors are granted to accommodate visitors traveling long distances or unable to visit regularly.

- I. Any inmate who requires special precautions may have his visiting restricted when necessary to ensure the security and good order of the institution. These cases will normally consist of protection cases and inmates who cannot be allowed in the Visiting Room with other inmates from the general population. The Captain will make the final decision regarding the restrictions of the visiting time. During weekends and holidays, the Institution Duty Officer or Operations Lieutenant may make the decision regarding visiting restrictions of the inmates who fall into this category. Special visits will require prior written approval by the Captain and Unit Manager in advance of the visit.

All SHU inmates will be seated in close proximity to the Visiting Room Officers desk, and will remain under constant supervision. SHU inmates will be escorted to the visiting room and back to SHU at the conclusion of visiting in restraints. SHU inmates will remain dressed in the orange jumpsuit while in the visiting room. Visiting for SHU inmates will conclude at 2:00 p.m. SHU inmates will be processed out of the visiting room first, ahead of other general population inmates. After regular work hours, additional security may be implemented as needed by the Operations Lieutenant in consultation with the Duty Officer as concerns arise.

- L. USP inmates temporary housed in the FCI SHU visiting procedures- FCI: The following procedures will be utilized regarding non-contact visiting for inmates housed in the Special Housing Unit. The visit will be live monitor by Unit staff, recorded by staff, via INTRUDER system. All visits will be conducted in the English language only by both visitors and the inmate. - O. Video visiting procedures: The following procedures will be placed into effect regarding Video visiting for inmates housed in the Special Housing Unit (SHU). There is one system in place for video visiting between inmates and their visitors. Video visiting is a closed circuit video system designed to permit visiting without contact and without removing inmates from the Special Housing Unit. Specifically, visitors view a video monitor in a room located in the lobby of the USP and talk to the inmate on a closed telephone system. The inmate at the same time views the visitors and talks from a secure area within the Special Housing Unit.

Visits must be approved in advance by the Unit Team and Captain. Visits may take place on weekends or holidays only. SHU visitors will not be processed after 1:00 p.m. SHU visits will be limited to a duration of two (2) hours.

Inmates will remain secured in the inmate video visiting room in the SHU throughout the visit. Inmates will be escorted from their cell to the video visiting room in the SHU in handcuffs from behind at a minimum. Additional restraints may be used if deemed appropriate and necessary by the Captain/Deputy Captain and SHU Lieutenant. The Unit Team is responsible for preparing written authorization and notification for the visit. This procedure applies to all cases except for parole revocation. The Case Management Coordinator will be the point of contact and the responsible staff member to coordinate visits by attorneys representing parole revocation cases. Legal Services (or Duty Officer after regular work hours) will certify the need for an attorney visit outside the normal visiting hours. Although these visits can usually be accommodated, some times delays may occur while security and monitoring arrangements are made. Prior arrangements for these visits will be made by the Unit Team after consultation with the Captain or Deputy Captain.

The Warden may not withhold this privilege even though the inmate is in disciplinary status. The requirement for the existence of an established relationship prior to confinement does not apply to consular visitors.
2. Inmates may request consular visits through their unit team. The unit team will prepare written authorization for the visit and will route it through the Captain prior to distribution to all concerned areas. Consular visits will be scheduled during normal visiting hours.

Q. CLERGY VISITS

1. Minister of Record Visitation: Each inmate will have the opportunity to designate a Minister of Record by submitting a written request to a Chaplain with the name, address and telephone number of this spiritual leader, clergy person or official representative of the inmate's religion of record. The requested Minister of

Record must submit to the Chaplain a letter outlining his or her history with the inmate and stating his or her willingness to serve as the inmate's Minister of Record. A Minister of Record's credentials will be verified by and a security check processed by the Religious Services Department. The Chaplain will then request that the inmate's unit staff place the identified clergy person on the inmates visiting list as the Minister of Record. An inmate may only have one Minister of Record at a time. The Minister of Record will not count against the total number of authorized social visitors an inmate is allowed to have on his visiting list. A visit by the Minister of Record will not be counted as a social visit or be counted against the total number of visits an inmate is allowed each month. One Minister of Record visits will be allowed each month. Additional Minister of Record visits may be authorized, if determined necessary by the Supervisory Chaplain. Every visit will take place in the visiting room during regular visiting hours and follow all procedures outlined in the visiting policies. As much privacy will be afforded to the inmate and Minister of Record who are visiting together as the security concerns in the visiting room allow.

2. Clergy Visitation: Visits from clergy (other than the minister of record) will be in accordance with the general visitor procedures and will count against the total number of regular visits allowed. Ordinarily, clergy visits will not be accommodated unless requested by the inmate through the Chaplain. However, the Chaplain may approve a visitation request initiated by the clergy if the inmate wishes to visit with the clergy.

After a review of the minister's credentials and appropriate security checks, the visit will be scheduled in the visiting room during regular visiting hours and follow all procedures outlined in the visiting policies. A reasonable amount of time will be required to process the request before a decision is made to allow the visit to take place. Clergy visits do count against the total number of visits an inmate is allowed each month. Normally, no more than one Clergy visit will be allowed each month. Additional clergy visits may be authorized if determined necessary by the Chaplain.
