## ASSETS

### LOANS & LEASES

**Collateral Codes:** Loans are to be reported by collateral code. For example, if a new or used vehicle is secured by real estate, i.e., home equity loan, include it with real estate loans. If a member business loan or business purpose loan is secured by real estate, it should be reported as a real estate loan. Otherwise, report business loans on the Total All Other Loans/Lines of Credit line. Report the portion of any loan participation or purchase that remains on the credit union's balance sheet according to the applicable collateral code.

**Interest Rates:** Report loan interest rates being offered as of the reporting period for each loan category. Report the actual rate (i.e., 6.5% = 6.5). If more than one rate applies, report the most common rate in each category.

**For each loan category, report only those loans which have an outstanding balance.** Loans reported should be shown net of loan origination fees (costs) which shall be recognized over the life of the related loan as an adjustment of yield. Loan fees, certain direct loan origination costs, and purchase premiums and discounts on loans shall be recognized as an adjustment of yield generally by the interest method based on the contractual terms of the loan.

14. **Unsecured Credit Card Loans.** Include the rate, number, and dollar amount of outstanding credit card loans. Unused loan commitments must also be reported on Schedule G – Off-Balance Sheet Commitments and Contingent Assets and Liabilities.
15. **All Other Unsecured Loans/Lines of Credit** (other than credit cards). Include the rate, number, and dollar amount of outstanding unsecured loans and lines of credit other than credit card loans. Typically, this would include comaker and cosigner loans. Also, report overdraft protection program advances here (commonly referred to as “bounced-check protection” or “courtesy pay”). Unused loan commitments must also be reported on Schedule G – Off-Balance Sheet Commitments and Contingent Assets and Liabilities.
16. **New Vehicle Loans.** Include the rate, number, and dollar amount of new vehicle loans where the new vehicle is pledged as security.
17. **Used Vehicle Loans.** Include the rate, number, and dollar amount of used vehicle loans where the used vehicle is pledged as security.
18. **Total 1st Mortgage Real Estate Loans/Lines of Credit.** Include the rate, number, and dollar amount of outstanding loans and lines of credit secured by a first lien on the property. Include member business loans secured by real estate. Unused loan commitments must also be reported on Schedule G – Off-Balance Sheet Commitments and Contingent Assets and Liabilities.
19. **Total Other Real Estate Loans/Lines of Credit.** Include the rate, number, and dollar amount of outstanding real property loans and lines of credit secured by an interest on the property other than a first lien. Typically, this would include home equity and second mortgage loans. Include member business loans secured by real estate. Unused loan commitments must also be reported on Schedule G – Off-Balance Sheet Commitments and Contingent Assets and Liabilities.

If your credit union has any real estate loans outstanding (i.e., if there is amount reported on lines 18 or 19) or if your credit union has originated any real estate loans during the reporting period, complete **Schedule A - Real Estate Loans/Lines of Credit** on page 9. If your credit union has any business loans outstanding or has originated any member business loans during the reporting period, complete **Schedule B - Business Loans** on page 11.

20. **Leases Receivable.** Include the rate, number, and dollar amount of outstanding direct financing leases as defined by GAAP (credit union is lessor). Credit unions that lease personal property such as vehicles to members make direct financing leases.
21. **Total All Other Loans/Lines of Credit.** Include the rate, number, and dollar amount of outstanding loans not already included in lines 13 - 20. Typically, this would include member business loans and business purpose loans not secured by real estate, share secured loans, agricultural loans, guaranteed loans, student loans, etc. Unused loan commitments must also be reported on Schedule G – Off-Balance Sheet Commitments and Contingent Assets and Liabilities.
22. **TOTAL LOANS & LEASES.** Sum of lines 14 - 21. Loans to other credit unions should be excluded from Total Loans and reported as an investment.
23. **Allowance for Loan & Lease Losses.** Amount set aside to absorb possible losses on loans and leases (excludes the Regular Reserve).

### OTHER ASSETS

24. **Foreclosed and Repossessed Assets:** Report long-lived assets (including automobiles, equipment, boats and similar personal property) intended for sale and acquired through, or in lieu of foreclosure or repossession. Initially record the assets at fair value (less costs to sell) at the date of foreclosure or repossession. This fair value (less cost to sell) becomes the “cost” of the foreclosed or repossessed asset. The amount, if any, by which the recorded amount of the loan exceeds the fair value (less costs to sell) of the asset is a loss which must be charged off to the ALLL at the time of the foreclosure or repossession. After foreclosure or repossession, re-value the assets periodically to the lower of “carrying amount” or “fair value (less costs to sell)” through a separate valuation account. Changes in the valuation allowance are included in net expenses from foreclosed and repossessed assets. If a repossessed or foreclosed long-lived asset is not sold shortly after it is received, any declines in value after foreclosure and any gain or loss from the sale or disposition of the asset shall not be reported as a loan loss or recovery and shall not be debited or credited to the ALLL.
25. **Land and Building.** Land and building, less depreciation on building, if any.
26. **Other Fixed Assets.** All other fixed assets such as furniture and fixtures, and leasehold improvements, less related depreciation, if any. In addition, include *leased assets under capital lease* (credit union is lessee), less accumulated depreciation, if any. In this situation, your credit union is leasing assets and granted a lease from an outside entity.
27. **NCUA Share Insurance Capitalization Deposit (NCUSIF).** Enter the amount of the National Credit Union Share Insurance Fund deposit.
28. **Other Assets.** Include prepaid expenses, accounts receivable, accrued income on loans and investments, and loans to and investments in CUSOs, etc. Report any private insurance capitalization deposit here as well as any investments purchased and identified to fund deferred compensation agreement obligations. If this amount includes loans or investments to CUSOs, you must also complete **Schedule D - CUSO Information** on page 14. **NOTE:** If your credit union wholly owns the CUSO or owns the majority of the CUSO (controlling interest), the CUSO should not be reported as an investment. Rather, the CUSO's books and records should be consolidated with your credit union's in accordance with generally accepted accounting principles. Complete **Schedule D - CUSO Information** on page 14 regardless of the ownership interest.
29. **TOTAL ASSETS.** Sum of all assets. This must also equal the sum of LIABILITIES, SHARES, AND EQUITY (line 17 on page 3).

## LOAN INFORMATION

### DELINQUENT LOANS AND LEASES

- 1.-4. **All Delinquent Loans and Leases.** Report the number and total outstanding loan balance of **all** delinquent loans (including credit card loans) and leases by categories. All delinquent loans and leases include loans and leases reported by the credit union and serviced by outside processors (e.g., real estate, student loans, etc.). Do not include either: (1) loans already written down to fair value (difference charged-off against ALLL) through a "decision to sell" and/or otherwise transferred to a "loans held for sale" (LHFS) classification; or (2) loans that the credit union has already written down to the fair value (difference charged-off against ALLL) of the collateral (less costs to sell), e.g., collateral (including automobiles, equipment, boats and similar personal property) transferred to Foreclosed and Repossessed Assets (See instructions for Foreclosed and Repossessed Assets on Page 2a).

Report troubled debt restructured (TDR) loans (defined in GAAP) as delinquent consistent with original loan contract terms until the borrower/member has demonstrated an ability to make timely and consecutive monthly payments over a six-month period consistent with restructured terms. Likewise, such loans may not be returned to full accrual status until the six-month consecutive payment requirement is met. (Note: Not all restructured debt meets the definition of TDR. TDR loans are loans whose terms have been modified because the credit union, *for economic or legal reasons related to the debtor's financial difficulties, grants a concession to the member debtor that it would not otherwise consider*, to provide for a reduction of either interest or principal. This concession either stems from an agreement between the credit union and the member debtor or is imposed by law or a court. A loan extended or renewed at a stated interest rate equal to the current interest rate for new debt with similar risk is not considered a TDR loan.)

- 5.-8. **Delinquent Credit Card Loans.** Report the number and total outstanding loan balance of delinquent credit card loans by categories that are included in the total delinquency figures reported in items 1-4, above.

### MISCELLANEOUS LOAN INFORMATION

9. **Loans Purchased from Other Financial Institutions.** Report the number and dollar amount of loans purchased by your credit union for which it has **full title**, year-to-date. (Seller has assigned the note and supporting documents to your credit union.) Do not include **Participation Loans Purchased** that are included in item 20b., below.
- 10a-c. **Indirect Loans.** An indirect loan is a loan made by a credit union through a third party vendor that facilitates the financing arrangement. The credit union is responsible for making the underwriting decision and the loan is immediately assigned to the credit union after being made.
- 10a. **Indirect Loans – Point of Sale Arrangement.** Report the number and dollar amount of outstanding indirect loans made by the credit union by contracting directly with a merchant. In this case, the credit union partners with a merchant to originate loans at the point of sale. A direct agreement between an auto dealer and a credit union is an example of an indirect loan made at the point of sale.
- 10b. **Indirect Loans – Outsourced Lending Relationship.** Report the number and dollar amount of outstanding indirect loans made by the credit union by contracting with a third party vendor other than the merchant providing the product. In this case, the credit union does not directly contract with the merchant. The third party vendor receives compensation for facilitating loan origination.
11. **Loans Outstanding to Credit Union Officials.** Report the number and dollar amount of loans to credit union officials, including the board of directors, committee members and senior executive staff (credit union's chief executive officer typically titled as President or Treasurer/Manager, any Assistant Chief Executive Officer, e.g. Assistant President, any Vice-President, any Assistant Treasurer/Manager and the Chief Financial Officer). The dollar amount should be the total outstanding loan balances as of the current report date.
12. **Loans Granted Year-to-Date.** Report the number and dollar amount of loans granted year-to-date. Include all loans of all types granted including real estate loans sold on the secondary market. Count each line of credit as a single loan granted if one or more advances were made on that line year-to-date. For all other loans, report each new loan or refinanced loan as a loan granted. The dollar amount should include all new advances and all balances which were refinanced. Report the number and the portion (amount) of Participation Loans participated in or retained by the credit union.
13. **Total Amount of All Loans Charged Off Year-to-Date.** Report the dollar amount of **all** loans charged off year-to-date (including credit card loans).
14. **Total Amount of All Year-to-Date Recoveries on Charged-Off Loans.** Report the dollar amount of **all** loan recoveries made year-to-date (including credit card loans).

16. **Total Amount of Year-to-Date Recoveries on Credit Card Loans Charged Off.** Report the dollar amount of credit card loan recoveries made year-to-date.
17. **Total Amount of Loans Charged Off due to Bankruptcy, Year-to-Date.** Report the dollar amount of loans charged off due to bankruptcy, year-to-date. Include both Chapter 7 and Chapter 13 Bankruptcy Loan Charge-offs. Do not include recoveries.
- 18a.b. **Number of Members Filing Chapter 7 and Chapter 13 Bankruptcy Year-to-Date.** Provide the number of members who have loans in your credit union and have filed for Chapter 7, Chapter 13 or Chapter 11 Bankruptcy year-to-date. Include reaffirmations. Exclude bankruptcies that have been dismissed by a court.
19. **Dollar Amount of Outstanding Loans Subject to Bankruptcies.** Provide the dollar amount of the total outstanding loan balances of those members who have filed for bankruptcy identified in items 18a and 18b.

- c. **Participation Loans Sold Year-to-Date:** Report the number and dollar amount of the credit union's portion of Participation Loans sold year-to-date. If participation loans have been sold with recourse, they must be reported on Schedule G – Off-Balance Sheet Commitments and Contingent Assets and Liabilities.

## INFORMATION SYSTEMS & TECHNOLOGY

1. **System for Share and Loan Records.** Select the number which corresponds to the best description of the system your credit union uses to maintain its share and loan records:

**1=Manual System (No Automation):** Manually (e.g. hand posting) post and track share and loan records.

**2=Vendor Supplied In-House System:** Vendor provides, and maintains, the software program(s) required to track member data. This type of product is also called "Turnkey" and in many cases is a complete accounting package (share, loan, general ledger, subsidiaries, teller operations, cash operations, etc.). In most cases, the credit union will install and maintain the hardware to run the software at their credit union office(s). The vendor generally maintains control over software programming and provides updates, patches, fixes, and new releases on a regular or predetermined basis. In some cases, clients may request the vendor to customize the software for their particular needs.

**3=Vendor Online Service Bureau:** Hardware and software systems reside at the vendor's location with the exception of those systems a credit union requires in order to access and transmit data to the vendor. Most, if not all, data processing occurs at the vendor's site. Service bureau vendors generally provide reports (paper, electronic, microfiche, or other) on a regular basis. Connection is made to a service bureau through dial-up connections, private lines, the Internet, frame relay, or other WAN services. The service provided may be real-time (transaction post upon data entry) or batch processing (data is accumulated throughout a predetermined time period and then transmitted to the vendor for processing at predetermined intervals).

**4=CU Developed In-House System:** The credit union developed, and generally maintains, the software onsite. Responsibility for the hardware and software systems are the credit union's. Generally, in-house developed credit unions will maintain a data center (data processing department) staffed with hardware and software personnel.

**5=Other:** Any other system that does not fit into one of the previous categories. Note: Most systems will fit into one of the previous categories.

2. **Name of Information Processing Vendor (Share and Loan Records).** If applicable, provide the name of your credit union's primary share and loan information processing vendor.

3. **Electronic Financial Services Access.** Select the methods by which members may access and/or perform electronic financial services.

- Home Banking Via Internet Website: Members access services via the web/internet. Generally, members use a web browser to access services.
- Wireless: Members access services via a wireless device such as cell phone, personal data assistant (PDA), etc.
- Home Banking Via Direct Dial-Up/PC Based: Member access services via a home banking computer program. Generally, members use their computer to dial up the credit union and use the credit union supplied computer program to access services. The software would reside on the member's computer requiring a modem to gain access. The connection is not made through the Internet.
- Audio Response: Members use an audio response system to access services. Generally, this type of system is phone based.
- Automatic Teller Machines: Members access services via an ATM network.
- Kiosk: Members access services via a kiosk.
- Other: Members access services via a method not in the list.

4. **Electronic Services.** Select the services that members may perform using one or more of the electronic means listed in #3. Descriptions are provided for the following services which may not be self-explanatory:

- Electronic Cash: Services to transfer monetary values ("electronic cash") that can be stored on a variety of media including a personal computer, plastic card, or other device that has a computer chip or magnetic strip. Debit, ATM or credit cards are not electronic cash.
- Account aggregation: Service to present account information from many websites in a consolidated format.
- Internet Access Services: Service to provide members with access to the Internet.
- Electronic Signature Authentication/Certification: Service to verify identify and certify related electronic signatures.

## INFORMATION SYSTEMS & TECHNOLOGY

5. **World Wide Website Address.** If your credit union has a World Wide Website address, please provide it. Please do not include the "http://" part of your entry. If your credit union does not have a World Wide Website, skip to question #11.
6. **World Wide Website Type.** Select the type that best describes the degree of information and/or services you offer online:
  - (1) Informational: Displays general information such as loan/share rates, printable forms, credit union contact information, privacy notice, etc; or,
  - (2) Interactive: Members can complete membership and loan applications, apply for new share accounts, transmit requests for information such as share balances, loan balances, account statements, disclosure statements, etc as well as informational; or,
  - (3) Transactional: Members can initiate or perform transactions such as paying bills, making loan payments, transferring money (between one or more credit union accounts or between the credit union and 3<sup>rd</sup> parties) as well as interactive and informational.
7. **Transactional Website Usage.** Report the number of members (not the number of transactions) using your transactional website. Do not answer this question if your website is not a transactional type website.
8. **Transactional Website Vendor.** If your credit union has a transactional website, please provide the name of the primary vendor used to enable such services (i.e. the electronic home banking application service provider). This may not necessarily be the same vendor who provides the credit union's share and loan system, physically hosts the web server which runs the website, or provides the access to the Internet.
9. **Future Website.** If you have a website, skip this question. If you do not have a website, please indicate if you intend to create one in the future.
  - a. If you don't have a website but plan to create one (i.e. question #9 is Yes), please state, in the number of months, you expect to create your website and post it to the World Wide Web.
  - b. If you don't have a website but plan to create one (i.e. question #9 is Yes), please state the type of website you plan to create (for a description of website types, see #6 above).
10. If you can access the internet from any computer located at the credit union, answer yes to this question.
11. If you have a FedWire terminal obtained through the Federal Reserve system on the premises of the credit union, answer yes to this question. Do NOT answer yes if you use any other wire transfer request system (such as a web based wire transfer request system provided by a corporate credit union) to conduct wire transfers.
12. An Originating Depository Financial Institution (ODFI) receives payment instructions from the originator (party originating ACH transaction) and forwards the entries to the ACH Operator (Federal Reserve Bank or Electronic Payments Network). Answer yes to this question if you are an ODFI.
13. A Receiving Depository Financial Institution (RDFI) receives ACH entries from the ACH Operator and posts the entries to member accounts or its own accounts. Answer yes to this question if you are an RDFI.

## MISCELLANEOUS INFORMATION

1. **Most Recent Audit.** Select the number which corresponds to the best description of the last annual audit performed of your credit union's records. Please see NCUA Rules and Regulations §715 for further information regarding audit classification. You must provide the effective date of this audit using a MM/YYYY format (i.e., 12/2001). The effective date is the end of the period covered by the audit, not the date the audit work was completed. **A state licensed person** refers to a certified public accountant or public accountant who is licensed by the State or jurisdiction where the credit union is principally located to perform accounting or auditing services for that credit union. The following explanations are provided for guidance:
  1. **Financial statement audit** (also known as an "opinion audit") refers to an audit of the financial statements in accordance with GAAS by an independent person who is licensed by the appropriate State or jurisdiction. The objective of a financial statement audit is to express an opinion as to whether those financial statements of the credit union taken as a whole present fairly, in all material respects, the financial position and the results of its operations and its cash flows in conformity with GAAP, as defined herein, or regulatory accounting practices.
  2. **Balance sheet audit** refers to the examination of a credit union's assets, liabilities, and equity under GAAS by an independent public accountant for the purpose of opining on the fairness of the presentation on the balance sheet. The opinion under this type of engagement would not address the fairness of the presentation of the credit union's income statement, statement of changes in equity (including comprehensive income), or statement of cash flows.
  3. **Report on Examination of Internal Control over Call Reporting** refers to an engagement in which an independent, licensed, certified public accountant or public accountant, consistent with attestation standards, examines and reports on management's written assertions concerning the effectiveness of its internal control over financial reporting in its most recently filed semiannual or year-end Call Report, with a concentration in high risk areas.
  4. **Supervisory Committee audit performed by state licensed persons** refers to an engagement in accordance with the procedures prescribed in NCUA's Supervisory Committee Guide performed by certified public accountant, public accountant, and other state licensed persons.
  5. **Supervisory Committee audit performed by other external auditors** refers to an engagement in accordance with the procedures prescribed in NCUA's Supervisory Committee Guide performed by the league auditor, credit union auditor consultant, retired financial institutions examiner, and other qualified but not State-licensed persons. Qualified persons who are not State-licensed cannot provide assurance services under this subsection.
  6. **Supervisory Committee audit performed by supervisory committee or designated staff** refers to an engagement in accordance with the procedures prescribed in NCUA's Supervisory Committee Guide performed by the supervisory committee or its internal auditor.
2. **Most Recent Verification of Members' Accounts.** You must indicate the effective date of the most recent Supervisory Committee verification of Members' accounts using a MM/YYYY format (i.e., 12/2001).
3. **Excess Deposit Insurance.** If your credit union has share and/or deposit insurance coverage in addition to the coverage provided by the National Credit Union Share Insurance Fund, answer this question "yes." If yes, provide the name of the insuring company and the total dollar amount of shares and/or deposits insured by this company. **DO NOT include Life Saving and Borrowers' Protection Insurance. DO NOT include Surety Bond Coverage.**
4. **Number of Current Members.** Report the number of credit union members. Report the actual number of members, not the number of accounts.
5. **Number of Potential Members.** Report the number of potential credit union members. Include current members in this estimate. The estimate of potential members must be reasonable and supportable. For example, if the credit union has a community (geographic-based) charter, use the most recent Census statistics for the area. If the credit union has an employment-based membership, use the most recent total employment figures for the company(s) and an estimate of the number of family members.
- 6a.b. **Number of Credit Union Employees.** Report the number of full-time and part-time employees of your credit union.
7. **New programs or service offerings.** Indicate new programs or service offerings implemented since your previous filing, or that you plan on implementing within the next six months, by marking the box to the right of the applicable descriptions. Mark "Other" to indicate another program or service that does not fit any of the descriptions. Mark "None" if you did not implement any of the indicated changes since your previous filing, or if you do not plan to implement any within the next six months. Do not include new services already identified on page 6, *Information Systems & Technology*.

## SCHEDULE B BUSINESS LOANS

---

This report should include information concerning business loans as defined by Part 723 of the NCUA Rules and Regulations. A member business loan generally includes any loan, line of credit, or letter of credit (including unfunded commitments) where the borrower uses the proceeds for commercial, corporate or other business investment property or venture, or agricultural purposes. However, loans which meet one or more of the following exceptions are not member business loans:

- A loan fully secured by a lien on a 1- to 4-family dwelling that is the member's primary residence;
- A loan fully secured by shares in the credit union or deposits in other financial institutions;
- Loan(s) to a member or an associated member which, when the net member business loan balances are added together, are equal to less than \$50,000; or
- A loan where a federal or state agency (or its political subdivision) fully insures repayment, fully guarantees repayment, or provides an advance commitment to purchase in full.
- Loans to credit unions and credit union service organizations.

For purposes of Part 723, a loan purchase or participation interest in a nonmember business loan must meet the member business loan requirements as if made to a member. These loans do not count against the credit union's regulatory aggregate member business loan limit unless the borrower is also a member. However, the credit union must receive approval from the NCUA regional director before the total of the credit union's net member business loan balances and the nonmember loan balances exceed the lesser of 1.75 times the credit union's net worth or 12.25% of total assets.

**Net Member Business Loan Balance (NMBLB):** Means the outstanding loan balance plus any unfunded commitments, reduced by any portion of the loan that is secured by shares in the credit union, or by shares or deposits in other financial institutions, or by a lien on the member's primary residence, or insured or guaranteed by any agency of the federal government, a state or any political subdivision of such state, or subject to an advance commitment to purchase by any agency of the federal government, a state or any political subdivision of such state, or sold as a participation interest without recourse and qualifying for sales accounting under generally accepted accounting principles. The NMBLB applies to both member and nonmember loans and participations.

---

For each type of member business loan listed, provide the number of loans outstanding, the aggregate NMBLB amount of loans outstanding, the number of loans granted or purchased year-to-date, and the NMBLB amount of loans granted or purchased year-to-date. For participation loans, report the NMBLB amount of the portion that remains on the credit union's balance sheet.

Include any unfunded commitments with these reported figures unless otherwise noted in the instructions.

For loans held for sale, report only the number of loans granted or purchased year-to-date and the aggregate NMBLB amount of loans granted or purchased year-to-date.

---

## SCHEDULE D – CREDIT UNION SERVICE ORGANIZATION (CUSO) INFORMATION

### 1. **CUSO DEFINITION:**

A credit Union service organization (CUSO) is a corporation or limited partnership that provides services primarily to credit unions or members of affiliated credit unions. Answer the following questions for each CUSO in which you have a loan or an investment. If your credit union has investments in or loans to more than one CUSO, complete a separate line of information for each CUSO.

### 2. **ACCOUNTING ISSUES:**

A. **If your credit union wholly-owns the CUSO or owns a “controlling financial interest” (assumed at ownership of 50% or more of the voting stock)**, the CUSO’s books and records should be consolidated with your credit union’s books and records (as if the two were one entity) for reporting on pages 1, 2, 3, and 4 of the call report.

B. **If your credit union has “ability to exert significant influence” over operations of the CUSO (assumed at ownership of 20% or more but less than 50% of the voting stock of the CUSO)**, the credit union’s investment in the CUSO should be reflected in its books and records using the equity method of accounting.

C. **If your credit union owns less than 20% of the voting stock of the CUSO**, the credit union should account for its CUSO investment using the cost method of accounting.

### 3. **INSTRUCTIONS FOR SCHEDULE COLUMN HEADINGS:**

A. **Name of CUSO – (Accounts 830A thru T)**: Report the full/legal name of the CUSO.

B. **Value of Investment in CUSO (Accounts 831A through T)**: Report the amount that represents the unimpaired value of the credit union’s CUSO investment as measured under generally accepted accounting principles on an unconsolidated basis. The amount reported should be measured either under:

- the cost method (ownership of less than 20% voting common stock), or
- the equity method (ownership of 20% or more voting common stock).

C. **Amount Loaned to CUSO (Accounts 832A through T)**: Report the amount of outstanding loan balance(s), available line(s) of credit from the credit union, and/or guarantee(s) the credit union has made to or on behalf of the CUSO.

D. **Ownership of CUSO (Accounts 833A through T)**: Answer either YES or NO as to the ownership question following the guidance provided in the footnote labeled by the double asterisk.

E. **Type of Service Provided (Accounts 834A through T)**: Report the predominate service offered by the CUSO following the guidance provided in the footnote labeled by the triple asterisk.

F. **Accounting for CUSO Investment (Accounts 837A through T)**: Report how your investment in the CUSO is accounted for on the credit union’s financial statements following the guidance provided in the footnote labeled by the quadruple asterisk. Also, refer to Section 2 above (Accounting Issues).

G. **Aggregate Cash Outlay (Accounts 836A through T)**: Report the aggregate cash outlay invested in the CUSO that is not impaired by sustained losses unrecoverable in the reasonable near term. “Aggregate cash outlay” means the aggregate amount of cash paid out by the credit union to acquire an ownership interest in the CUSO. Credit unions required under GAAP to report their investment in a CUSO on the equity basis are not penalized for exceeding their “investment in and loans to” CUSO limit as a result of the CUSO operating profitably and the value of the investment increasing. Unimpaired aggregate cash outlay is the means by which the regulatory limitation is measured.

**SCHEDULE E

For this item, “construction” includes not only construction of new structures, but also additions or alterations to the existing structures and the demolition of existing structures to make way for new structures. Also include in this item loan proceeds your credit union is obligated to advance as construction progress payments. Do not include general lines of credit that a borrower, at its option, may draw down to finance construction and land development (report in item 2.F.).
  - B. **Other Unfunded Business Loan Commitments.** Report the unfunded portions of commitments to extend credit for business loans other than the purpose of financing commercial and multifamily residential properties.   - F. **Other Unfunded Commitments.** Report the unfunded portions of all other commitments not reported in lines 2.A. - 2.E.
3. **Loans Transferred with Recourse.** Report the total principal balance outstanding of loans transferred, including participations, for which the transfer qualified for true sales accounting treatment under GAAP, and for which the transferor credit union retained some limited recourse (i.e., insufficient recourse to preclude sales accounting treatment.) Do not include loan transfers that qualify for sales treatment but only contain the representation and warranty paragraphs that are standard for sales on the secondary market. **Do not include loan participations transferred with substantial recourse or those transferred without recourse.** If a transfer does not satisfy the criteria for sales treatment (i.e., isolation, control, and pledge), the transfer should be accounted for as a secured borrowing with pledge of collateral, and not reported here.

## PCA NET WORTH CALCULATION WORKSHEET

No credit union is required to provide input on this page unless the credit union intends to use an optional Total Assets Election to compute its new worth ratio.

At its discretion, a credit union may elect a measure of total assets for its net worth denominator other than quarter-end total assets. If the credit union decides to use one of these Total Assets Elections it must input this amount in either line 9, 10 or 11 as appropriate. Otherwise, the PCA Net Worth Calculation Worksheet will compute the credit union's net worth ratio and resulting net worth classification using quarter-end total assets from line 8. (Please see NCUA Rules and Regulations §702.2 (k) for further information regarding total assets.)

**All Credit Unions:** This worksheet provides a means of measuring the net worth ratio. All credit unions must determine their net worth category at the end of each calendar quarter by measuring their net worth ratio. (See NCUA Rules and Regulations §702.101)

**Credit unions with Assets Greater than \$10,000,000:** In addition to measuring a net worth ratio, credit unions with assets greater than \$10 million must also review their Risk Based Net Worth (RBNW) Calculation Requirement. Line 13a of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the Standard Components. Line 13b of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the Alternative Components of Section 702.107 of the NCUA Rules and Regulations.

**Manual Call Report Filers:** Manual Call Report filers may leave the PCA Net Worth Calculation Worksheet blank, use it to select an optional total assets election, or use it as a manual net worth calculation worksheet. NCUA will compute the Net Worth Ratio and RBNW Requirement Calculation for manual Call Report filers with the information entered on the Call Report.

## STANDARD COMPONENTS OF RISK BASED NET WORTH (RBNW) REQUIREMENT

**No credit union is required to provide input on this page.** NCUA provides the Standard Components of Risk Based Net Worth (RBNW) Requirement worksheet to demonstrate the underlying source information of the RBNW requirement. NCUA provides this for your information only.

**Credit unions with Assets Greater than \$10,000,000:** As noted on page 18a, in addition to measuring a net worth ratio, credit unions with assets greater than \$10 million must also review their Risk Based Net Worth (RBNW) Calculation Requirement. Line 13 of the PCA Net Worth Calculation Worksheet provides the RBNW Requirement based upon the standard components.

**Manual Call Report Filers:** NCUA will compute the RBNW Requirement Calculation for manual Call Report filers with the information entered on previous pages of the Call Report.
