1. Includes both conventional and government-backed home purchase loans.

2. Includes loans reported by independent mortgage companies, which were not covered before 1993.

3. MSA median is median family income of the metropolitan statistical area (MSA) in which the property related to the loan is located.

4. Census tracts are categorized by the median family income for the tract relative to the median income for the metropolitan statistical area (MSA) in which the tract is located. Categories are defined as follows: *low or moderate*, median family income for census tract less than 80 percent of median family income for MSA; *middle income*, median family income for census tract 80 percent to 119 percent of MSA median; *upper income*, median family income 120 percent or more of MSA median.
