Y. 11590, filed a registration statement (File 2-30483) with the SEC on October 17 seeking registration of \$2,500,000 of subordinated convertible debentures, due 1978, and 50,000 outstanding shares of common stock. The debentures are to be offered for public sale by the company and the common shares by the holder thereof, the offerings are to be made by the present holder through underwriters headed by Shaskan & Co., Inc., 67 Broad St., New York 10004. The interest rate on the debentures, offering prices and underwriting terms are to be supplied by amendment. The registration statement also relates to 19,303 common shares which the company proposes to exchange for approximately 20% of the outstanding common stock of TransAmerica Capital Corporation, at the rate of one share for each 3.29998 shares of TransAmerica. In addition, the statement relates to 9,731 outstanding common shares which the company previously issued in exchange for approximately 9.73% of the issued common stock of TransAmerica and 30,000 common shares underlying warrants received by the underwriters pursuant to a 1966 distribution. In September 1968, pursuant to an agreement with certain controlling stockholders of TransAmerica, American Plan acquired 80.7% of TransAmerica's common stock. It now proposes to acquire the remaining 19.3%. TransAmerica's business includes the making of loans and investing in debt and equity securities of companies which are "small business concerns" within the meaning of the Small Business Investment Act of 1958.

American Plan (formerly American Automobile Risks, Inc.) is engaged in the production and servicing of physical damage insurance (fire, theft and collision) covering private passenger automobiles, mobile homes and trucks, a large portion of which is generated through the lending activities of banks and installment finance companies. A relatively small volume of private passenger automobile liability insurance is also produced and serviced. Of the net proceeds of its debenture sale, American Plan will use \$1,000,000 to purchase TransAmerica's authorized but unissued common shares, and will reserve \$900,000 to redeem American Plan debentures presently outstanding; the balance will be added to American Plan's general funds to be used for general corporate purposes. Net proceeds of the \$1,000,000 to be received from the company by TransAmerica will be added to the latter's general funds and will be available for investments in, and loans to, small business concerns. In addition to indebtedness and preferred stock, American Plan has outstanding 541,500 common shares, of which Mark M. Hart, board chairman, owns 73.7%; he proposes to sell 50,000 shares of 399,286 shares held. Mortimer Weinberg is president.
