Overview

These instructions describe how to install or upgrade the ePSS Windows Mobile application.

The user may download the application installer (only supported for Windows XP or later) onto a desktop/laptop computer and launch the installer to install / upgrade the ePSS program on both the computer and the mobile device.

Another option allows a user to install or upgrade the ePSS program directly onto a mobile device using an available Internet connection (Wi-Fi / Data plan) without the need of a desktop/laptop computer.

Installation/Upgrade through Personal Computer (PC)

Installation Instructions

- 1. <u>Download</u> the new version of ePSS from epss.ahrq.gov web site and save the .exe file to your PC.
- 2. Connect your Windows Mobile device to your PC to activate ActiveSync.
- 3. Double click the downloaded .exe file on your PC to begin the installation process.
- 4. Click "Next >" to continue (Figure 1).

Figure 1: Welcome Screen

 Select "I accept the terms of the license agreement" on the License Agreement Screen (Figure 2) and click "Next >" to continue.

Figure 2: License Agreement

 Select the "Update Reminder Frequency" (Weekly, Monthly, Quarterly, Yearly, None). Click "Next >" to continue. (Figure 3)

7. Check the Installation Requirements. Click "Next >" to continue. (Figure 4)
