Tip #9: Know how to change your Federal tax withholding.

ALERT! Use our online calculator to calculate your monthly Federal tax withholding http://apps.opm.gov/tax_calc/withhold_calc/.

-OR-

You can email us at retire@opm.gov or call us at 1-888-767-6738.

If you email us, you must provide marital status, number of dependents or a whole dollar amount for Federal tax withholding.

If you recently retired, your agency may have already sent a W-4P with your marital status election and number of dependents elected when your retirement application was sent to OPM.

Please note it is your responsibility to make sure enough federal income tax is withheld from your annuity and to check the amount of tax withheld early in the year to be sure you are paying the correct amount.

Tip #10: Know how to change your State tax withholding.

ALERT! Not all states participate in the voluntary tax withholding program. OPM is not able to withhold state tax if your state **does not** participate in the State Tax Withholding Program. You must contact your State tax office for guidance.

[Does your state participate? Check here.](#)

ALERT! OPM cannot setup a state tax withholding for annuitants who are in interim pay. If you are in interim pay (your case has not been finalized), [contact your State tax office for guidance.](#)

If you do not know the monthly amount you want withheld, [contact your State tax office for guidance.](#)

If your State **DOES** participate in the State tax withholding program, you must specify the dollar amount of State tax you want withheld from your monthly payments. The withholding must be in whole dollars. The minimum amount we can withhold for State income tax is \$5.

You can start, stop, or change State tax withholding amount at any time on [Services Online](#)
