# **Multiple Primary and Histology Coding Rules**

## **Table of Contents**

I.	Cover Page	
II.	Table of Contents	2
III.	Preface	5
IV.	Multiple Primary and Histology Rules General Instructions	7
V.	Terms & Definitions - Multiple Primary and Histology Coding Rules	15
	i.	Head and Neck 17
	ii.	Colon 29
	iii.	Lung 33
	iv.	Melanoma 41
	v.	Breast 47
	vi.	Kidney 55
	vii.	Ureter/Renal Pelvis/Bladder 61
	viii.	Benign Brain 68.1
	ix.	Malignant Brain 69
	x.	Other Sites 77
VI.	Flowchart Format - Multiple Primary and Histology Coding Rules	83
	i.	Head and Neck – Multiple primary 85
		Head and Neck – Histology 89
	ii.	Colon – Multiple primary 95
		Colon – Histology 100
	iii.	Lung – Multiple primary 111
		Lung – Histology 116
	iv.	Melanoma – MP 123
		Melanoma - Histology 126
	v.	Breast – MP 131
		Breast - Histology 135
	vi.	Kidney – MP 147
		Kidney - Histology 152
	vii.	Ureter/Renal Pelvis/Bladder – MP 159
		Ureter/Renal Pelvis/Bladder – Histo 163
	viii.	Benign Brain – MP 168.1
		Benign Brain – Histo 168.6
	ix.	Malignant Brain – MP 169
		Malignant Brain – Histo 173
	x.	Other Sites – Multiple primary 177
		Other Sites – Histology 184

## Multiple Primary and Histology Coding Rules

### Table of Contents

VII. Table Matrix Format - Multiple Primary and Histology Coding Rules	201
i. Head and Neck – Multiple primary	203
Head and Neck – Histology	207
ii. Colon – Multiple primary	211
Colon – Histology	213
iii. Lung – Multiple primary	221
Lung – Histology	224
iv. Melanoma – MP	229
Melanoma – Histology	231
v. Breast – MP	233
Breast – Histology	235
vi. Kidney – MP	243
Kidney - Histology	246
vii. Ureter/Renal Pelvis/Bladder – MP	249
Ureter/Renal Pelvis/Bladder – Histo	251
viii. Benign Brain – MP	254.1
Benign Brain – Histo	254.5
ix. Malignant Brain – MP	255
Malignant Brain – Histo	257
x. Other Sites – Multiple primary	259
Other Sites – Histology	263
VIII. Text Format - Multiple Primary and Histology Coding Rules	275
i. Head and Neck – Multiple primary	277
Head and Neck – Histology	279
ii. Colon – Multiple primary	283
Colon – Histology	285
iii. Lung – Multiple primary	289
Lung – Histology	291
iv. Melanoma – MP	295
Melanoma – Histology	297
v. Breast – MP	299
Breast – Histology	301
vi. Kidney – MP	307
Kidney - Histology	309
vii. Ureter/Renal Pelvis/Bladder – MP	313
Ureter/Renal Pelvis/Bladder – Histo	315

## **Multiple Primary and Histology Coding Rules**

### **Table of Contents**

viii.	Benign Brain – MP	318.1
	Benign Brain – Histo	318.3
ix.	Malignant Brain – MP	319
	Malignant Brain – Histo	321
x.	Other Sites – Multiple primary	323
	Other Sites – Histology	326
IX.	New Data Items	333
Appendix A	Histology Coding Committee and Project Roster	345
Appendix B	Commission on Cancer Site Teams	349

## **The 2007 Multiple Primary and Histology Coding Rules**

### **III. Preface**

The 2007 Multiple Primary and Histology (MP/H) Coding Rules present the first site-specific multiple primary and histology rules developed to promote consistent and standardized coding by cancer registrars. This project was sponsored by the National Cancer Institute (NCI) Surveillance Epidemiology and End Results (SEER) Program. In January 2003, the Multiple Primary and Histology Task Force was formed to tackle problems identified in existing rules. The MP/H Task Force was a diverse group with membership from all but two SEER regions, the American College of Surgeons (ACoS) Commission on Cancer (CoC), the American Joint Committee on Cancer (AJCC), the Centers for Disease Control and Prevention (CDC) National Program of Cancer Registries (NPCR), the National Cancer Registrars Association (NCRA), North American Association of Central Cancer Registries (NAACCR), 15 central registry representatives, and Canadian Cancer Registries. Physician guidance by specialty pathologists and clinicians was integral to the review and revision process. Regular consultation with the editors of ICD-O-3 clarified ICD-O-3 codes and ensured that the new rules accurately reflect the ICD-O-3 editors' intent and purpose.

The 2007 MP/H Rules include site-specific rules for lung, breast, colon, melanoma of the skin, head and neck, kidney, renal pelvis/ureter/bladder, and malignant brain. A separate set of rules addresses the specific and general rules for malignant solid tumors originating in all other sites. The multiple primary rules guide and standardize the process of determining the number of primaries. The histology rules contain detailed histology coding instructions. For example, there are instructions and guidance for identifying histologic lineages, differentiating between general (NOS) terms and specific histologic types, and correctly assigning mixed and combination codes.

The rules are available in three formats: flowchart, matrix and text. The different formats were developed to meet the needs of registrars who have different learning styles.

The MP/H Task Force also developed three new data items that complement these rules, Multiplicity Counter, Date of Multiple Tumors, and Type of Multiple Tumors Reported as One Primary.

The rules are available in this stand-alone manual and also in the *2007 SEER Coding and Staging Manual*.

A cadre of instructors has been trained to provide in-person education on using the new rules to registrars. Web-based cancer registrar education is available on the SEER training website, <http://seer.cancer.gov/>. Multiple primary and histology issues are covered in several modules, and a 2007 MP/H rules module will be added. Continuing education units can be requested from the National Cancer Registrars Association. Recorded training webcasts will be available for viewing and provide another option for mass training of registrars who cannot attend an in-person workshop.
