

Client's Treatment Companion

*Matrix Intensive Outpatient
Treatment for People With
Stimulant Use Disorders*

This book is your private place to record ideas and reminders that will strengthen your recovery and help you stay abstinent. Some pages have inspirational sayings. Others suggest things to write about or include in this book (like the place to paste in a picture on page 2). You do not need to follow these suggestions. You should make this book personal by including those things that are most meaningful to you.
